Re: 611 Providence Drive
Bryant, Arkansas

Mr. Johnson,

Enclosed please find a Variance Application and several drawings for a proposed addition to the above referenced address. The requested variance is for an increase in lot coverage from 25% to 30.1%. No other variances are requested.

The lot is not as deep (121.0') as a typical lot, and is the basis for the requested variance. As an example, if this lot had a more typical depth of 140.0', the lot would contain 21,520 SF and the proposed lot coverage would only be 25.5%.

Let me know if you need any additional information at this time.

Cordially,
Smith Associates Architects, PA
