March 5, 2024

From: Steve & Karen Littleton

Alexander, AR 72002

Subject: Request for Water Usage Adjustment

To Whom it May Concern:

In January, we had a week of below freezing temperatures and after the temperature started warming up, we had 3 days of hard rain. Our back yard had standing water all over it. My wife and I detected (by hearing in our front bathroom) that it sounded like water running. I started looking for signs of leaking water throughout the house, my shop, and all around the outside of the house, shop, and pool house. I checked for two to 3 days, due to still hearing the sound we heard. When it finally quit raining the night of the 23<sup>rd</sup>, the next morning I went out to check outside again, since the rain had quit and the water standing in the yard had receded, I found where the main water supply had broken. This was a 3/4" pvc pipe that supplied water to my pool house. It broke right before the valve, which was inside a valve box about 18" below the surface. It had not given us any problem for the past 8 years when it was installed. I immediately shut the main cutoff down and called a plumber (bill attached).

Karen and I would appreciate any relief you can provide us on the bill of \$985.34

Thank you,

Steve Littleton

From: Steve & Karen Littleton  
2620 Leslie Drive  
Alexander, AR 72002

Subject: 2<sup>nd</sup> Request for Water Usage Adjustment

To Whom it May Concern:

On March 5, 2024, we submitted a request letter (letter attached) for a water bill adjustment due to a broken line. I was contacted by the Bryant Water Department that by their meter, we still had a small leak. With that information, I contacted my plumber to come back and recheck. He found a small dripping faucet and replaced the faucets. He also found a leak on the water heater, in which he replaced the water heater 3-19-24. After replacing the water heater, he then detected no other leaks. The plumber's invoices are attached for the work performed.

So now I am, again requesting for a relief on our bill of \$985.34. If you have any questions or may have any comments, please feel free to contact us.

Thank you,

To whom it may concern.

During the freezing weather in January of 2024. We were notified by the Bryant water Dept. that they had turned off the water meter to our building. The supply line to an outdoor faucet had frozen and burst. We removed the 1/2" copper line the feeds the faucet and capped it off at the main supply line.

## [waterbilling] Water leak

1 message

'James Kotarek' via Water Billing <waterbilling@cityofbryant.com>

Reply-To: James Kotarek <atuphonium@yahoo.com>

To: waterbilling@cityofbryant.com

To whom it concerns,  
My family and I live at:  
4701 Lexington Park Circle, Bryant AR 72022

We have just received our water utility statement from the 12/25-1/25 dates that is approximately \$345.61. During the winter storm we experienced freezing temperatures that resulted one of our pipes busting in our garage. This occurred as close to 1/17 as we can be sure.

I did a self repair to cut out the busted section of the pipe and place coupling in its place. We are asking for financial assistance for whatever the city of Bryant can provide to our family from this leak. Please let us know if any clarification is needed.

Respectfully,  
James Kotarek

#### Roto-Rooter Services Company Terms and Conditions

The following terms apply to all work performed by Roto-Rooter or its affiliates ("us") for the customer indicated on our invoice ("you").

1. **Your Responsibilities.** You agree to (a) remove any hazards, obstructions or dangerous conditions around the job site, not caused by our work, (b) limit access to the job site so that people not working on our job are not exposed to dangerous conditions relating to our job, (c) place appropriate warnings to warn of dangerous conditions when we are not on the job site, and (d) provide us with adequate access.
2. **Exceptions to Our Responsibilities.** We are not responsible for (a) personal injury, property damage or other damage or loss to you or others arising out of our work, except to the extent caused by our negligence or failure to perform the work in accordance with the contract between us; (b) defective, damaged, or deteriorated lines, mold, lead piping, or other unexpected or undisclosed conditions, and the consequences of such conditions, including delays, broken fixtures or lines, and lodged equipment (if we encounter such a condition, we may stop work and you will pay us a reasonable charge for the work performed); (c) the time required to complete our work with reasonable diligence; (d) unless explicitly stated in writing, any damages necessary to complete our work, including damages to landscaping, walls painting, tile or concrete or similar items; (e) damage caused by the removal of any clean out, drain cover or cap; or (f) tasks we perform in accordance with your specific instructions.
3. **Release and Hold Harmless.** You release us from (and if you are a commercial customer, you will defend and indemnify us and hold us harmless against) all damages, claims, demands, settlements, judgments, liabilities, costs and expenses, including reasonable attorneys' fees, allegedly arising out of (a) breach of your responsibilities under para graph 1, or (b) matters for which we disclaim responsibility under paragraph 2.
4. **Our Guarantee.** If we provide a parts or equipment guarantee, as your exclusive remedy, we will give you the benefit we receive, if any, under the manufacturer's warranty. If we provide a service guarantee, it covers only drainage failure in the line serviced, and defective plumbing workmanship, during the guarantee term. As your exclusive remedy under our service guarantee, we will at our option, either do the work again at no labor cost or refund your payment. Guarantees do not apply to problems arising out of main sewer line backup or improper, abnormal or unanticipated use or conditions. Except as explicitly stated in writing, we are not giving any guarantees or making warranties. **WE DISCLAIM ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.** You may transfer a guarantee of plumbing repair or replacement to a person who purchases the property, but you may not transfer a drain cleaning or toilet auger guarantee. Your transferee must present the warranty claim to Roto-Rooter at the time we perform our work. For problems or inquiries, you should contact our General Manager at the phone number listed on our invoice.
5. **Limitation of Damages.** Our liability to you for any claim arising out of our work on any job (other than a claim permitted by these terms for personal or bodily injury) Will in no event exceed three times the amount you actually pay us for the work on that job. **EXCEPT FOR A CLAIM PERMITTED BY THESE TERMS FOR PERSONAL OR BODILY INJURY OR PROPERTY DAMAGE, YOU WAIVE ANY RIGHT TO RECOVER INCIDENTAL DAMAGES, CONSEQUENTIAL DAMAGES OR DELAY DAMAGES.**
6. **Overdue Amounts.** If you fail to pay us any amount when due, we will charge you interest on the amount due at the rate of 1.5% per month (but not exceeding the highest rate legally permissible). In the event check is returned, you are responsible for all related bank fees. You will reimburse us for the reasonable attorneys' fees we incur in all stages of collection.
7. **General.** These terms are part of our contractual agreement and will prevail over any inconsistent terms in any other agreement between us, including the terms of any purchase order, and may be modified only in a written instrument signed by both of us which specifically refers to the provisions to be modified. If any of these terms is held invalid or unenforceable, the remaining provisions will not be affected and will continue to apply.
8. **Discrimination.** We will abide by the requirements of 41 CFR SS 60-1.4(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. ## **AGREEMENT**

This Agreement is entered into this \_\_\_ day of \_\_\_\_\_, 2024 between the City of Bryant, Arkansas (Bryant), and Saline County Waterworks and Sanitary Sewer Public Facilities Board (Woodland Hills).

### **WITNESSETH:**

**WHEREAS**, Bryant is a municipal water system created and existing under the laws of the State of Arkansas; and

**WHEREAS**, Woodland Hills is a Public Facilities Board under Act 142 of the Acts of Arkansas, 1975; and is interested in buying water from Bryant to serve the need of its customers, and

**WHEREAS**, Bryant is interested in selling water and Woodland Hills is interested in purchasing water under the terms and conditions of this Agreement;

**WHEREAS**, the Bryant City Council, by Ordinance No. 2004-19 adopted the 29<sup>th</sup> day of November, 2004 approved the sale of water by Bryant to Woodland Hills; and

**WHEREAS**, in accordance with Bryant's request Woodland Hills constructed about 1260 feet of 8-inch water line and appurtenances along Raymar Road, all to enable Bryant to better serve Woodland Hills and to minimize the effects on Bryant's water system by serving Woodland Hills; and

**WHEREAS**, Woodland Hills constructed a water meter station and flow control valve in accordance with Bryant's request; and

**WHEREAS**, for the purpose of this contract, the following definitions shall apply:

**Billing Cycle** — A defined period of consumption that is currently described as monthly. However, it is understood that the exact cycle may or may not start on the first/last day of the month.

**Meter Station** — A facility constructed by Woodland Hills at the Point of Delivery in accordance with the provisions of Paragraph 6 hereof.

**Point of Delivery** — A mutually designed site where Bryant will deliver and Woodland Hills shall receive water pursuant to this agreement as more specifically described in Paragraphs 5 and 6 hereof.

**Rates** — The cost of water service that Bryant pays Central Arkansas Water (CAW).

**NOW, THEREFORE,** for and in consideration of mutual covenants, agreements and conditions contained herein, the parties agree as follows:

1. The term of this Agreement shall be as follows:
  - a. The initial term of the Agreement was for (20) twenty years and commenced on the date of the original Agreement in 2005.
  - b. This Agreement shall be reviewed for renewal every year to discuss the status of the water delivery from Saline Regional.
  
2. Subject to all of the terms and conditions hereinafter set forth, Bryant agrees to sell and Woodland Hills agrees to purchase for distribution by the Woodland Hills water utility, a minimum of 10,000 gallons of potable water per day (Minimum Purchase) at the pressure and quality available from Bryant. It is specifically understood and agreed that the Minimum Purchase is a daily minimum and that Woodland Hills actually uses or takes delivery of the entire Minimum Purchase each day based on an average daily volume computed using total volume taken with a billing cycle and the total number of days within the billing cycle. Provided that if Bryant is unable to supply the Minimum Purchase each day at the Meter Station due to extenuating circumstances such as low supply, main supply line breaks, power failures, flood, fire, use of water to fight fires, earthquakes or other catastrophes, Woodland Hills will be exempt from paying the Minimum Purchase for each 24 hour period that Bryant is unable to deliver the Minimum Purchase. This list is not inclusive and Woodland Hills recognizes that there may be other extenuating circumstances. The maximum amount of water sold pursuant to this Agreement is 500,000 gallons per day (Maximum Purchase). The Maximum Purchase is an actual maximum amount of water that Woodland Hills is permitted to purchase from Bryant in any 24 hour period; it is not an average computed in a manner similar to the Minimum Purchase.
  
3. Woodland Hills agrees to pay for all of the water it acquires from Bryant in accordance with this Agreement at the same standard rate that Bryant pays CAW.
  
4. Within (5) five days after the last day of each billing cycle, Bryant shall submit an itemized statement to Woodland Hills for water delivered during the previous billing cycle. The statement shall be based upon flow meter readings conducted by Bryant; however, in the event of flow meter malfunction, Bryant may estimate the reading based upon a comparable preceding period. Woodland Hills shall remit payment for water to Bryant on or before the twentieth day of the billing cycle in which the statement is submitted. If Woodland Hills does not remit payment on or before the twentieth day of the billing cycle (Payment Date), a penalty equal to ten percent of the total payment amount due shall be added to such payment, 2 and if not paid on or before the thirtieth day of the billing cycle in which the statement is submitted, Bryant may discontinue delivery of water to Woodland Hills, and may continue to deny delivery to Woodland Hills until Woodland Hills pays the amount due. With each payment Woodland Hills shall also submit to Bryant a detailed listing of all the New Customer service taps during the previous billing cycle. This accounting will reflect the number of new taps and their

respective meter size, and any other information required by CAW to accurately compute the proper System Development Charge(s) to be assessed to Woodland Hills as a volumetric consumption surcharge in accordance with the applicable rate resolution in effect at that time.

5. The water sold pursuant to this Agreement shall be delivered to Woodland Hills at the meter station (Point of Delivery).

6. Woodland Hills shall connect to the Point of Delivery and obtain any easements required therefore. Woodland Hills shall construct a Meter Station at the Point of Delivery containing a flow meter and other necessary equipment required by and acceptable to Bryant. Woodland Hills covenants and agrees that its water system shall be designed and constructed to maintain adequate storage for all its customers needs including, but not limited to, peak customer demands, fire flows and interruption of supply. It is understood that the transmission main before the Meter Station and the Meter Station shall be owned and Maintained by Woodland Hills.

7. Woodland Hills agrees that it will take delivery of water from Bryant at the Point of Delivery at a rate not to exceed 300 gallons per minute. If for whatever reason Bryant restricts the supply of water to any customers for the benefit of the system, it is the intent of all parties receiving water from Bryant shall share in the burden of such restrictions, including time of day deliveries, conservation efforts or other similar conditions, unless such restrictions shall be rationally related to only a portion of Bryant's distribution system in which case only those customers of Bryant served by the restricted portion of the distribution system shall share in the burden of such restrictions.

8. In the event Bryant determines it is necessary or advisable by reason of emergency, or routine operation maintenance, repair or replacement of any part of Bryant's facilities, Bryant shall have the right and option to restrict delivery to Woodland Hills. It is the intent of this paragraph to insure that all customers and customer classes are treated equally.

The parties hereby agree to indemnify, release and forever discharge each party and waive any right of or claim for damages of any kind or nature whatsoever under this Agreement arising out of or resulting from force majeure, water quality, inadequate or excessive pressure or restriction, interruptions or stoppage of the flow of water for any reason whatsoever, including but not limited to, negligence. The term Force Majeure as used in the Agreement shall mean emergency conditions reasonably beyond the control of the parties including, without limitation, the following: strikes, lockouts or other industrial disturbances; acts of public enemies; order of any kind of the government of the United States, or any state or military authority, or any of their departments, agencies, or officials; acts of terrorism; fires; floods; pollution; earthquakes; tornadoes; storms; other actions of God; breach of contract by any vendor, contractor, subcontractor, laborer of materialman; unforeseen failure of, or damage to equipment or facilities; or any other similar cause or event not reasonably within the control of the parties.

9. The parties agree that Bryant does not guarantee to provide any certain water pressure and that the transfer of title to water delivered pursuant to This Agreement is subject to all the terms and conditions contained herein. Moreover, the providing of any certain water pressure during the term of this Agreement shall not be construed as a guarantee that any certain water pressure will

be provided at any future time during the term of this Agreement. However, it is Bryant's intent to mutually work with Woodland Hills, its staff and its consultants to fully describe the design flow conditions that are expected during the term of this Agreement and provide Woodland Hills one year's notice of any anticipated changes in design conditions. Bryant shall deliver to the best of its ability, water that meets the standards for water quality, as set by all standards for water quality, as set by appropriate governmental regulations. However, in supplying water to master metered customers, Bryant does not have control over the purchaser's distribution system. It is Woodland Hill's responsibility to maintain water quality past the meter.

10. An authorized official of Bryant shall at all reasonable times have access to the meter for the purpose of verifying its reading and/or taking telemetry signals on flows for its purposes.

11. Woodland Hills and Bryant will communicate regularly and hold joint planning meetings for the systems. These planning meetings will be held annually and more often as needed.
