**ACTION PROPOSED** (Motion for Consideration)

Third reading; motion to approve.

**ORDINANCE NO. 2025-\_\_\_\_\_**

**AN ORDINANCE RESTRICTING RIGHT-OF-WAY CANVASSERS AND SOLICITORS TO CERTAIN BRYANT STREETS AND ROADWAYS, LOCATED WITHIN THE CITY OF BRYANT, BECAUSE CANVASSERS AND SOLICITORS POSE A DANGER TO THEMSELVES AND THE PUBLIC AT LARGE BY INTERVENING WITH THE SAFE AND NORMAL FLOW OF TRAFFIC; AND FOR OTHER PURPOSES**

**WHEREAS**, the City Council of Bryant, Arkansas, desires to adopt an ordinance restricting right-of-way canvassers and solicitors to certain streets and roadways located in the City because such canvassers and solicitors pose a danger to themselves and the public at large by interfering with the safe and normal flow of vehicle traffic; and

**WHEREAS**, right-of-way canvassers and solicitors approach motorists and passengers while the motor vehicle is engaged in travel on roads and are particularly susceptible to serious bodily injury or death due to the speed and number of motorists who operate vehicles on roads of the City; and

**WHEREAS**, roads are primarily designed for vehicular traffic and are not suited to safely accommodate right-of-way canvassers and solicitors; and

**WHEREAS**, the presence of right-of-way canvassers and solicitors interferes with the safe movement and normal flow of traffic; and

**WHEREAS**, there are ten (10) full-colored traffic lights within the City; and

**WHEREAS**, upon additional analysis, the City Council of the City of Bryant, Arkansas, has determined that canvassers and solicitors should be limited on additional street corners.

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF BRYANT, ARKANSAS**

**SECTION 1:** It is the finding of the City Council that other alternative and safer channels of communication exist other than right-of-way canvassing and solicitation for a person or people who seek to exercise their First Amendment freedoms, such as, but not limited to, mail solicitation for donations, or delivery of literature, distribution of literature or solicitation for donations at other locations (such as homes, places of worship, businesses, shopping areas, news and magazine racks, special events, and any other place not prohibited by law); the distribution or sale of newspapers or other literature through the use of home or business delivery, vending machines, and retail stores; and the sale of goods and services at retail stores, through the internet, and from vending machines.

**SECTION 2:** The City Council desires to protect and preserve the safety and quality of life of its residents and those who use the streets within the City, both pedestrians and motorists alike.

**SECTION 3:** The City Council has reviewed the proposed regulations provided by this section and finds that such regulations accomplish the intended purposes while utilizing the least restrictive means possible.

**SECTION 4:** It is the intention of the City Council that this subsection is applied equally to all right-of-way canvassers and solicitors, regardless of the right-of-way canvasser and solicitor's purpose and/or message.

**SECTION 5:** It is the intention of the City that nothing in this section shall prohibit a person from engaging in any other lawful activity or speech on the sidewalks in and around intersections, so long as that person or people are not right-of-way canvassers and/or solicitors and comply with all other state and local laws.

**SECTION 6:** The City finds that it is in the best interests of the residents of the city to adopt this subsection.

*Prohibited roadways included but not limited to the following.* It shall be unlawful for any person to act as a right-of-way canvasser and/or solicitor at or within two hundred (200) feet from the lateral curb or boundary line of any intersection located at the following roadways:

- Reynolds (Hwy 183) and Bryant Parkway
- Reynolds and Mills Park Road
- Reynolds and Sullivan
- Reynolds and Prickett
- Reynolds and Roy
- Reynolds and I-30 Ramp
- Reynolds and Commerce
- Reynolds and Stagecoach (Hwy 5)
- Stagecoach and Lowery/Main
- Stagecoach and Bryant Parkway
- Stagecoach and Springhill
- Bryant Parkway and Shobe
- Main Street and Bryant
- Commerce and Main Street
- Main Street and Broadway Ave

**SECTION 7:** Those violating these restrictions are guilty of disturbing the peace, and in accordance with Ark. Code§ 14-54-1408 may be cited and punishable by a fine up to \$100.

**SECTION 8:** Should any word, phrase, or section of this ordinance be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the force and validity of the remaining portion of sections of this ordinance.

**PASSED AND APPROVED THIS \_\_\_\_ DAY OF \_\_\_\_\_ 2025, BY THE CITY COUNCIL OF BRYANT, ARKANSAS.**

**Tying to Capital Dep Schedules CIP in 2024 Audit: 10% coverage**

\* Changed from 44800 to 45000 on 8/12/25

Note: As we move into 2026 the plan is to remove the monthly pages 5 and 6 and replace them with this page. In preparation for that I am moving Springhill Fire Dept here as well and moving the Lib/Donations/AR from 14-403-506 to page 7. Open for discussion.

\*\* 2024 Grants added after discussion with Rebecca Kidder on 8/25/25

**PAYOFF STATEMENT**

TO: City of Bryant, Arkansas .

The payoff amount for Lease Number 002-0070483-002 is \$ 207,179.42 and is good until 11/28/2025. The payoff amount must be received before 2:00 p.m. on the payoff date. If not received by this date and time the payoff will change. This payoff statement is conditioned on the following: (1) If any payment becomes delinquent or the lease goes into default before the payoff is received we reserve the right to add late fee charges and the cost and expenses of collection, including attorney's fees or to refuse the payoff. (2) If we make any additional advance on the subject lease for any reason, including advances made to pay taxes and insurance, the payoff amount will increase accordingly. (3) If the payoff amount reflects a credit which is erroneous and which is subsequently rejected, dishonored and for any reason not paid by the institution against which the credit is drawn, the payoff amount will increase accordingly. (4) The payoff amount is subject to final verification by us, including, but not limited to Lease Number, Schedule Number, date and amount.

The furnishing of this Payoff Statement does not constitute our consent, express or implied, to the sale, transfer, auction or other disposition of any equipment which is the subject of the above Lease Number and Schedule Number. Instead, such consent, if any, must be obtained from us separately and in writing.

Morning,

It was previously discussed to pay off the loan for the Vac-Con truck. The payoff will come out of savings. There are 2 payments of \$105,838.51 remaining on the loan. The payoff quote that I received is \$207,179.42, which will save the city \$4497.60 in interest. Is this still something that we are interested in doing? If so I need written permission to go ahead and remit the payoff to them. The payoff quote that I received is only good for 30 days, so I will need to do this as soon as possible. Please see the attached quote!

Thank you,

Crystal,  
We have double checked the budget and have the available savings in the days of operations (estimated at 148 days) and would like to proceed with paying it off and capturing the savings of the interest by combining the remaining payments to \$207,179.42. Do you need anymore confirmation than this?  
Let me know and thank you,  
Ted

Booster pump station needs a new turbidimeter controller as well as a replacement of current chlorine analyzer. Analyzer and turbidimeter are currently not working. Fence repair from bid winner was also included (\$4,000) and fixing the door which has not been quoted yet. We are working with multiple vendors on the next step for the chlorine analyzer/feed equipment as what we have now is not sustainable, but getting the reading up and going is an emergency. We will continue to do research on the best equipment moving forward, and we will likely bring a budget adjustment to use R&R funds in early 2026. Turbidimeter will be good to stay after replaced. Install is included.

## City of Bryant Local History

The City of Bryant began when European settlers established themselves along Hurricane Creek in the early nineteenth century, along the route of the Cairo and Fulton Railroad. Over the years, the city saw times of economic struggle, but as the demand for the area's bauxite grew during the WWII era, development and a steady slow growth began. Since then, the economic landscape of the city has seen many changes, as Bryant evolved from a typical railroad community, into one focused on family, education and quality of life for its residents.

Once a small industrial town, Bryant is now the fastest-growing city in Central Arkansas. With a public education system deemed one of the best in the state, as well as proximity to the state's capital of Little Rock, Bryant has more than doubled in population size over the past two decades. A stable and diversified business community, as well as a high demand real-estate market, now makes Bryant a much sought-after community for both entrepreneurs and families.

With the backbone of Bryant being its competitive spirit, organized youth and adult sports have thrived here. Quality of life for residents a focus of Bryant's growth plan over the years; therefore, the city and school have created joint partnerships to ensure the best use of citizen taxpayer money for investment back into the community. This has allowed both entities to offer a multitude of sports and educational opportunities to local residents. One such opportunity, the creation of Bishop Park in 2010, allowed many local sports organizations to develop and grow, thus creating a robust sports tourism trade for the city. Bryant now hosts numerous sporting events for all ages, including baseball, softball, swimming, soccer, football, disc golf, pickleball, tennis, basketball, and lacrosse.

In addition to sporting opportunities, community events are also important to residents, connecting newcomers to the city to the many traditions that have been a longstanding part of the community. The Bryant Fallfest Celebration, hosted by the local Chamber of Commerce, is entering its thirty-seventh year and is well-attended by locals and visitors alike. Also, the city has recently recreated the Fourth of July celebrations from years ago, and is now planning the fifth annual Pops in the Park event.

However, the largest event for this area is the annual "Salt Bowl" Competition. This competition, normally held in August or September, is the most attended high school football game in Arkansas. During this battle for the title of Salt Bowl Champion, Bryant takes on its neighbor to the west, Benton. With a normal attendance of over thirty thousand fans, this long-standing rivalry extends past the football field; in fact, the weeks leading to the game will include competitive food drives between the two cities, including the schools and residents. Local businesses, community sponsors, churches and other organizations also find a way to join in on the friendly community-wide rivalry.

Economic development and growth in Bryant have held strong through many market challenges. This is mostly due to the comprehensive business make-up of the city. The Bryant School District along with the city government itself are the city's largest employers. There were 674 business licenses re-issued with another 113 new licenses requested through 11/12/2025 (not all store front). Local industry is varied and the myriad of retail, healthcare, restaurants, financial services, and other entrepreneurial opportunities offers stability to the city's economic development. With Bryant's residential growth still climbing, there is still much opportunity for commercial growth in the city.

In 2021, Bryant saw the opening of the Arkansas Heart Hospital's Encore Medical Center. This four-story building is a general acute hospital care facility with a focus on bariatric surgery and peripheral vascular disease. It also features a full-service emergency department, restaurant and medical offices, bringing an additional two hundred jobs to the local healthcare industry.

Arkansas's local economies are commonly supported by sales tax, including the statewide sales tax of 6.5%. In Bryant, another 3% is collected and used by the city, making up approximately 75% of the general fund income. I hope you enjoyed this brief Local History on the City of Bryant. Please continue reading to see how we plan to use the resources granted to us by the citizens for the calendar year of 2026.

As I head into my third year in office, I've had several themes in mind for 2026. These themes will guide our decision-making and improve our efforts to serve the residents of the town I love.

Fiscally Responsible and Accountable

Sound financial management is the bedrock of a thriving city. We are committed to careful stewardship of taxpayer dollars, ensuring every investment delivers maximum value for our residents. This means prioritizing essential services, seeking innovative solutions, and maintaining strong financial health for the long term.

In 2026, we will continue to implement the insights gained from our long-range financial planning, making prudent decisions regarding reserves and debt. Our new Cash Reserve Policy, designed to set aside funds for large-scale projects and equipment replacement, will be a key tool in this effort. We will also continue to prioritize transparent reporting of our financial activities, making it easier for residents to understand how their tax dollars are being utilized. Our goal is to ensure Bryant remains a fiscally sound city, prepared for both present needs and future opportunities.

Community-Focused and Engaged

Bryant is more than just a place; it's a community built on strong relationships and shared aspirations. My team and I are dedicated to fostering an environment where every resident feels heard, valued, and empowered to contribute to our collective success. We believe in active listening and creating opportunities for meaningful engagement.

Crucial to this effort is our Bryant 2050: Building Today for a Better Tomorrow community engagement effort. As part of this effort, we will explore new ways to connect with diverse groups within our city, ensuring that all voices are represented in our decision-making process. Our "We AR Bryant" social media campaign will continue to highlight the incredible spirit and quality of life in our city, encouraging community pride and participation.

Innovative and Adaptable

The world is constantly evolving, and so must our city. To remain competitive and continue providing excellent services, we must embrace innovation and be adaptable to change. This means exploring new technologies, adopting best practices, and being open to new ideas that can improve efficiency and enhance the quality of life in Bryant.

In 2026, we will continue to leverage technology to streamline city operations and improve resident services. This includes working to increase access for our residents through the city website and interactions, making city information and services more accessible to everyone. We will also foster a culture of continuous improvement within city departments, encouraging our staff to identify and implement creative solutions to emerging challenges.

Respectful and Responsive

We are committed to creating a city where everyone feels respected, valued, and has the opportunity to thrive. This means fostering an inclusive environment, celebrating our differences, and ensuring that city services and opportunities are accessible to all residents, regardless of their background.

In 2026, we will continue our efforts to ensure that all residents have equitable access to city information and resources. We will also focus on fostering positive relationships within our community, promoting understanding and collaboration among all groups. Our goal is to build a Bryant where every individual feels a sense of belonging and has the chance to contribute to our shared future.

Mayor Chris Treat, 11/7/25

## City of Bryant Letter of Transmittal

Dear Citizens of Bryant,

The annual construction of a budget for the upcoming year is important to your community on many levels. First it creates a road map and a mission for how your city government will utilize the resources allotted to them through sales tax, franchise fees, utility rates, fines, as well as permits. This roadmap is then set into place to create, and ultimately fulfill, a long-term vision for the city.

Working with Chris Treat as Mayor over the past year has been excellent. He has lived in Bryant his whole life and worked for the city for the past eight years as Parks Director so he brings a different perspective to being Mayor. He has continued to place greater emphasis on not just the short term budget process but long term planning as well. The Finance team is excited to look at our old Focus Areas more now as a Strategic Plan. These four areas of emphasis are where we have traditionally focused our budgeting dollars year to year but with Treat's emphasis on the long term we are able to better articulate how these areas can be improved and strengthened year over year as well.

The Finance Team plans attended Fall fest again this year on Saturday Oct 4th. This year there was not a separate finance/budgeting survey to ask citizens to complete, instead the finance department is gathering data from the Streets Comprehensive plan survey and the City Wide Comprehensive Plan work with Crafton and Tull.

It is the desire of the council and city employees to continue a proactive stance toward our city's growth and avoid being reactive when possible. To do this takes very deliberate action, which begins with good policy and long-term planning. This planning is then implemented one year at a time. The city currently has long-term plans for some departments like water, wastewater, parks and stormwater but not for all departments. The city is continuing to work towards this goal of a long-term plan for each department and to update old plans. See plans for Water, WW? and Parks as Appendices to this budget year document.

As we work to achieve our vision, many goals are set. One of the most important of these is **public safety**. Keeping our citizens and visitors safe while in our community is imperative to the healthy growth of Bryant.

The administration of **public safety** for the city is implemented by way of several departments, including Police, Fire, Courts, Public Works and Animal Control. As you read this document, you will find that much of our allotted resources (funding) are consumed by our Public Safety Departments.

From the more obvious safety and community response actions that our police, fire and animal control perform to the behind the scenes work of the public works staff ensuring our local water quality is meeting all standards keeping our community healthy is a **main priority**. Another high safety priority is stormwater management. During 2025 a Funding Committee was formed with citizen input and 2 Council members to determine future funding sources for our public safety issues. The Committee recommends asking the voters to increase sales tax to fund the needed increases related to public safety. Crafton and Tull will also ask the citizens about this as they survey related to our City Wide Comprehensive Growth Plan.

It is no secret that as Bryant has grown, so have its traffic concerns. Traffic congestion is frustrating, bad for businesses, and diminishing to a good quality of life. We devote substantial resources to creating a **well-connected community**, again, part of our long-term planning process. Every year, we work to improve our pedestrian and cycling infrastructure, focusing first on connecting our parks, neighborhoods and schools. Many of these improvements are funded through grants that the city applies for in conjunction with city resources. In 2013, Bryant implemented a complete street policy. This policy ensures that as Bryant grows, new developments that will affect our city sidewalk and road infrastructure share in the cost of that impact. By implementing this policy, the city will have to spend less tax revenue on building infrastructure in these areas and can reallocate that money for other much-needed uses within the city.

# City of Bryant, AR 2026 Budget Book

During 2024 one of the Finance Coordinators applied for the Purchasing Manager position. During 2025 the Finance Department has built this position out and it has more than paid for itself within the first year. Additionally the other Finance coordinator has had expanded duties and will now serve as an Accounting Manager These are examples of **smart growth**. Smart Growth is one of our four focus areas as well.

Finally, the last significant focus area to be mentioned here is the **health and quality of life** for the citizens and visitors to Bryant. All departments contribute to this goal in one way or another, but the department whole sole focus of this goal is Bryant Parks and Recreation. As Bryant has grown, it has struggled to balance its growth with the desires of those living in our community. There is no doubt that the parks and recreation department has felt this struggle the most. Often, when budget time rolled around Parks was looked upon as a want versus a need. It has received cutbacks in areas that did not allow the employees of that department to deliver the level of services desired by citizens and visitors. This budget season for 2026 is no different in this respect. However it is different in that the former Director of Parks became the Mayor in March of 2024 and he has worked closely with the Parks Department to help them secure funding. One of the changes that should help Parks is the Implementation of a Reserve plan that will hopefully reward the Dept Directors for good planning of their future capital needs.

Personnel costs make up the largest percentage category for the general fund each year. Therefore, it makes sense that each year a lot of discussion during budget time is devoted to personnel items. Each year the Council reviews an outsourced study of payroll and its recommendations along with the budget. A section of this document typically explores this study's recommendations in detail along with a five-year comparison of personnel numbers. Council is aware of other increases to payroll in surrounding communities so endeavors to close the gap between surrounding areas payroll have been undertaken this year as well. In this document is an individual merit increase of up to a max of 3%. We are hoping this will help to bridge that difference in 2026. Additionally during October 2025 the Arkansas Municipal League informed the city that there would be an overall increase in the city's health insurance costs. Because the cost of living adjustment had already been removed from the budget administration cut other lines in an attempt to not pass along these increases to the employees. A list of items cut to balance has been given to council so that if directors can not operate without these items it will be noted they had originally requested them.

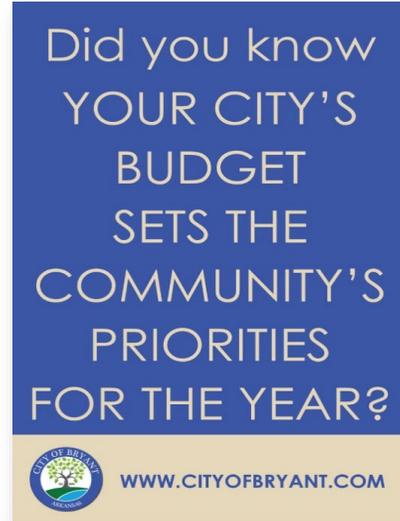

With growth comes opportunities, change, and challenges. Council, the Mayor and city employees look forward to 2026 and the continued service to you and this community. We are committed to ensuring at all times we are finding creative ways to make the most of the resources you have entrusted to us. We hope you find the following pages breaking down the budget process, department accomplishments, goals, performance measures and accompanying resources to your satisfaction, and that we are being the best stewards possible with the revenues we receive to operate the City of Bryant.

Sincerely, Joy Black

## Adding Transparency to the Budget Process

The Finance Department attended Fall fest along with several other city departments on October 4, 2025. The Finance Department spoke to several citizens about the budget and budget process. This year the Finance Department teamed up with the other departments on one joint survey. As of 11/12/25 the Finance Department has not yet received the feedback from this survey as it regards the budget. Once the feedback is received any data pertinent to the budget process will be added on these pages.

**Your city budget is not just an accounting document. It is a management and planning tool for your community.**

**Because the City is limited by the amount of resources available, the Budget helps your city staff and officials in determining what projects or objectives have the HIGHEST priority and will produce the greatest positive impact on our city.**

**City budgets are generally composed of an operating budget, showing expenditures, and a capital budget, which shows the financial plans for long-term capital improvements, facilities, and equipment.**

**In the City of Bryant, there are 3 Major Funds that are highlighted during the budget process.**

**General Fund** which is supported by local sales tax and revenues generated by city processes. This fund is responsible for many of the items Bryant residents consider a quality of life benefit.

**Street Fund:** This fund is set by Arkansas state law to account for money to be spent on roads. This money can NOT be used for any projects not pertaining to Streets.

**Water/Wastewater:** This fund is made up of several different revenue streams and is used to account for items related to Wastewater (sewer) activities for the residents of Bryant. These revenues are created by your utility bill charges and must pay not only for the daily upkeep of our water and wastewater system but also in the upgrades and repairs needed for aging infrastructure and needs placed on it by the rapid growth the city of Bryant.

## Process, Timeline and Basis for Budgeting

The City of Bryant’s audited financial statements follow the accrual method, while its budget is prepared using the modified accrual method. The primary difference between these methods, particularly for the City of Bryant, is the treatment of capital assets. In the budget, capital assets are recorded as expenses requiring Council approval and are categorized under the 58XX series of accounts. However, in the audited financial statements, these expenses—along with applicable debt principal and interest payments—are adjusted and reflected in the balance sheet. For these reasons this budget document is not prepared in the same manner as the Annual Comprehensive Financial Report. This budget document is used as a management tool for projecting and measuring revenues and expenses.

The City of Bryant typically begins constructing its budget for the upcoming year in August or September of the previous year. The Finance Director and Mayor meet with Department Heads to identify any significant anticipated changes from one year to the next. The Finance Director then opens a draft budget in the city’s financial software and requests that Department Heads input their budget proposals.

Once all department budgets are submitted, the Finance Director compiles the information into a draft booklet for review by the Mayor and Department Heads. After reviewing and making necessary adjustments, a final draft is presented to the City Council, usually at the last Council meeting of the year, for adoption.

The Council approves the budget by revenue and expense categories for major funds by department. Changes on this level are required to come back to Council as well.

However, within the same category and department, small adjustments can be made with the approval of the Finance Director and the Department Head. At times department heads bring changes within a category as well for transparency.

## Budget/City Strategic Focus Areas

Since 2014 the Four Areas shown below have been the identified and pursued Strategic Focus Areas of the City of Bryant. In this document we have tried to align the Letter of Transmittal along these focus areas as well as all departmental goals, accomplishments and performance measures. Certain departments meet more than one of these goals and are listed as such. This format provides a clear framework around which Department Heads and Departments as a whole can organize their time and resources.

# City of Bryant, AR 2026 Budget Book

The City of Bryant have put in place several policies to promote compliance and integrity in accordance to Arkansas Code annotated.

As a municipality, the City of Bryant has an established system of internal control that provides reasonable assurance that objectives have been achieved in 1) the effectiveness and efficiency of operations, 2) the reliability of financial reporting and 3) compliance with applicable laws and regulations. The City of Bryant also has established an effective anti-fraud program that: 1) creates a culture of honesty, 2) evaluates the risks of fraud and implements the processes, procedures and controls needed to mitigate those risks and 3) develops an appropriate oversight process. It is the policy of the City of Bryant, to the extent that is reasonable, to conduct its contracting affairs in an open, competitive manner.

## **ACCOUNTING, AUDITING, PURCHASING AND FINANCIAL REPORTING CITY POLICIES**

The City's accounting and financial reporting systems will be maintained in conformance with Generally Accepted Accounting Principles (GAAP) and the standards set by the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA).

An independent public accounting firm will perform an annual audit. The auditor's opinion will be included with the City's published Annual Financial Reports.

The City's Budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide for all organizational units and as a communications device for all significant budgetary issues, trends and resources.

Monthly Reports shall be prepared and presented to the Bryant City Council on a timely basis. A Purchasing Policy was adopted by Council along with the 2021 Budget Book by Resolution 2025 -04.

Balancing the budget - the state of Arkansas requires that a balanced budget be presented to Council by December 1st before the year of the budget proposed in State Statute 14-58-201.

Ordinance 2007-35 , ACA 14-58-303 and ACA 14-58-306, outlines that the Mayor may sell city assets not exceeding \$6000 in fair market value without competitive bidding. The sale of city assets over \$6000 in fair market value must be brought to council for disposal approval and recommendations.

Ordinance 2014-01 ACA 14-43-501 provides for organization of the City Council meetings and approval of the financial report from the previous month as a new business item at each monthly council meeting.

Ordinance 2021-26 ACA 19-1-505 outlines investments for municipal governments and creates an Investment Advisory Board to oversee and make recommendations regarding investments of monies regulated by the policy.

Ordinance 2022-18 ACA 14-59-105 establishes best practices for internal controls to make electronic fund disbursements of municipal funds.

## **DEBT MANAGEMENT CITY POLICIES**

The City will seek to maintain and, if possible, improve its current bond rating in order to minimize borrowing costs and preserve access to credit. The City will encourage and maintain good relations with financial bond rating agencies and will follow a policy of full and open disclosure.

Every future bond issue proposal will be accompanied by an analysis showing how the new issue combined with current debt impacts the City's debt capacity and conformance with City debt policies.

Financing shall not exceed the useful life of the asset being acquired.

The City will not use long-term debt to finance current operations.

The general policy of the City is to fund capital projects (infrastructure) with new, dedicated streams of revenue or voter approved debt. Nonvoter approved debt may be utilized when a dedicated revenue source other than general revenue can be identified to pay debt service expenses.

Interest earnings on bond proceeds will be limited to: 1) funding the improvements specified in the authorizing bond ordinance; or 2) payment of debt service on the bonds.

Utility rates will be set to ensure debt service coverage exceeds the bond indenture requirement of 110%.

The City shall comply with the Internal Revenue Code Section 148 - Arbitrage Regulation for all tax-exempt debt issued.

Proceeds from debt will be used in accordance with the purpose of the debt issue. Funds remaining after the project is completed will be used in accordance with the provisions stated in the bond ordinance that authorized the issuance of the debt.

## **CAPITAL MANAGEMENT CITY POLICIES**

A Capital Improvement Plan will be updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset costing more than \$5,000 and having a useful life (depreciable life) of two (2) years or more, per Resolution 2021-03.

Proposed capital projects will be reviewed by a cross-departmental team for accurate costing (design, capital, and operating), congruence with City objectives and prioritized by a set of deterministic criteria. Financing sources will be sought for the highest-ranking projects.

Capital improvement operating budget impacts will be coordinated with the development of the annual operating budget. Future operating, maintenance, and replacements costs will be considered.

DRAFT

# City of Bryant, AR 2026 Budget Book

In 2024 Mayor Chris Treat began work on several new plans, see a DRAFT of the proposed Annexation Plan on 2/14/25 below.

## A Proactive Approach to Annexation Benefiting the City of Bryant

The City of Bryant has long been, and will continue to be, a desirable place to live. However, as developable land within city limits becomes increasingly scarce, new development has been pushed beyond these boundaries. This expansion has led to the creation of several neighborhoods within the Bryant School District but outside the city limits. Over the years, this has resulted in a situation where the City provides essential services to these areas without receiving the corresponding sales tax or property tax revenue needed to fund those services. It's clear that the City is currently missing out on revenue that would significantly offset the costs of the services we are already providing to these neighborhoods.

To address this issue, we intend to implement a proactive annexation plan designed to gradually reverse this trend. Our goal is to annex both existing and future developments that impact city costs, ensuring that the City recoups the expenses associated with these developments.

Our plan will focus on three key areas:

1. **Established Neighborhoods**: acknowledging areas that are already developed and receiving city services but not paying property or sales tax to the City of Bryant.
2. **Neighborhoods in Early Development Stages**: Identifying and annexing neighborhoods that are still in the initial phases of development. Allowing the city to benefit from the substantial sales tax on construction material and provide more quality control requiring these developments to pass city inspection.
3. **Undeveloped Land Likely to be Developed Soon**: Proactively annexing land that is expected to be developed in the near future. Allowing for better comprehensive and streamlined planning for smart growth.

This strategic approach will help ensure that the City of Bryant can continue to thrive while maintaining the quality of services our residents expect and deserve.

The City of Bryant is committed to communicating with the residents about this annexation plan every step of the way.

(1) Currently there exists over 1200 homes that lie within the Northern Extraterritorial Jurisdiction but outside the City Limits with another 4000 future homes possible. Extraterritorial jurisdiction (ETJ) refers to a designated area one mile outside of a city's incorporated boundaries where the city has limited regulatory authority. It's a buffer zone that allows a city to extend its influence beyond its corporate limits for future growth and development. Anticipated property tax for 1200 homes is estimated to be \$160 per home for a total annual revenue of \$192,000. 5000 homes would be \$800,000. American households spend on average approximately \$9500 annual on online purchases. At a 3% sales tax rate, 1200 homes would generate \$342,000 sales tax annually, whereas 5000 homes would generate \$1,425,000 annually. New construction sales tax on materials for homes is estimated at \$5,500 per home.

(2) Public safety operates a mutual and automatic aid agreement with the County in the ETJ. Parks are also used heavily by county residents closest to the city limits. The city department that does not currently service these areas in any way is the Street Department - taking on these additional streets will provide issues for the street fund.

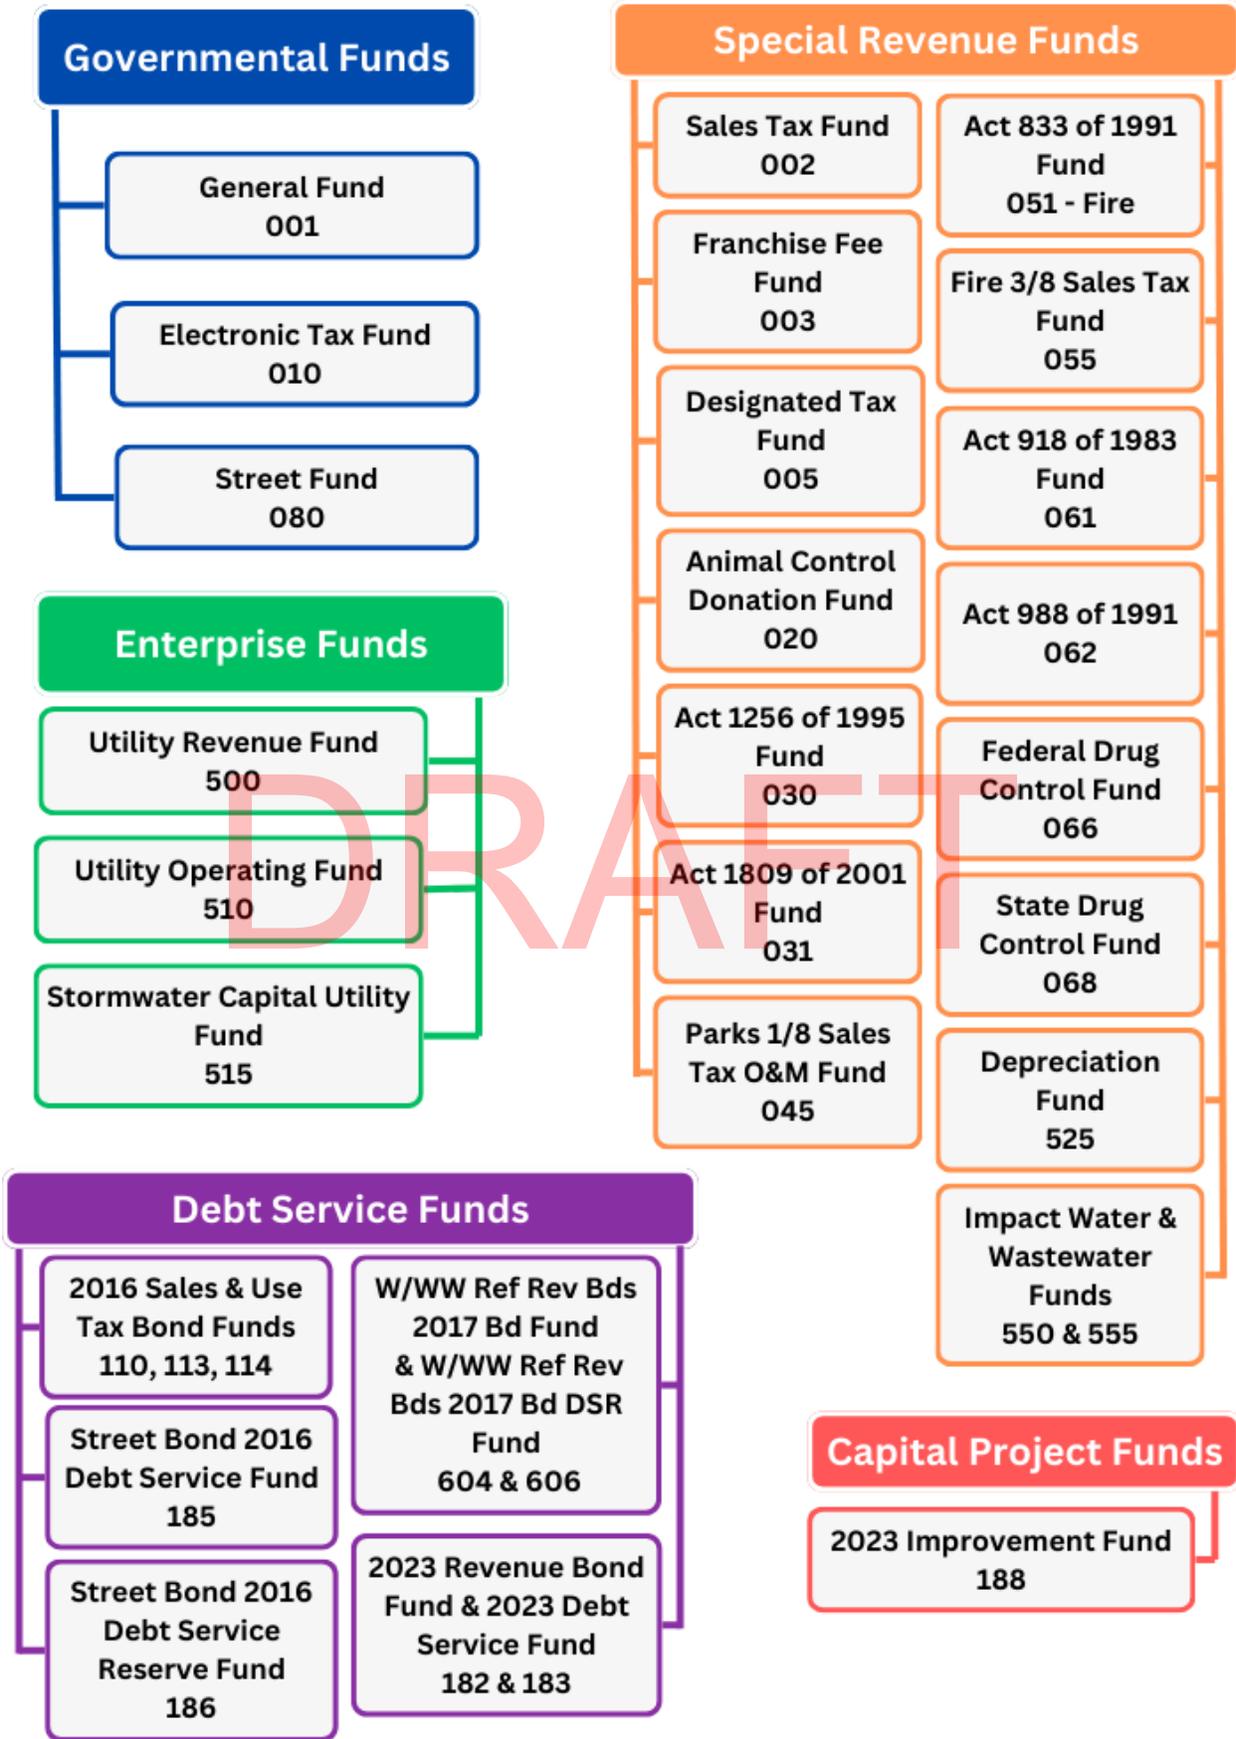

A sample of how these items might affect a four person family living in a \$200,000 house is shown below:

3% increase to on line sales	\$285
Reduction to Sewer bill	(\$360)
Millage increase	\$160
Reduction in Home Insurance	-100 (on avg. homeowners save \$200-\$300 with Class 1 ISO rating vs. a class 2 )

**Total** **(\$15)**

## FUND STRUCTURE ORGANIZATION CHART

# City of Bryant, AR 2026 Budget Book

## Governmental Funds

General Fund (001) is the city's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.

Electronic Tax Fund (010) is used to house payroll associated liabilities and sales taxes as they come in from the state. Any fund leftover in this fund over a period belong to another entity such as the state, county, employees, etc. This fund merely serves as a clearing fund.

Street Fund (080) is a special revenue fund to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street fund is financed by state turnback funds, and a portion of a state-wide 1/2 cent sales tax approved by the voters in July 2013.

## Enterprise Funds

Utility Revenue Fund (500) is used to account for activities associated with collecting the revenues of water, wastewater, and stormwater via the monthly bill collections and the treatment and distribution of drinkable water to customers in department 0900.

Utility Operating Fund (510) is used to account for activities associated with collecting, treating, and disposing sewage from customers in department 0950.

Stormwater Utility Fund (515) is used to account for activities associated with completing major capital stormwater projects.

## Debt Service Funds

2016 Sales & Use Tax Bond Funds (110, 113, 114) These bonds were obtained to fund two Fire Stations, several Parks Projects and the Street connection from I30 to the Airport.

Street Bond 2016 Debt Service Fund (185) These bond funds were refunded in 2016 and the proceeds used to fund the on off ramp connecting I30 to the Street discussed above connecting I30 to the Airport and providing traffic relief along Reynolds Road.

Street Bond 2016 Debt Service Reserve Fund (186) is the Debt Bond Requirement for the 2016 Franchise Fee Funded Bonds.

W/WW Ref Rev Bds 2017 Bond Fund and W/WW Ref Rev Bond Debt Service Revenue Fund (604 & 606) hold money associated with the 2017 Water/Wastewater Revenue Bonds - These bonds have been refunded and used several times to fund various Water and Wastewater infrastructure needs.

## Special Revenue Funds

**Sales Tax Fund (002)** is where the initial deposits of sales tax collections from the state before being distributed to other funds. For audit purposes it is shown with the General Fund (001).

**Franchise Fees (003)** is where the initial deposit of franchise fees collected from utility companies before being distributed to other funds. For audit purposes, it is shown with the General Fund (001).

**Designated Tax Fund (005)** Bryant Ordinance no. 1996-08 (March 25, 1996) provided for the levy of a one cent sales and use tax for the purpose of street improvements (30%), fire department (25%), police department (25%), city parks (10%), and animal control (10%)

**Animal Control Donation (020)** Bryant City Code 6.12.01 (2013) via Ordinance 2011-24 established fund to receive donations for the animal control department to be used for any purpose reasonably related to the care, custody, and control of animals secured by the department including training, education, and assistance.

**Act 1256 of 1995 (030) Administration of Justice Fund - ACA 16-10-308** established that cities would receive a share of the uniform court costs and filing fees levied by the state law. These may be used to defray a part of the expenses of the administration of justice in the City. These funds are kept and spent from this fund.

**Act 1809 of 2001 (031) District Court Automation Fund ACA 16-13-704** established that 1/2 of \$5 per month on each person in the court could only be used for court-related technology. These funds are kept and spent from this fund.

**Park 1/8 Sales Tax O & M (045)** Bryant City Code 12.32.01 (2013) levied a .125% sales and use tax to be used to acquire, construct, improve, expand, equip, furnish, operate and maintain new or existing park and recreational facilities, including parking, landscaping, signage, lighting, concession, road and utility improvements, and to pay and secure the repayment of park and recreational bonds.

**Act 833 of 1991 (051) Fire Equipment and Training fund** is used to account for specific revenues per ACA 14-284-403, 404 which requires insurance premium tax funds to be distributed by the County to municipal fire departments for training, purchase and improvement of fire fighting equipment, initial capital construction or improvements of fire departments, insurance for buildings and utilities costs.

**Fire 3/8 Sales Tax (055)** Bryant City Code 2.36.07 (2013) levied a .375% sales and use tax to be used to operate and maintain; acquire apparatus and equipment, acquire, construct, improve, and expand facilities; to pay and secure repayment of fire department bonds

**Act 918 of 1983 (061) ACA 12-41-701** established the ability of cities to receive a portion of fines and penalties from the Courts to be used for law enforcement purposes. These funds are kept and spent from this fund.

**Act 988 of 1991 (062) ACA 27-22-103** established the ability of cities to receive the fine for citizens who fail to insure their motor vehicles and use those fines for the purchase and maintenance of rescue, emergency medical, and law enforcement vehicles, communication equipment, animals owned or used by law enforcement agencies, life saving medical apparatus, and law enforcement apparatus. These funds are kept and spent from this fund.

**Federal Drug Control (066) and State Drug Control (068)** established that asset forfeitures resulting from drug offense cases should go to the arresting agency. These revenues shall only be used for law enforcement purposes.

**Depreciation WW (525)** holds money set aside each month by the Customer Service Management Group per the Bond Debt Covenants.

**Impact Water and Wastewater Funds (550 & 555)** holds money collected by Code Enforcement as well approximately \$600 collected for Water and \$500 for Wastewater.

Plans for Fund Balances for the three major funds (General, Street, and Water/Wastewater) are shown above and on the Focus Area page 15. The City completed several projects in 2025. However, a few projects for both Street and Water/Wastewater were carried over via Purchase Order Encumbrances so separately adopted by Council and not in this budget. Any planned dipping into Fund Balances is the result of Capital Plans. Street adopted capital plans for \$xxx,xxx in this budget and Water/Wastewater adopted plans for \$240,000/ (plus \$xxxx of depreciation expense as well). Note further that some one time capital projects will be requested out of General Fund savings in January of 2026 after this initial budget was adopted. Council wisely waited to see how the year ended before approving these projects. Council and the Administration has followed this process for the past several years.

## City Wide Revenue Overview

GFOA recommends long-range operating financial plans to help cities identify trends and potential impacts. The following General Fund Forecast and City Wide Revenue Review pages attempt to address this recommendation. The next page is a forecast of the General Fund through 2030 based off a look back to 2022. The city took the historical averages of increases over the last three years and used these to forecast out the next five years. The outcome is what was expected - i.e. the city 's expenses are outpacing its revenues. For the past several years the Finance Department has been advising the Mayor and Council that revenue sources need to be diversified and increased. With the new Mayor entering office in March of 2024 he began to work on this issue and has encouraged the Finance department to include the next page after the forecast. This page is a review of the revenues sources and amounts over the past decade and a list of the possible other areas/ ways to increase revenues over the next three to five years.

Note further on 2/13/25 that Council voted to ask the citizens in a general election about paying off the 2016 debt and extending the sales and use tax to fund an entertainment venue. This in theory would increase economic development and increase associated revenues such as sales tax, property tax and franchise fees, etc.

### City of Bryant Revenue Sources & Financial Considerations

#### Sales Tax

Like many cities in Arkansas, Bryant relies heavily on sales tax revenue to fund its general and street operations. Property values and corresponding millage rates in the state are significantly lower than the national average, which presents financial challenges.

One major issue with this dependence on sales tax is its unpredictability. Sales tax revenue fluctuates with both local and national economic conditions, making it difficult to forecast on an annual basis. While the current city administration has no plans to increase the overall sales tax rate, it is considering reallocating the existing tax revenue. Currently, 1% of sales tax revenue is undesignated, while 3/8 of another 1% is allocated to the Fire Department—without a similar designation for the Police Department. The administration is exploring the possibility of putting a proposal to the voters to modify these allocations, reducing the undesignated portion and increasing the funding specifically for the Police Department to better align with community priorities.

For more details, see the **Focus Areas** on page 15 of this document.

#### Fees

The second-largest revenue source for the general fund comes from various city fees. Each year, the city includes an appendix listing these fees to assist department heads in their annual review. This year's fee schedule can be found on pages 93-95.

Bryant continuously reviews fee structures in surrounding cities to ensure its rates remain competitive while covering associated costs where possible.

#### Millage Rate

By summer 2025, city management hopes to present a proposal to the City Council for adding a **dedicated mill** for Fire and Police pensions. Combined with the proposed adjustments to sales tax allocations, this would create a more sustainable funding structure for public safety—an area that citizens have identified as a top priority.

Arkansas law allows cities to allocate **1 mill** for Fire and Police Pensions without requiring a public vote. This could generate approximately **\$415,000** in revenue, which, while not covering the full **\$1.2 million** in pension costs, would help offset expenses and free up funds for much-needed facility maintenance.

#### State Turnback Funds

The city receives **monthly state turnback funds**, with allocations based on population counts. One way to increase this revenue stream is through annexation, as higher population numbers translate into greater state funding.

#### Stormwater Rates

One of the most pressing revenue challenges involves funding stormwater repairs and maintenance. As an **Enterprise Fund** item, stormwater revenue is not included in the general fund.

As of **September 20, 2024**, the city is nearing completion of a **Stormwater Feasibility Study**. The study is expected to show that the city's current flat stormwater rates—**\$3.00 for residential properties** and **\$6.00 for commercial properties**—are insufficient to meet the city's stormwater infrastructure needs.

Many cities across the U.S. base stormwater fees on **permeable surface area**, ensuring a more equitable distribution of costs. If Bryant adopts a similar model, it would provide a long-term funding solution for stormwater maintenance, education, and improvements. Historically, these projects have been funded through a mix of fees, grants, and **ARPA funds**, but a sustainable revenue stream is needed moving forward.

#### Annexation

Shortly after taking office, **Mayor Treat** initiated discussions with committee and council members regarding an **official City Annexation Policy**. Since Bryant is bordered by **Benton (west)** and **Alexander (east)**, most future annexation opportunities lie to the **north**—with limited expansion potential to the south due to the proximity of **Bauxite**.

The city is considering strategic annexation efforts as outlined in the **Economic Forecast** on page 32. While annexation often results in short-term financial losses, long-term revenue growth occurs in two key areas:

**Initial Development Phase** – Revenue from building supplies and new neighborhood construction

**Population Growth** – Higher census counts increase **State Turnback** allocations

The goal is to expand the city's borders to **align more closely with the Bryant School District boundaries**. Many families in these areas already feel connected to Bryant and utilize city services, including **fire and police protection, parks, senior centers, and youth programs**. However, without annexation, the city does not receive the necessary revenue to support these services.

For more details, see the **Annexation Policy Draft** on page 24.

#### Advertising & Promotion (A&P) Tax

Bryant previously had an **A&P tax** in **2018-2019**, but it was discontinued—a decision that the administration and finance department believe reduced revenue diversification.

During its implementation, the A&P tax helped maintain city parks and fund community activities for **two years**. Surrounding cities continue to collect A&P taxes, which, under Arkansas law, can only be used to fund **parks and city advertising**. The tax is typically applied at **up to 4% on prepared food and hotel stays**.

The administration plans to **reintroduce the A&P tax proposal** for a public vote during the **May 2027 Special Election**. The goal is to educate residents on how these funds can enhance city services—while much of the tax revenue would come from visitors traveling along the **Highway 130 corridor**.

#### Impact Fees

The city is conducting a **comprehensive review of impact fees in 2025**.

Impact fees are assessed on **new developments** to help fund increased services resulting from growth. These fees could potentially provide funding for **Fire, Police, Animal Control**, and other essential services. A study was initiated in **2024**, with findings expected to be shared with the **City Council and residents in 2025**.

#### Grants & Other Funding Sources

(See pages 53-55 for detailed grant information.)

In recent years, Bryant has been fortunate to secure **\$7 million in Metroplan grants** for completing the **Parkway** and **\$4.3 million in ARPA funds** for **water, wastewater, and stormwater projects**. However, as these grant-funded projects wrap up, it will be increasingly important for the city to diversify and expand its revenue streams to meet the growing expectations of residents.

## Grants Received in 2025

Metroplan Transportation Alternatives Program (TAP)  
Blue & You Foundation Mini Grant  
Metroplan Climate Pollution Reduction Grant (CPRG)  
AR Association of Chiefs of Police Bulletproof Vest Reimbursement  
Assistance to Firefighters Grant (AFG)  
Metroplan Surface Transportation Block Grant (STBG)  
Law Enforcement Mental Health & Wellness Act (LEMHWA)

**Total Received \$2,820,476.36**

## ALCOA TO MILLS PARK TRAIL & RENOVATION

**Awarded: \$320,000**

**Match: \$80,000**

The Alcoa to Mills Park Trail project will create a 12 foot wide multi-use path linking Mills Park to Alco Park, which connects directly to the Bryant Parkway Trail. Running from the south side of Alcoa Park on Shobe Road to Mills Park Road, this connection enhances recreational and transportation options. To support this connection, the heavily used Mills Park Trail will also be resurfaced to improve safety, accessibility, and long-term usability. The Metroplan TAP grant was awarded to cover construction cost overruns associated with the project and to assist with the Mills Park Trail overlay.

## CITY OF BRYANT LIFE-SAVING AED PROJECT

**Awarded: \$2,090**

Grant funds from the Blue & You Foundation Mini Grant supported the purchase of the City's first Automated External Defibrillator (AED) at Bryant City Hall. The AED was installed in the Court Room, a central and highly utilized space. This project filled a critical safety gap, ensuring City Hall is prepared to respond to emergencies.

## BRYANT PARKWAY TRAIL CONSTRUCTION

**Awarded: \$1,760,000**

**Match: \$440,000**

The Bryant Parkway Trail will link two existing sections of the Bryant Parkway multi-use trail, beginning near Raymar Road, crossing the I-30 corridor via the overpass, and extending to Highway 5. This project will provide a safe, dedicated route for pedestrians and cyclists, improving access between the North and South sides of Bryant. The Metroplan CPRG was funded to support the project's construction phase.

## BULLETPROOF VEST REIMBURSEMENT

**Awarded: \$1,000**

Through the Arkansas Association of Chiefs of Police Bulletproof Vest Reimbursement Program, the City was awarded \$1,000. The program provides \$250 per vest for up to four vests each year, helping to reduce the costs for essential protective gear used by Bryant police officers.

## FIRE DEPARTMENT SCBA UNITS

**Awarded: \$363,636.36**

**Match: \$36,363.64**

The Bryant Fire Department received funding from the Assistance to Firefighters Grant (AFG) to purchase 40 self-contained breathing apparatus (SCBA) units. Each unit includes two air cylinders, an air pack, and a face mask, enhancing firefighter safety in toxic, high-heat, and other hazardous environments.

## HILLDALE-MIDLAND CONNECTOR TRAIL

**Awarded: \$180,000**

**Match: \$45,000**

The Hilldale-Midland Connector Trail is a proposed 1.05 mile, 12 foot wide multi-use trail connecting Hilldale Road to Midland Park. This trail will provide a vital link between community destinations, including the Oak Glenn and Kings Crossing subdivisions, Parkway Elementary School, and Midland Park. The Metroplan STBG was awarded to cover the design phase cost overrun and right-of-way acquisition costs.

## BRYANT POLICE DEPT. MENTAL HEALTH, WELLNESS, & FAMILY SUPPORT INITIATIVE

**Awarded: \$193,750.00**

The Bryant Police Department received funding from the Law Enforcement Mental Health and Wellness Act (LEMHWA) grant to hire a full-time, in-house mental health counselor for a two-year period. The counselor will provide confidential support to Bryant Police Department personnel and their families, helping to reduce stigma, prevent suicide, and promote a culture of wellness and resilience.

## Potential Grants

### ALCOA 40 PARK FIELD LIGHTS

Applied for new field lights for the lacrosse field and two softball fields at Alcoa 40 Park.

**Applied For: \$420,000**

**Match: \$105,000**

### BISHOP PARK LIGHTS

Applied to install 32 light fixtures throughout Bishop Park to enhance visibility, safety, and evening use of the park.

**Applied For: \$238,064**

**Match: \$59,516**

### POLICE DEPT. HIRING PROGRAM

Applied to add four new officer positions with federal support covering part of their salary and benefits over a three-year period.

**Applied For: \$500,000**

**Match: \$440,367**

## City of Bryant, AR 2026 Budget Book

The use of Long Term Debt or Bonds is an essential item to many municipalities to allow them to fund larger more costly projects. Similar to individual financing a car, bonding allows city's to spread the expense of an item over the life of the item. In many cases city's assets like roads and water plants have thirty plus year life spans.

Amendment 62 to the Arkansas constitution limits City General Obligation Debt (GO) to a limit of less than 20% of that area's assessed property values. The City of Bryant has no long term (more than 5 years) GO Debt. Its debt on the following pages is tied to specific revenue sources such as sales tax, franchise fees or water and sewer rates.

The Enterprise Debt Issuances are Revenue Bond Debt. Prior to issuing enterprise fund bonds, an analysis of current revenues and expenses is conducted to determine the revenues required to support a bond issue.

Amendment 78 of the Arkansas constitution governs short term (less than 5 years) government borrowing and limits it to 5% of the assessed value of the property located within the City.

The limites for both Amendments 62 and 78 are reviewed each year in the Annual Audit in the Statistical section, debt capacity.

The City of Bryant uses the Job Evaluation and Salary Administration Program known as JESAP to evaluate its overall Personnel costs. This system is provided by an independent vendor named JER HR Group. During 2024 the individual the city and AML had worked with for more than ten years retired and sold the company to a national company called Trainery. The system had previously compared the City of Bryant with 12 of these data sources. For the last seven years with the budget process the most currently available JESAP study has been reviewed and accepted by Council as well. This year for the 2026 Budget Book we will be using an annual market study conducted by Compbuilder received 8/13/25 and listed as Exhibit 15. This Exhibit shows the City of Bryant at 8.78% below the Midpoint in salaries. Out of 218 positions listed it showed 17 under the minimum, 72 in the 1st Quartile, 99 in the 2nd Quartile, 27 in the 3rd Quartile, 3 in the 4th Quartile and zero over the max. In an attempt to remain competitive this budget includes up to a 3% possible merit based on evaluations. The hope is that this will allow the city of Bryant to remain competitive while we explore long term solutions to our market study needs.

(B) Includes Fall Fest, Business License Letters, Hwy Billboard, and coloring book giveaways to 600 kids

(C.) Unavailable currently due to mid software conversion.

(D) The reduction in Unaccounted for Water in 2022 was due to efficiencies created with the water crew and distribution system of locating leaks in the main lines and repairing quickly.

(E) Began collecting data for this metric in 2022, Instagram added in 2024

(F) Due to a software conversion, permits were most likely misclassified in the system at the beginning of the year.

(G) The City Engineer left in the 3rd Quarter and Joe Henry from the Engineering Department supplied that last quarter of data.

(H) Measurement changed from linear feet to tons in 2023 due to shifting costs of asphalt

## Governmental Funds

The City has two major Governmental Funds - the General Fund and the Street Fund. The General Fund includes the Sales Tax Fund 002, the Franchise Fee Tax Fund 003, and the Electronic Tax Fund 010 when it is shown in the audited financial statements. However, so that the individual budgeted lines can be viewed by Council those funds are broken out in this budget book and shown under the Non Major Governmental Funds section. General Fund includes Administration Department, Office of Technology (IT), Community Development, Animal Control, Courts, Parks and Recreation Department, Fire Department, and the Police Department. Administration includes the Mayor, City Clerk, Office of Technology, Human Resources, and Finance whose department code is 0100 and the IT with department code 0110. Community Development's department code is 0120. Animal Control is department 0200. The Court system is shown in department 0300. However, note that the Judge is elected and half of the Courts costs are borne by the city and half by the county.

Parks and Recreation is shown by park in the following departments 0400 for Parks General, 0410 for Mills Park, 0420 for Midland Park, 0430 for Bishop Park and Center, 0440 for Alcoa Park and 0450 for Ashley Park. The city has a few more small parks but the expenses associated with these are shown under Parks General 0400. The Fire Department is in the General fund under 0500 and the reciprocal agreement the City has with Springhill Fire District is shown under department 0510. The Police Department is shown under Departments 0600 for General Patrol and Administration of PD, 0610 for the department that shows the costs and revenues associated with non-uniformed civilian employees, 0620 for the department that shows the costs and revenues associated with the School Resource Officer Program that is has its costs split between the City of Bryant and the Bryant School District, and the K9 unit costs are shown under department 0630. The General Fund accounts for all the City's financial resources of the general government except those required to be accounted for in another fund.

The Street Fund is 080 and is a special revenue fund used to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street Fund is financed by state turnback funds and a portion of a state wide 1/2 cent sales tax and 30% of the 1% Designated Tax.

While Street is a Governmental Fund it is managed under the Public Works Director with all the Enterprise Funds.

Other Governmental Funds are shown together and listed in this document as Non Major. These Non Major Funds include some Special Revenue, Debt and a Construction Fund.

## Budget Book

# Elected City Clerk at City Hall - 210 SW 3rd St.

Elected City Clerk, Mark Smith

Terms 2023 to 2026

The City Clerk is an elected official, who like the Mayor and Council, works for the citizens.

Mission Statement: To ensure the City's legislative processes are open and transparent by providing a bridge between citizens and government through the dissemination of information, and to ensure the preservation, access and integrity of records required to be stored for legal and business purposes.

The Clerk's office provides staff support for the City Council, preparing and maintaining the Council meeting minutes and maintaining public access of the Ordinance Manuals. The City Clerk is responsible for recording and publicizing the proceedings of the meetings, preparing the council approved ordinances and resolutions which are numbered, signed by the mayor and attested by the clerk and sealed. The Clerk is the legal custodian of the city's official records and city seal.

It is also the duty of the City Clerk to receive, file, and retain the Code of Ethics and Financial Disclosure Statements from appointed municipal commissioners and elected officials, including the mayor, aldermen, clerk, treasurer, city attorney, and municipal judge and to work in cooperation with the Saline County Election Commission to prepare for City Elections. The term of office for the City Clerk is four years.

# Elected City Attorney at City Hall - 210 SW 3rd St.

Ashley Clancy

Mission Statement: It is the mission of the City Attorney's Office to provide sound legal advice to the Mayor, City Council, City Departments, Commissions and Committees. It is also our mission to initiate and defend legal actions on behalf of the City, which may include City employment and personnel matters, condemnations, property issues, zoning issues, contract and lease disputes, and other causes of action in both State and Federal Courts.

Additionally, it is the mission of this office to prosecute in the criminal division of Bryant District Court misdemeanor offenses, traffic law and ordinance violations which occur within the city Limits in a thorough, efficacious, and equitable manner and to assist the authorized and assigned departments in the enforcement of laws and the protection of the health, safety, and welfare of the citizens of the City of Bryant.

### Goals

1. To promote integrity in all facets of work and professional conduct.
2. To serve our community with competent professional legal representation.
3. To treat all persons with a professional, respectful and compassionate manner.
4. To be accountable for ensuring the policies of the office and the needs of the community are served.
5. To be open and forthright in our communications with all parties involved in any city legal related issues.

### Legal Advice to the Public

The City Attorney is the attorney for the City of Bryant as represented by the elected Mayor and Council Members. Because of that relationship, the office cannot represent or provide legal advice to the public, individual citizens or private organizations.

Mission Statement: Plans, guides, and manages growth and development to maintain a safe, sustainable, and well designed city for current and future residents.

Interim Director effective 10/7/25  
Colton Leonard

2025 Accomplishments:

1. Actively Engaging in an Updated City-wide Comprehensive Growth Plan with Land Use determination.
2. Successfully acquired over \$2.26 Million in grants for four separate departments (Parks, Fire, PD, Street).
3. Reviewed and oversaw submittals of subdivisions that represent future growth of potential 500 homes.
4. Participated in commissioning the final section of Bryant Parkway, opening a corridor of commercial and residential growth.
5. Provided vital support for multiple departments in achieving their goals.

2026 Goals:

1. Complete the Comprehensive Growth Plan with Land Use determination.
2. Analyze current growth related legislation to determine best fit for Bryant.
3. Work with surrounding government agencies to develop plans for adjacent unincorporated developable areas.
4. Continuing applying for and seeking new grant opportunities.
5. Explore avenues for developing an Emergency Management Plan and seek related available funding.
6. Optimize our community development software to continue to improve our processes.
7. Identify shortfalls in City codes and ordinances to work towards improving our community.

The mission of Bryant Animal Control and Adoption Center is to provide compassionate, timely and effective response to domestic animal situations in order to ensure the safety of all citizens and animals through the consistent enforcement of state and local laws relating to the humane treatment, control of domestic animals, support and secure the human-animal bond.

### 2025 Achievements:

1. Social Media (Meta) reach surpassed 2 million.
2. Successfully implemented several intake diversion programs which cut our animal intakes almost in half, allowing us to officially become No-Kill in August of 2025.
3. Successfully completed 3 month- long challenges offered by Best Friends Animal Society, which led to us winning multiple grants through Best Friends, expanded the volunteer program implementing new programs such as the long term fostering, regular Doggy Day Out, in shelter volunteering and internships.
4. Implemented the Community Cat Program, intended to reduce feral populations, while improving lifesaving efforts for cats - there is still a ways to go to streamline the program, but it is off to a great start.
5. Focused efforts to remove barriers to adoption and expanded reclaim efforts - by empowering officers and staff to recognize when a pet owner needs assistance instead of always defaulting to enforcement.
6. Replaced all ACO vehicles with new units and purchased a horse trailer. The adoption trailer has been ordered, and is scheduled to be delivered in early 2026. (all paid with Amend 78 over 5 years)
7. Explored and utilized ways to encourage community interest and involvement in the shelter - we created a volunteer position of Shelter Advocate, which is a role for individuals who are social media savvy to share stories of pets in need in order to increase reclaims, pet adoptions, and donations.

### 2026 Goals:

1. Explore and utilize other avenues of taking a proactive role in pet ownership education.
2. Secure a company to evaluate our needs and develop a plan to either remodel our current shelter facility, build a new facility at our current location, or build a new shelter in a new location.
3. Continue to offer advice and assistance to Saline County and surrounding jurisdictions in regard to animal services/control.
4. Review and update internal protocols as needed in order to provide the best service to our community and the animals in our care.
5. Maintain forward momentum with our recent achievements in no-kill animal sheltering.
6. Fill personnel vacancies, and obtain certifications as needed.
7. Continue our progress with providing alternatives to animal intake.

In Arkansas, district courts were formerly known as municipal courts before the passage of Amendment 80 to the Arkansas Constitution in 2000. Act 3 and Act 627 of 2009 created 25 pilot district judgeships in the state, two of which are in Saline County. The Saline County District Courts exercise countywide jurisdiction over misdemeanor criminal cases, preliminary felony cases, and in certain types of civil cases in matters of less than \$25,000. There are no jury trials in district court. In a district court trial, the judge makes both findings of fact and rulings of law.

A small claims division of the Saline County District Court is administered by the Bryant Department and presided over by Judge Casady of the Bryant Department. This small claims division provides the citizens of Saline County a forum in which citizens may represent themselves to resolve minor civil matters. No attorneys may take part in litigation in the small claims division.

Mission Statement: The mission of the Bryant Police Department is to work in harmony with all citizens of the community to create a safe and secure environment and to improve the quality of life for our residents with an emphasis on equality, fairness, integrity and professionalism.

- 2025 Accomplishments:
1. Purchased a new drone to upgrade the current aging drone fleet.
  2. Purchased building on Roya Lane for Training Annex (from Gen Fund savings).
  3. Purchased new rifles and body armor for SWAT team members to replace aged out items.
  4. Upgraded the department's sky watch surveillance tower.
  5. Upgraded interview room camera systems and added additional prox card door readers.

- 2026 Goals:
1. Continue to increase training available to staff.
  2. Complete renovation of new building (not in 2026 budget)
  3. Increase retention rate for sworn staff by revising the Step & Grade to be more competitive. (in budget? )
  4. Add four Patrol Officers (funded in part by a grant for 3 years then taken over by city funding entirely in 2029)
  5. Update Public Safety Building Surveillance cameras (looking for grants to fund this).

The Funding Committee in 2025 did not make a decision regarding changing the funding structure of the Stormwater funds so the Street Fund will continue to pay for Stormwater projects in the right of way and therefore continue to be short of funds for needed projects.

This year all that is budgeted for capital projects are the four below:

2 Scag Mowers to replace old ones	40,000	
Digital Speed Sign	10,000	
Pipe for the year	40,000	
Bryant Parkway Trail Match \$440,000	0	Removed to come from General Fund Savings in 2026

## Enterprise Funds

The City has a major Enterprise Fund called the Utility Revenue Fund shown as number 500. This fund started out housing the collections of the water payments on the utility bills; however, wastewater funds are collected through this fund as well. Any Enterprise Fund revenues are collected through this fund and then distributed out to their separate funds via transfers. This began changing with a General Ledger Software Conversion in 2022. Going into 2023 it is planned for all of Water's revenues and expenses to be housed in Fund 500 and all of Wastewater's related revenues and expenses to be housed in Fund 510.

The water expenses are derived from the treatment and distribution of water to approximately 9000 customers. The Water department received its water from the Central Arkansas Water Authority in Little Rock, Arkansas. The expense to pay for the water is listed under the supplies category.

In 2016 the City added a new enterprise fund 515 for Stormwater capital costs. The city collects on the Utility bills \$3.00 from all residential customers and \$6.00 from all commercial customers to help fund capital projects associated with stormwater issues. Because many Stormwater issues are related and in Streets the Stormwater Personnel and related operating costs continue to be paid out of the Street Fund, see those related pages in this Budget Book for a complete picture of Stormwater issues.

The Water and Wastewater Divisions had Twenty Year Master Plans completed by Crist Engineering in 2008 and new ones completed in 2025 by XXXXX. New master plans are scheduled to be completed in 2024. These documents are listed as Appendices to this document and should be reviewed each year during budget season to make sure we are adhering to our master plans.

# City of Bryant, AR 2026 Budget Book

## Appendix 2 - Salaries, Wages, Benefits Allocation Review

It is a very common practice for shared cost centers in Administration or a general fund of a city to be allocated out to other funds. In the case of the City of Bryant services provided by the departments outlined below - Finance, HR, Attorney, Mayor, City Clerk, and Information Technology - are provided to the other departments but the costs associated with their payroll are housed in Administration. To more accurately reflect these costs where they are utilized the Salaries, Wages, and Benefits Calculation is performed each budget season and an agreed upon amount is charged back to the other departments to reflect these costs/usages.

### SWB Allocation Review (Salaries, Wages, and Benefits of Admin Staff)

In September of 2025 Department Heads from the seven depts shown below across the top of the chart from Admin were asked to divide 100% of their time amongst all the depts.

# City of Bryant, AR 2026 Budget Book

The City of Bryant started applying for the GFOA Budget Book Award in 2017. The City first received the Award for their 2018 Budget Book. Planning and long term goal setting have always taken place within the city but with the submission of the budget book these processes have begun to be more fully documented by the present City Finance Department.

The 2016 \$26 million dollar Bond issuance was under taken in part to fund two Fire Stations and several parks projects that had been planned for some time and in part were discussed in conjunction with a 2020 plan.

It was planned in both 2020 and 2021 to hold several joint meetings to begin to solidify a 2040 Plan between the City Chamber and the City's offices; however, because of COVID these meetings were put on hold and never conducted. On the City's side to start an informal process of listing items considered for General Fund for the next 20 years the Department heads were polled. Some of the items listed came from the feedback received from Department heads. We have been included this listing in the Budget Books for 2020, 2021, 2022, 2023, 2024, 2025 and now 2026.

The State of Arkansas mandates that General Funds be budgeted balanced each year excluding capital projects. In order for this to be clearly and transparently accomplished each year the Council has chosen to adopt the regular budget in December and then come back and adopt a separate resolution for any capital for General Fund.

This appendix for these funds is not intended to provide for precise budgeting. The costs are estimates. Annually in the Budgeting process updates to the plan, deletions, additions, delays or other revisions may occur which will reflect changing community needs and resources. Only after incorporation in successive budgets or as approved separately by the City Council will these items be considered funded.

Some of the items contained here in this appendix will require on going operational costs and in some cases produce operational savings. However, given the speculative nature of these items these operational additional costs or savings have not been estimated at this time.

In 2025 Mayor Treat started discussions of a 2050 Comprehensive City Plan. Some of the items discussed for the 2050 plan may require additional review or approval by the various city committees/commission including but not limited to Water/Wastewater, Parks, Community Development and Review, Planning Commission and also review or discussion or reciprocal agreements with the County or State. Additionally some may require public hearings.

**Future Capital Projects and Funding Considerations**

Over the next decade, four major capital projects are being considered:

- A new or significantly improved City Hall
- A new Fire Station in the northern area of the city
- A new Police Headquarters
- A new Animal Control Facility

The combined cost of these projects is expected to exceed \$10 million, likely requiring the issuance of bonds to finance them.

Starting December 1, 2026, the 2016 Sales and Use Bond becomes eligible for refinancing. At that time, the City Council could consider taking the issue to a public vote to refinance the existing debt and extend the Sales Tax to help fund these critical infrastructure improvements.

This topic has been highlighted in the city's Budget Books from 2022 to 2025. However, in September 2024, Mayor Treat introduced a new possibility to the City Council and Bond Counsel: the advanced refunding of the 2016 debt to fund the construction of an outdoor entertainment venue.

**Proposed Plan for Refinancing Failed**

This extension would have generated an estimated \$33 million to fund the entertainment venue. The strategy behind this approach was the venue would drive economic growth, potentially increasing sales tax revenue, property taxes, and franchise fees. These additional revenues could then be used to finance future city projects, including facility improvements. If successful, this plan might reduce the need for new facilities by allowing for repairs and enhancements to existing structures. The election was held May 13, 2025, voters chose not to refinance at that time. Back to the drawing board. In XX of 2025 a Funding Committee was formed to address this and other funding issues being experienced by the City of Bryant. After XX meetings the funding committee decided to get behind the idea of increasing sales tax to fund these and other items like the Wastewater Treatment plant needed upgrades, Stormwater infrastructure and others. The amount and division and timing of such a tax increase is being explored by consultants the city hired.

DRAFT

This potential deficit of \$100,905 has not been budgeted for in 2026. The city is waiting to see the final 2025 numbers before determining which fund will pay for this.

Garver said billing will not be completed in 2025 because the Mayor of Alexander has not signed the LOMR since requested in May 2025. Her signature is the last step before submitting the LOMR to FEMA. Once submitted to FEMA, it usually take 3-6 months for FEMA to approve and they will likely have Garver to answer questions/address comments during that review period. Once the LOMR is approved by FEMA, Garver should be able to close out the project.

Grader comments in past years have asked for a review of facility operational costs. For the 2023 Budget Book after adoption, we put this chart together. We gained a lot from that review so we have kept in for the 2024 and 2025 budget books. As is typical you do not want to overbudget for your Utilities and other facility maintenance costs but you also do not want to drastically underfund these areas either. Reviewing this helps the City at large to budget for these areas more efficiently. We have shaded those areas that are over or under by more than \$5K.

The City of Bryant posted a RFP for Banking & Depository beginning August 31 - September 21st. A total of eight (8) bids were received and five (5) of the responding banks were interviewed. After careful consideration, Arvest Bank was chosen based on that they will be the best benefit to the City. City Council gave approval to move forward at the October 28, 2025 meeting and staff is seeking approval of contract at the November 18, 2025 meeting. There will be no impact to budget. Finance staff will be heavily involved with initial set-up and transition process from current bank to Arvest.

---

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

Some costs on the department have increased, leading to increases in fees charged by the department. Two examples include: pet cremation, which has had at least two price increases since we last changed any of our fees in 2015, and postage costs has been increased ten times since then. After hours call outs have continued to increase in number, resulting in increased operating costs for the City. We considered what other communities in Central Arkansas are charging for comparable services, and our fees are, overall, are still less than some of our neighbors. Our goal is to keep costs reasonable and affordable for the community and know that any fees we charge will not cover our operating costs, we still want to provide at least some financial support of our fiscal budget.

**ORDINANCE NO. 2025 - \_\_\_\_**

**AN ORDINANCE REPEALING ORDINANCE NO. 2015-45; SETTING THE FEE SCHEDULE FOR THE DEPARTMENT OF ANIMAL CONTROL IN THE CITY OF BRYANT**

**WHEREAS**, The City of Bryant Animal Control Department reviews the fees it charges for some services provided to the public on a regular basis, and;

**WHEREAS**, The department is mandated by the Director of Animal Control to improve its lifesaving ability for impounded animals in order to effectively reduce the number of animals killed within the shelter when reunification, adoption or transfer is not possible, and;

**WHEREAS**, The cost of some operations have increased since the Animal Control Department last reviewed the fee schedule and implemented adjustments in 2015, and;

**WHEREAS**, The City adopted Ordinance No. 2015-45 to establish fees for services offered by the Animal Control Department, pet licensing and other operations; the current fee schedule is outdated, and further that efficiencies can be achieved by simplifying the costs of licensing animals within the City and to effectuate the online payment process that the Department has implemented;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRYANT, THAT:**

**Article 1. Repealing Ordinance No. 2015-45**

Ordinance No. 2015-45 hereby repealed in its entirety and replaced with the following:

**ITEM HISTORY** (Previous Council reviews, action related to this item, and other pertinent history)

This rate ordinance includes the REMOVAL of the 1 FTE to the water department each year for 5 years. This ordinance will be getting it's first reading, and WSAC has recommended this ordinance to be adopted by Council as is. Ryan Bowman with Friday Firm drafted/reviewed the ordinance.

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

This ordinance reflects the rates that were most recently proposed in our water/wastewater rate study. Once the rate ordinance is adopted, the rate study will be turned into Natural Resources Division for approval. Act 605 requires the implementation of full cost pricing meaning we must have rates that provide us with adequate revenue to continue operating the system at current level of service as well as completing our Council adopted water capital improvement plan. The rates will allow us to be compliant with Act 605 and allow us to continue doing the upgrades needed for our system. The proposed 2026 budget numbers are reliant on our rates. If these rates are not implemented by January 1, 2026, we will have to do major adjustments to the budget to cover the shortfall in revenue which may result in the capital improvement plan projects as well as day to day operations being negatively affected.

(This section to be completed by the Mayor)

**ACTION PROPOSED** (Motion for Consideration)

Complete a first reading of this ordinance in November, allow for public hearing to be held during November's Council meeting, do 2nd and 3rd reading by title only, and adopt the ordinance in December to allow for implementation and review of the rate study before January 1st.

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE FIXING RATES FOR SERVICES RENDERED BY THE WATER FACILITIES OF THE WATER AND SEWER SYSTEM OF THE CITY OF BRYANT, ARKANSAS; PRESCRIBING OTHER MATTERS RELATING THERETO; AND DECLARING AN EMERGENCY.

WHEREAS, the City of Bryant, Arkansas (the "City") owns and operates a water and sewer system (the "System"); and

WHEREAS, in order to comply with Act 605 of 2021, the City Council has determined that the rates charged for water services of the System should be increased;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Bryant, Arkansas:

Section 1. The following monthly rates and charges, which the City Council hereby finds and declares are fair, reasonable and necessary rates, are hereby fixed as rates to be charged for water services to be rendered by the System.

Monthly Water Rates. (a) For water service between January 1, 2026 and December 31, 2026, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2026 - December 31, 2026

For the first 2,000 gallons of water consumption per month or portion thereof:

(h) If the City determines that it is necessary to purchase from any secondary water provider, customers will be charged an additional surcharge of \$0.04 per 100 gallons of water consumption, in addition to the then-prevailing water rates, for the month in which the City purchases from said secondary provider.

Section 2. (a) On or before June 30, 2029 and on or before June 30 of each fourth (4th) year thereafter, the City shall engage a duly qualified rate analyst not in the regular employ of the City (an "Analyst") to review the then current water and sewer rates and make recommendations as to whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding bonds secured by System revenues ("System Bonds"), provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

(b) Beginning in 2026, the City, on or before June 30 of each year that an Analyst is not engaged pursuant to subsection (a) above, shall review the then current water and sewer rates to determine whether any rate increases are necessary to produce revenues sufficient

to pay debt service on outstanding System Bonds, provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

Section 3. None of the water services afforded by the System shall be furnished without a charge being made therefore. Any multi-unit that has installed a master meter will pay the Minimum Charge on each unit plus usage shown on the master meter.

Section 4. The provisions of this Ordinance are separable and if a section, phrase or provision shall be declared invalid, such declaration shall not affect the validity of the remainder of this Ordinance.

Section 5. All ordinances and resolutions and parts thereof in conflict herewith are hereby repealed to the extent of such conflict.

Section 6. It is hereby ascertained and declared that an emergency exists and this Ordinance being necessary for the immediate preservation of the public peace, health and safety shall take effect and be in force from and after its passage.

## Acknowledgements

During the course of this rate study, several City of Bryant employees and engineer consultants expended considerable amounts of time and effort in assisting the project team. These employees included the Mayor and City Council, Mr. Tim Fournier, Mr. Troy Ellis, Ms. Moriah Winkle and Mr. Ted Taylor. The project team owes a debt of gratitude to the hard work, dedication and professionalism of these and other staff members, without whom this project would not have been successfully completed.

The project team has relied upon the extensive data supplied by the City of Bryant. Thus, the integrity of the study is largely dependent upon the accuracy of this financial and customer data. Every effort has been made by the project team to validate and confirm the information contained herein prior to the preparation of the final study documents. **This report presents no assurance or guarantee that the forecast contained herein will be consistent with actual results or performances.** These represent forecasts based on a series of assumptions about future behavior, and are not guarantees. Any changes in assumptions or actual events may result in significant revisions to the forecast and its conclusions. The cash flow projections and debt service coverage calculations are not intended to present overall financial positions, results of operations, and/or cash flows for the periods indicated, which is in conformity with guidelines for presentation of a forecast established by the American Institute of Certified Public Accountants.

Willdan Financial Services ("Willdan") is registered as a "municipal advisor" pursuant to Section 15B of the Securities Exchange Act and rules and regulations adopted by the United States Securities and Exchange Commission ("SEC") and the Municipal Securities Rulemaking Board ("MSRB"). The MSRB has made available on its website ([www.msrb.org](http://www.msrb.org)) a municipal advisory client brochure that describes the protections that may be provided by MSRB rules and how to file a complaint with the appropriate regulatory authority. As part of its SEC registration Willdan is required to disclose to the SEC information regarding criminal actions, regulatory actions, investigations, terminations, judgments, liens, civil judicial actions, customer complaints, arbitrations and civil litigation involving Willdan. Pursuant to MSRB Rule G-42, Willdan is required to disclose any legal or disciplinary event that is material to Client's evaluation of Willdan or the integrity of its management or advisory personnel. Willdan has determined that no such event exists. For the avoidance of doubt and without limiting the foregoing, in connection with any revenue projections, cash-flow analyses, feasibility studies and/or other analyses Willdan may provide the municipality with respect to financial, economic or other matters relating to a prospective, new or existing issuance of municipal securities of the municipality, (A) any such projections, studies and analyses shall be based upon assumptions, opinions or views (including, without limitation, any assumptions related to revenue growth) established by the municipality, in conjunction with such of its municipal, financial, legal and other advisers as it deems appropriate; and (B) under no circumstances shall Willdan be asked to provide, nor shall it provide, any advice or recommendations or subjective assumptions, opinions or views with respect to the actual or proposed structure, terms, timing, pricing or other similar matters with respect to any municipal financial products or municipal securities issuances, unless formally engaged to provide such information.

# Executive Summary

## Background

In late 2024, the City of Bryant, Arkansas (the “City”) engaged **Willdan Financial Services** to conduct a water and wastewater rate study and long-term financial plan. The City was interested in developing an updated comprehensive water and wastewater rate plan for FY 2026 and beyond. The objective is to develop a long-term rate plan that will enable the City to recover sufficient funds to meet operating expenses, capital outlays, debt service and coverage requirements, while at the same time minimizing the impact on ratepayers.

The City identified numerous objectives for this study, including but not limited to the following:

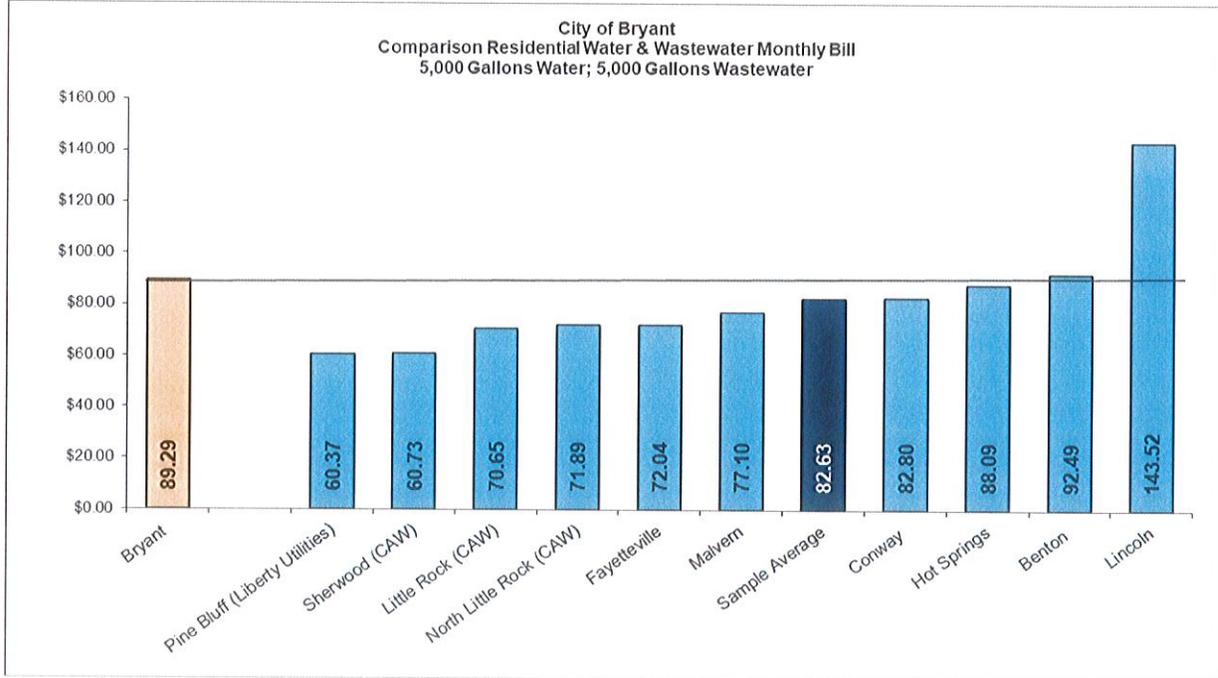

- A comprehensive analysis and evaluation of the water and wastewater systems’ current cost of service and revenue requirements.
- A forecast of operating expenses over the next decade, taking into consideration salient factors such as cost of water and wastewater treatment, inflation, system growth, and increases in staffing levels.
- A thorough review of the water and wastewater systems’ known capital improvement needs, as well as a determination of the need for funding capital requirements through the issuance of long-term debt for the existing identified capital improvements.
- An estimate of current and forecast accounts, volumes and billing units for the ten-year forecast period.
- A detailed analysis and comparison of the City’s current and proposed rates to rates in other surrounding communities.
- A statement with supporting documentation affirming the rate study’s compliance with Act 605.

## Water and Wastewater Rate Comparison

**Chart ES-1** compares Bryant’s current monthly water and wastewater charges to those of nearby cities in Arkansas. A billing volume of 5,000 gallons for water and 5,000 gallons for wastewater was used for the residential comparison as it represents typical usage levels for an average household in the City. The rate data is based on published rates and ordinances posted by each municipality on their websites as of May 2025. These rates do not include sales tax, activation, infrastructure fee, or other charges beyond the basic

minimum and volume charges. The table reveals that the City’s rates are only slightly higher when compared to most other cities in the region.

CHART ES-1

### Water and Wastewater Customers and Meters – Test Year & Forecast

The majority of the water and wastewater accounts served by Bryant are inside city Residential and Non-Residential customers. **Table ES-2** on the next page presents total water and wastewater connections (customers) by customer class for the City for the test year and forecast period. As shown, overall water accounts are forecast to increase from **8,800** in the test year to **10,221** in FY 2034, an average annual increase of 1.7%. The City has a larger number of wastewater accounts as it provides sewer services to outside city customers. Wastewater accounts are expected to grow faster than water accounts as Bryant continues to expand sewer services to the County. Overall wastewater accounts are forecast to increase from **10,056** in the test year to **11,974** in FY 2034. The addition of these new connections will result in both non-recurring connection fees and increasing monthly water and wastewater revenues.

### Net Revenue Requirement

Table ES-3 presents the City's forecast Net Revenue Requirement for the ten-year period FY2025 through FY2034. The table reveals that the total revenue requirement is expected to increase from \$11,464,551 in FY2025 to \$22,847,341 in FY2034. Detailed calculations are presented in the rate model contained in Appendix A of this report.

As shown in this table, Operating and Capital Outlay Expenses are by far the largest annual expense paid by Bryant's water and wastewater utilities. The second largest expense is the cost of water purchases from Central Arkansas Water ("CAW"). Any changes in forecast estimates used in determining the City's water and wastewater revenue requirement for this rate study could require significant changes to the rate plan presented in this report.

### Capital Improvement Plan

One of the key assumptions used in the development of the long-term revenue requirement is the City’s Capital Improvement Plan. The City’s near-term (2025-2029) CIP assumptions are summarized in **Table ES-4**. The table reveals that the City’s CIP over the next five years is estimated to be **\$14,160,000** for the water system and **\$47,669,000** for the wastewater system. Bryant anticipates funding a portion of the CIP with impact fees, transfers and other sources available to the City. Additional funding is forecasted to come from long-term bond issues totaling **\$44,726,000**.

It should be noted that if the City materially revises its CIP, the rate plan may be subject to potentially significant revision.

### Water and Wastewater Rate Design

Based on an extensive series of discussions with the City, the project team is presenting the following rate plan for the City Council to consider. The following is notable regarding the proposed rate plan:

- While the rate models present a forecast of rates for ten years, the project team recommends that the City adopts a 5-year rate plan, with rates to be automatically implemented annually on January 1, 2026 through January 1, 2030.
- Given the significant growth in the City and potential for unexpected events the project team recommends that the City periodically review these rates during the next five years, to incorporate any changes to costs, volumes or growth assumptions that may occur during that time.
- The most significant impact on rates will be the cost of operating expenses and Central Arkansas Water purchases. Should the City make material changes to its operating expenses and/or CIP, the City should undertake an immediate review of its rate plan.
- The second largest impact on rates will be debt issued to fund the CIP. The initial cost of service and rate proposal assumes that the Utility rate adjustments will be funded on a stand-alone basis, whereby debt service will be fully funded through rates.
- Future debt is assumed to have a 20-year term and 4.0% interest rate. If other credit terms become available, the recommended rate plan may require revision.
- Finally, the project team recommends the City continue using the existing water and wastewater rate structure. This rate structure is effective and easily understood by customers.

Uniform adjustments are applied to the water and wastewater's existing base and volumetric rates for each rate class. There is no change to the basic rate structure other than the uniform annual adjustments in the rate plan. As part of this rate proposal, a significant adjustment in wastewater infrastructure monthly charge is recommended for all wastewater customers served by a 5/8" water meter. The wastewater infrastructure charge for 5/8" meters is set to decrease from **\$15.75** per month to **\$10.00** per month starting in January 2026 and will automatically increase by 5% each year after that. Wastewater infrastructure charges for customers served by larger meters will remain unchanged (will also automatically increase by 5% each year). The rate plan and forecast revenues and expenses under this scenario are presented in **Appendix A**.

**Table ES-5** on the next page presents a summary of the rate plan proposed for water customers. **Table ES-6** presents a summary of the rate plan proposed for wastewater customers. **Table ES-7** presents the customer rate impact assuming the proposed rate plan is adopted by City Council.

## Act 605 Compliance

This rate study was completed in compliance with Act 605 rules established by the Arkansas Natural Resources Commission as dictated by Ark. Code Ann. § 14-234-801 et. seq. These rules, and the rate study compliance thereof, are documented in **Appendix B "Check List of Rules Implementing AR Act 605 of 2021"**. Willdan used this check list to certify Act 605 compliance as part of this rate study.

It should be noted that the City's asset management plan is contained in its comprehensive Master Plan, a separate document that will be made available upon request.

As stated throughout the rate study, **Appendix A** of the report presents the rate model worksheet summaries that detail the financial ratios, financial analysis and rate design prepared as part of the rate study. References to where each of the specific criteria is fulfilled is contained in the checklist in Appendix B.

## SECTION I

## Introduction and Demographic Profile

### Background

In late 2024, the City of Bryant, Arkansas (the “City”) engaged **Willdan Financial Services** to conduct a water and wastewater rate study and long-term financial plan. The City was interested in developing an updated comprehensive water and wastewater rate plan for FY 2026 and beyond. The objective of this study is to develop a long-term rate plan that will enable the City to recover sufficient funds to meet operating expenses, capital outlays, debt service and coverage requirements, while at the same time to the best extent possible minimizing the impact of any adjustments on ratepayers. Further, the purpose of this report is to provide documentary assurance that the City’s rate plan complies with *Arkansas Oversight of Retail Water Providers Act 605 of 2021 (Act 605)*.

The City identified numerous objectives for this study, including but not limited to the following:

- A comprehensive analysis and evaluation of the water and wastewater systems’ current cost of service and revenue requirements.
- A forecast of operating expenses over the next decade, taking into consideration such factors as inflation, system growth, and increases in staffing levels.
- A thorough review of the water and wastewater systems’ known capital improvement needs, as well as a determination of the need for funding capital requirements through the issuance of long-term debt for the existing identified capital improvements.
- An estimate of current and forecast accounts, volumes and billing units for the ten-year forecast period.
- An analysis of alternative multi-year water and wastewater rate plans that will distribute costs equitably.
- A detailed analysis and comparison of the City’s current and proposed rates to rates in other surrounding communities.
- A statement and supporting documentation affirming the rate study’s compliance with Act 605.

## Report Organization

This report is organized into the following sections:

**Section I – Introduction and Community Profile** - outlines the background, objectives and scope of this rate study and long-term financial plan. It also presents the City's current rate structure and a community profile of the City of Bryant. This includes a comparison of the City's water and wastewater charges with other local communities.

**Section II – Water and Wastewater Test Year and Forecast Volumes** – analyzes the City's customer base, total accounts and current volumes of treated water and wastewater. This section presents totals for the current year and a forecast ten years into the future.

**Section III – Water and Wastewater Test Year and Forecast Revenue Requirement** – outlines the process of analyzing the City's current water and wastewater utility cost structure. The total current or "test year" revenue requirements are developed, and costs are functionalized between treatment, distribution/collection, administration and customer billing. Using the test year as a basis, costs are forecast for a ten-year period.

**Section IV – Water and Wastewater Rate Design** – presents rate recommendations for the City of Bryant City Council and Staff to consider which would enable it to meet its revenue requirements over the next decade. This section also presents an analysis of the impact of proposed rate plan on ratepayers.

**Appendix A** – presents a hard copy printout of the interactive Microsoft Excel spreadsheet model summary developed for the City of Bryant to calculate water and wastewater current and future revenue requirements. The model automatically generates all calculations based on a set of defined user inputs and has an executive dashboard for users to develop real-time "what-if" scenarios.

**Appendix B** – A project team check list designed to affirm rate study compliance with the rules developed by the Arkansas Natural Resources Commission implementing Act 605 in accordance with Ark. Code Ann. § 14-234-801 et. Seq.

## Community Overview

The City of Bryant is located in the geographic center of Arkansas. The City is approximately 20.58<sup>1</sup> square miles and has an estimated 2025 population of approximately 22,271<sup>2</sup>. While precise official 2025 figures are unavailable, the city's population is projected to continue growing based on data from sources like the U.S. Census Bureau and organizations that track population changes. The City is located in Saline County.

The City of Bryant has a Mayor-Council form of government in which the elected Mayor serves as the City's chief administrative officer. The City Council Members establish and adopt City policies. Those policies are then implemented by the Mayor and City Staff. The Bryant City Council consists of eight aldermen, two are elected by, and represent, each of the four City wards. The Mayor is elected at large.

The Mayor operates in much the same way as a Chief Executive Officer of a corporation. The Mayor's Office is responsible for the day-to-day administration of Bryant's City government, including managing the City's budget, departments and operations, and programs for communicating with residents and employees.

The City of Bryant last adjusted its water and wastewater rates by 2% in January 2025. The current water rate structure assesses a base charge that increases based on meter size for all rate classes except COB Parks&Rec meters and Woodland Hills. COB Parks&Rec and Woodland Hills accounts are charged the CAW water rate. All other water customers are charged a uniform volume rate set by the City for all metered water consumption in excess of 2,000 gallons that are included in the base.

Residential and Non-Residential wastewater accounts are billed a base charge and uniform rate per 100 gallons of metered water consumed. Outside city customers pay 2x times inside city base charge and the same volume rate. The City has a contract with the Saline County landfill to treat leachate trucked from the landfill. The City charges a uniform rate per gallon to treat the waste delivered to its wastewater treatment facility.

### Water and Wastewater Rate Comparison

**Chart I-2 and Table I-3** compare the City's monthly water and wastewater charges to surrounding communities in Arkansas. Volumes of 5,000 gallons for water and 5,000 gallons for wastewater were used for the residential comparison as it represents typical usage levels for an average household in Bryant. The comparison is based on inside residential rates for neighboring communities. The rate data is based on published rates and ordinances posted by each municipality on their website. These rates do not include sales tax, activation or other charges beyond the basic minimum and volume charges.

The following points are also notable:

- Many cities do not assess rates that recover the full cost of service, choosing instead to subsidize their water and wastewater utilities with other revenues or to defer needed repairs and maintenance at the expense of system reliability and integrity.

- Some cities use tax bonds to fund water/wastewater system construction. This results in lower rates but higher ad valorem taxes.

## SECTION II

## Water & Wastewater Test Year and Forecast Volumes

In order to accurately forecast future revenues and expenses, it is necessary to examine current water and wastewater utility conditions. The first step in developing cost of service rates is to analyze patterns of usage, both for the system as a whole, and for specified customer classes.

For the City of Bryant, monthly water and wastewater records were reviewed for the period February 2023 through January 2025. These records provided summary information on the monthly water volumes distributed system-wide as well as the number of accounts for each period by defined customer class and the associated revenues. Additionally, these records provided the number of accounts and revenues monthly for all classifications of wastewater customers.

According to standard utility ratemaking methodology, in order to allocate revenue requirements equitably among system users, customers must be classified into relatively homogeneous groups with similar usage characteristics or service demands. Costs are then allocated to the customer classes in proportion to the usage characteristics of each class. For the water system, costs are typically allocated to customers based on their average and peak water demands. For the wastewater system, costs are allocated to customers based on their estimated wastewater flows, and in some cases, based on wastewater strengths.

After thoroughly examining volume and customer data, the project team made no revisions to the City's existing rate classifications. The project team finds these customer class distinctions to be reasonable and appropriate, meeting the criteria of homogenous groups with similar usage patterns.

In this section, the City's functional customer classes and test year usage patterns will be thoroughly analyzed. A ten-year projection of customers and usage will also be presented. These forecasts, along with the revenue requirements, will form the basis of the proposed rate designs.

### Water and Wastewater Customers and Meters – Test Year & Ten-Year Forecast

The majority of the water accounts served by Bryant are residential and non-residential accounts, with the balance being sprinkler, multi-family, COB Parks&Recs, and special contract customers. **Table II-1** and **Chart II-2** present total water accounts for the City for the test year and forecast period.

CHART II-2

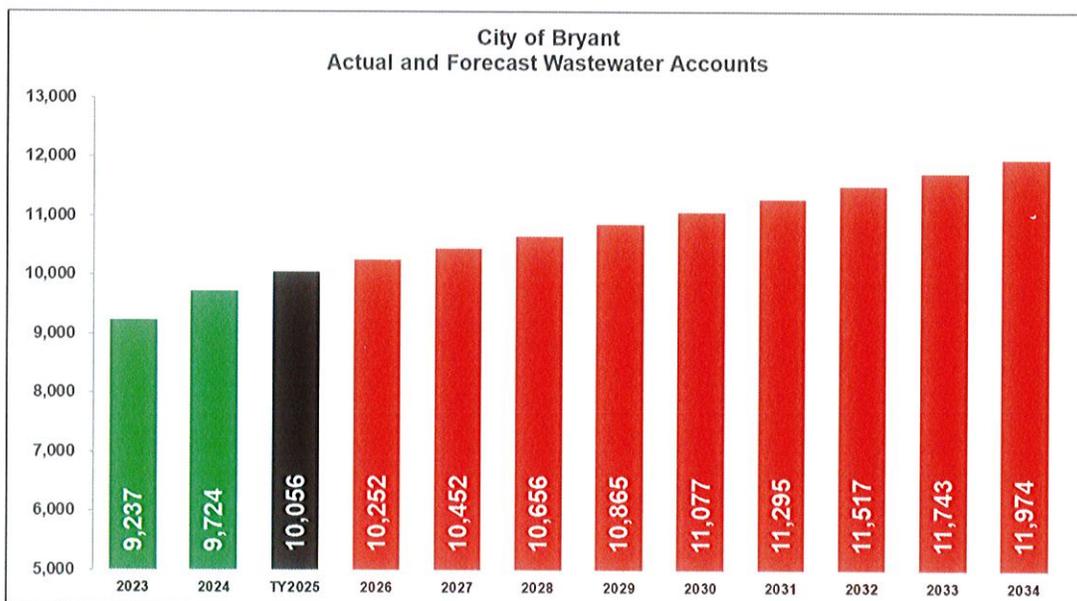

For each of the historical years, the average number of accounts for the year is shown and the growth reflects the difference from one fiscal year end to the next. Overall water accounts are forecast to increase from 8,800 in the test year to 10,221 in FY 2034, an average annual increase of 1.7% for water customers. The number of multi-family and special contract accounts are not expected to grow during the rate plan period.

Table II-3 and Chart II-4 present the project team’s ten-year forecast of wastewater account growth. Wastewater accounts are forecast to increase 10,056 in the test year to 11,974 in FY 2034, an average annual increase of 2.0% for wastewater customers. The City has a larger number of wastewater accounts due to the fact that it provides sewer services to outside city customers. Wastewater accounts are expected to grow faster than water accounts as Bryant continues to expand sewer services to the County.

### Historical and Forecast Water Consumption

Total water system consumption data was analyzed over the same time period as customer data. A combination of consumption over the past 12 months and historical trends was used as the basis for the development of the forecast water and wastewater usage within the rate model.

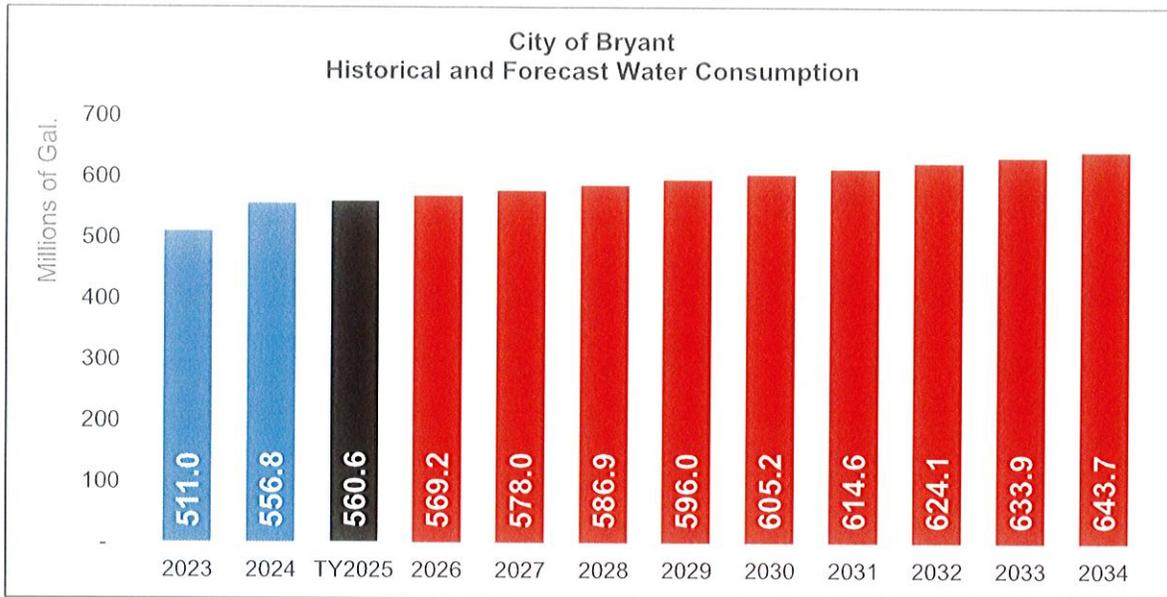

The project team prepared a ten-year forecast of water usage based on the same principles on which customer accounts were projected. The results of this forecast for water usage are presented in **Table II-5** and **Chart II-6**.

Water usage is expected to increase at an average annual rate of approximately 1.55% over the next decade. By FY 2034 total water consumption is expected to reach **643,731,475** gallons.

CHART II-6

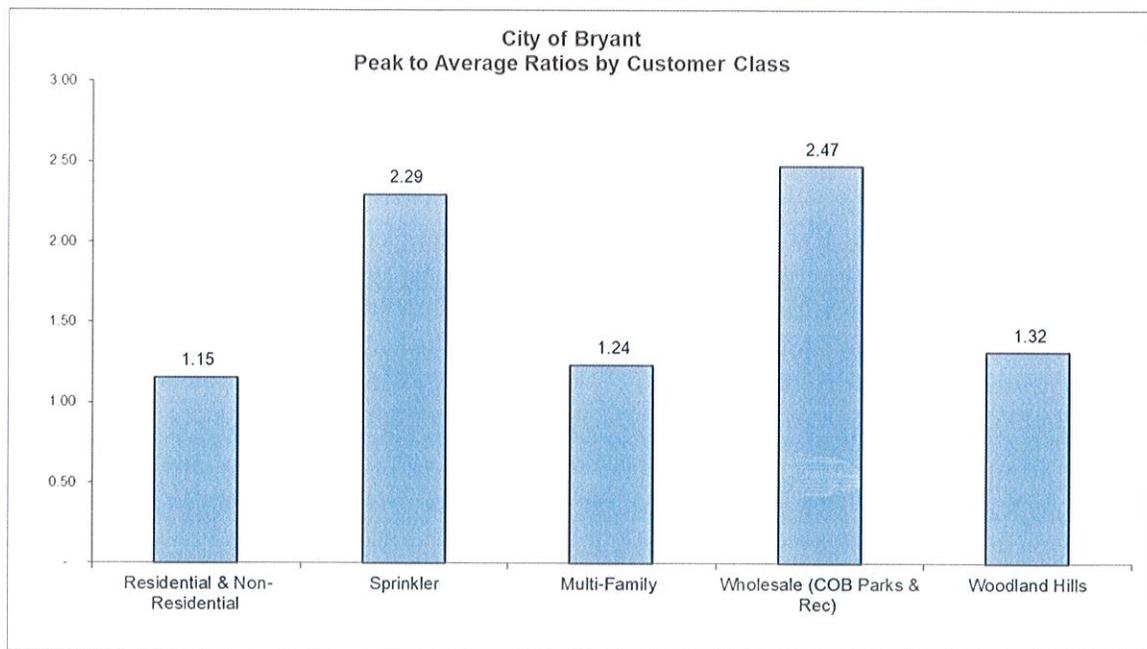

### Peaking Factors

The cost of providing water to customers depends not only on the amount of water each class uses, but also on how that usage occurs over time. The maximum-day and maximum-hour peaking requirements of a water utility’s customers are an important influence on the utility’s costs. Because water utilities attempt to meet all of the demands of their customers, water systems are sized to meet customers’ peak requirements. Therefore, during off-peak periods, there are usually significant costs associated with the unused capacity of the system. These costs must be allocated to customers in proportion to the contribution of each customer class to the system peak, in order to develop equitable cost-based rates. Thus, it is necessary to determine the peak rate of use relative to the average rate of use for each class. This ratio is called a **Peaking Factor**.

The calculation of peaking factors for individual classes relies on available pumping and consumption information as well as professional judgment. If customer meters could record daily flow rates for each customer, more refined information could be obtained on peaking factors. This is not feasible because of the enormous cost that would be imposed on the utility. Therefore, it is accepted practice in the water industry to develop peaking factor estimates based on standard formulas using system peak day information and monthly customer class usage records. This is a conservative methodology, since customer class peaking factors based on peak months will inevitably be lower than the system-wide peaking factor, which is based on the peak day.

Based on AWWA guidelines, the customer class peaking factors calculated in this study are for non-coincidental peaks. The peaking factors developed for this analysis are based on the annualized water consumption by customer class for Test Year Ending January 2025. The calculations of the peaking factors by class are presented graphically in **Chart II-7**.

## SECTION III

## Water & Wastewater Forecast Revenue Requirement

In this section of the water and wastewater rate study and long-term financial plan, the City of Bryant's test year and forecast water and wastewater utility revenue requirements are developed. The test year consists of the City's fiscal year, January 1, 2025 through December 31, 2025. The estimates presented in this section are based on the City's proposed budget for FY 2025.

The calculation of a revenue requirement differs from a utility's budget in that it represents only that amount that must be raised through the City's user rates. This means that non-rate revenue (such as reconnection fees, late payment charges and interest) must be subtracted from the budgeted operating and capital expenditures to

determine the net revenue requirement to be raised from rates.

As is typical for publicly owned utilities, the City of Bryant's system revenue requirements were developed using the cash basis of ratemaking. Under the cash basis, as defined by the AWWA Manual M-1, system revenue requirements consist of cash expenditures and other financial commitments (such as debt service coverage or reserves) that must be met through system operating revenues and other revenue sources.

All data used in the development of the revenue requirements was obtained from the financial statements, budgets and other information provided by the City. Detailed calculations are presented in the rate model contained in **Appendix A** of this report. For rate design purposes, revenue requirements are developed separately for the water and wastewater systems.

The assumptions utilized in this expense forecast will be thoroughly detailed in this section of the report. These assumptions are critical to the development of both the revenue requirement and the ultimate rate recommendation. The project team reviewed these assumptions with the City staff and considers all to be consistent with staff recommendations.

In this section, current and forecast Operating Costs, Capital Outlays, Transfers, and Debt Service will be examined first. Non-rate revenues will be subtracted from the total to yield the Net Revenue Requirement.

### Operating Expenses and Capital Outlays/Reserve Rqmt – Test Year and Forecast

**Table III-1** on the following page summarizes the test year FY 2025 water system operating expenses and capital outlays in detail by expense category item. **Table III-2** presents the test year FY 2025 operating expenses and capital outlays in detail by expense category item for the wastewater system.

The following is noteworthy about these tables:

- There are two (2) departments within the City's Water Operating Fund (510), each with their own budget: Water Department (510-0900) and Wastewater Department (510-0950).
- Each department's budget includes one or more of the following expense categories:
  - **Personnel**, which includes all personnel costs, such as salary and benefit expenses, and payroll taxes.
  - **Building and Grounds Expense**, includes utility costs and repair and maintenance of buildings and grounds.
  - **Supply Expense**, which includes postage, office and operating supplies, chemicals, and the cost of water purchased from Central Arkansas Water (CAW).
  - **Operations Expense**, which captures administrative expenses associated with the management of the water and wastewater system, such as dues and subscriptions, permit fees and sales tax expense.
  - **Vehicle Expense** includes fuel, repairs and insurance expenses for department vehicles.
  - **Professional Services**, these expenses include such items as financial audits, engineering services and other consulting.
  - **Miscellaneous Expense** includes computer hardware and software expense and depreciation.
  - **Capital Expenses** include bond principal and interest payments and improvement projects and equipment purchased with rate revenues.

**Tables III-1** and **III-2** also allocate water and wastewater operating expenses between the water and wastewater functions based on function and general ratemaking principles.

The tables also present Capital Outlays/Reserve Requirements as estimated by the City in the test year.

As the tables show, total operating expenses, transfers, and capital outlays in the test year are **\$11,469,499** of which \$5,400,889 is for the water utility and \$6,068,610 is for the wastewater utility. It should be noted that for the purposes of State Law 605, expenses that are defined as Capital Outlays by AWWA Cash Basis ratemaking methodology should be defined as Refurbishment and Replacement Reserve. These are expenditures specifically designated to be used for system replacement and maintenance. As will be shown later in this study, the funds designated by the City for this reserve requirement exceed Act 605's guideline of 5.0% of gross revenues each year of the forecast.

Table III-3 and Chart III-4 present the water and wastewater utility operating expense, transfers, and capital outlay/reserve requirement forecast for the ten-year period FY 2025 – FY 2034. Details behind these calculations can be found in the rate model contained in Appendix A. This forecast is based on the following set of assumptions:

- Most operating costs are expected to increase at an annual rate of 3.0%, which is approximately equivalent to the rate of inflation.
- Certain expenses will increase at above-inflation rates, to reflect the rapid rate of increase of these costs. These expenses include chemicals, workers compensation, Medicare, and insurance.
- Personnel expenses will increase at higher rates to reflect the forecast growth in number of employees.
- CAW projected rate is based on a published CAW 10-year rate forecast for 2022 – 2032.

CHART III-4

As shown in these charts, operating charges are by far the largest annual expense paid by Bryant’s water and wastewater utilities. Labor and equipment charges used to accomplish capital improvement projects “in-house” in lieu of retaining contractors are included in the budgeted operating expenses. If the projects require significantly more effort than budgeted or the City is compelled to retain outside contractor services, this could change the costs included in the rate study. **Any changes in the operating forecast estimates used in determining the City’s water and wastewater revenue requirement for this rate study could require significant changes to the rate plan presented in this report.**

### Capital Improvement Plan

The City has developed a comprehensive long-term capital improvements plan for the next five years. The purpose of the CIP is to rehabilitate and maintain the existing system, expand the system and to service new growth. In addition, the project team consulted with City Staff to forecast CIP through the end of the rate plan period.

The capital improvement plan is an integral part of any long-term rate and financing plan. The City finances its capital improvements through a combination of impact fees revenues, reserves, and revenue-funded long-term debt.

**Table III-5** on the following pages summarizes the City’s CIP. The water CIP includes a new water tank and water lines extensions, wastewater CIP includes wastewater collection system improvements, lift station upgrades, and activated sludge process improvements.

**Table III-6** reveals that over the next five years the City is forecast to issue long-term debt totaling **\$44,726,000** to finance the CIP.

### Existing and Forecast Debt Service

**Table III-7** presents current and forecast debt service assuming that the City issues \$44,726,000 in new water and/or wastewater revenue bonds from FY 2025 through FY 2029 to fund the CIP. The City currently has five bond issues outstanding. These bonds were issued to fund both water and wastewater system improvements and meter replacement. Debt service on these issues is currently being paid from Utility System Revenue. For FY 2025 forward, it is projected that bonds will also be repaid entirely with Utility System Revenues. Future revenue debt is assumed to have a 20-year term, 4.0% interest rate and level principal and interest payments.

As shown **Table III-6**, the City is assumed to issue approximately **\$44,726,000** in wastewater-related debt over the next five years. The timing and amount of debt issues can vary based on many factors, but the totals listed in this study are sufficient for the purpose of setting a long-term rate plan.

These assumptions are preliminary in nature and subject to change. Should the City Council choose to issue more or less revenue debt than assumed in this study or should different financing terms be available at the time the debt is issued, then the rate plans contained in this study may require revision.

### Non-Rate Revenues

Although sales revenues constitute the majority of the revenue received by the City of Bryant for water and wastewater service, a certain amount of revenue is accrued from non-rate sources. These revenues include other penalties, credit card fees, miscellaneous charges, sales tax receipts, and CAW Infrastructure and Watershed Fees. These non-rate revenues are subtracted from the overall budget to determine the revenue requirement to be raised from rates. The only non-rate revenues forecast to increase in the next ten years are CAW related fees that are set to increase in accordance with CAW’s published rate schedule forecast. Annual non-rate revenue totals are presented in **Table III-8**.

### Net Revenue Requirement

**Table III-9** presents the test year and ten-year forecast for the City’s net revenue requirement to be raised from rates for the water and wastewater utility for the test year 2025 and forecast period. Combined water and wastewater net revenue requirements are expected to increase from **\$11,464,551** in FY 2025 to **\$22,847,341** in FY 2034.

### Water Utility Cost Functionalization

Once the total water and wastewater system costs have been identified, the next step in the rate development process is to isolate the costs associated with each system function. Some of these expenditures are a function of base water demand; others are based on the peak demands placed on the system. Certain costs are associated with serving customers regardless of the volume of water use or wastewater discharge. The basic steps used to allocate the City’s water revenue requirements include the following:

1. Each system’s costs (revenue requirements) are categorized by utility function (i.e. treatment, distribution, administrative, customer). This process is known as *functionalization*.

2. Functionalized costs are classified based on the service characteristics or the types of demand served by the utility (base and maximum day). This process is known as *classification*.
3. Costs by service characteristic are allocated to customer classes in proportion to the service demands demonstrated by each class.

This three-step process allows for the allocation of system costs in the same terms as customer classes. The approaches described in this section follow standard industry practices. Water system costs are allocated to the following functions:

*Treatment* – the process by which raw water is converted to potable water

*Distribution* – the lines that carry water to individual customers' properties

*Administration* – miscellaneous overhead and other non-operating costs

*Customer Billing* – the processes involved in billing and providing other services to customers

The project team allocated operating budget line-item expenses individually to system functions based on general guidelines, specific research and input from the City of Bryant staff. The results of the allocation process for the test year are summarized in **Table III-10**.

### Water Utility Cost Classification

The allocation of functionalized water system costs to service characteristics follows the base-extra capacity cost allocation method recommended by AWWA. Using this method, costs are segregated into the following categories:

*Base costs* – capital costs and O&M expenses associated with service to customers under average demand conditions. This category does not include any costs attributable to variations in water use resulting from peaks in demand. Base costs tend to vary directly with the total quantity of water used.

*Maximum Day/Extra Capacity costs* – costs attributable to facilities that are designed to meet peaking requirements. These costs include capital and operating charges for additional plant and system capacity beyond that required for average usage.

*Customer Billing costs* – costs associated with any aspect of customer service, including billing, accounting, and meter services. These costs are independent of the amount of water used and the size of the customer’s meter and are not subject to peaking factors.

According to AWWA Manual M-1, in the base-extra capacity method, care must be taken in separating costs between those devoted to base capacity and those devoted to extra capacity. The peak to average factor is calculated by dividing the volume on the peak day of the year by the average daily volume. Facilities designed to meet maximum-day requirements, such as the treatment and distribution functions, are allocated 78.7% (1/1.27) to base, and 21.3% to extra capacity (Max Day). This means that facilities designed to meet maximum-day requirements, such as the treatment and distribution functions, are allocated 78.7% to base, and 21.3% to extra capacity.

All customer service-related costs are allocated 100% to customer billing. Administration costs are generally not directly assignable to individual classifications. Therefore, it is standard rate-making practice to allocate these costs on an indirect basis to service characteristics.

The system-wide costs by service characteristic are shown in **Table III-11**. As with cost functionalization, these percentages are not expected to change significantly in the forecast period.

### Wastewater Utility Cost Functionalization and Classification

Wastewater system costs are allocated to the following functions:

*Treatment -- Volume* – the costs associated with treating wastewater volume discharges

*Collection* – the lines that transport wastewater from customers’ properties to the wastewater treatment plant

*Administration* – miscellaneous overhead and other non-operating costs

*Customer Billing* – the processes involved in billing and other services to customers

As was the case for the water system, wastewater utility operating budget line item expenses are allocated individually to functions. The results of the allocation process are presented on **Table III-14**. As with the water utility, these percentages are not forecast to change significantly during the next ten years.

*Section IV*

## SECTION IV

## Water and Wastewater Rate Design

Rate design involves determining charges for each class of customers that will generate a desired level of revenue in accordance with AWWA and other industry cost of service rate-making principles. The water and wastewater rates developed in this section are designed to recover the test year and forecast revenue requirements while providing funding for the identified capital improvements and existing debt service.

Based on an extensive series of discussions with the City, the project team is presenting the following rate plan for the City Council to consider. The following is notable regarding the proposed rate plan:

- While the rate models present a forecast of rates for ten years, the project team recommends that the City adopt a 5-year rate plan, with rates to be automatically implemented annually on January 1, 2026 through January 1, 2030.
- Given the significant growth in the City and potential for unexpected events the project team recommends that the City periodically review these rates during the next five years, to incorporate any changes to costs, volumes or growth assumptions that may occur during that time.
- The most significant impact on rates will be the cost of operating expenses and Central Arkansas Water purchases. Should the City make material changes to its operating expenses and/or CIP, the City should undertake an immediate review of its rate plan.
- The second largest impact on rates will be debt issued to fund the CIP. The initial cost of service and rate proposal assumes that the Utility rate adjustments will be funded on a stand-alone basis, whereby debt service will be fully funded through rates.
- Future debt is assumed to have a 20-year term and 4.0% interest rate. If other credit terms become available, the recommended rate plan may require revision.
- Finally, the project team recommends the City continue using the existing water and wastewater rate structure. This rate structure is effective and easily understood by customers.

Uniform adjustments are applied to the water and wastewater’s existing base and volumetric rates for each rate class. There is no change to the basic rate structure other than the uniform annual adjustments in the rate plan.

As part of this rate proposal, a significant adjustment in wastewater infrastructure monthly fee is recommended for all wastewater customers served by a 5/8” water meter. The wastewater infrastructure charge for 5/8” meters is recommended to decrease from **\$15.75** per month to **\$10.00** per month in January 2026 and will automatically increase by 5% each year afterwards. Wastewater infrastructure charges for customers served by larger meters will remain unchanged in 2026, and will also automatically increase by 5% each subsequent year. The rate plan and forecast revenues and expenses under this scenario is presented in **Appendix A**.

**Table IV-1** presents a summary of the rate plan proposed for water customers. **Table IV-2** presents a summary of the rate plan proposed for wastewater customers. **Table IV-3** presents the customer rate impact assuming the proposed rate plan is adopted by the City Council. **Table IV-4** presents a forecast of revenues and expenses for the next five years.

Details behind these calculations can be found in the rate model presented in **Appendix A**.

Finally, it should be noted that for the purposes of State Law 605, expenses that are defined as Capital Outlays by AWWA Cash Basis ratemaking methodology should be defined as Refurbishment and Replacement Reserve. These are expenditures specifically designated to be used for system replacement and maintenance. Table IV-4 reveals that the City is forecast to devote between 7.7% and 11.0% of the cost of service to funding these expenditures over each of the next five years. This exceeds Act 605's guideline of 5.0% of Gross Revenues every year of the forecast. The Table also reveals that the combined fund balance is forecast to increase from \$3.9 million to \$4.7 million over the same period. Both of these factors place the City in compliance with the requirements of Act 605.

### Impact of No Increase

In accordance with the requirements of Act 605, the project team prepared an additional scenario forecasting total utility revenues and expenses should the City not adopt either the proposed rate plan or any rate adjustments in the next five years. The result of this analysis is summarized in **Table IV-5** below. The table reveals that under this scenario revenues would remain stagnant while expenses would continue to increase. Net revenues would be negative in FY 2026 and years afterwards, and the Utility Fund Balance would be negative beginning in FY 2028. The City would fail to meet debt coverage requirements after FY 2026.

Clearly the failure to implement rate adjustments would lead to significant financial hardship for the Utility fund.

## Act 605 Compliance

This rate study was completed in compliance with Act 605 rules established by the Arkansas Natural Resources Commission as dictated by Ark. Code Ann. § 14-234-801 et. seq. These rules, and the rate study compliance thereof, are documented in **Appendix B “Check List of Rules Implementing AR Act 605 of 2021”**. Willdan used this check list to certify Act 605 compliance as part of this rate study.

It should be noted that the City’s asset management plan is contained in its comprehensive Master Plan, a separate document that will be made available upon request.

As stated throughout the rate study, **Appendix A** of the report presents the rate model worksheet summaries that detail the financial ratios, financial analysis and rate design prepared as part of the rate study. References to where each of the specific criteria is fulfilled is contained in the checklist in Appendix B.

## Notes on Rate Recommendations

The forecast and recommendations presented in this study represent a combination of the best information available from the City of Bryant and the project team’s expertise. However, this forecast relies in part on assumptions about future events and events beyond the control of the project team (such as account growth rates within the City). The forecast and recommendations contained in this study may be subject to revision if any of the following events occurs:

- Actual growth in accounts and consumed volumes is less than (or significantly greater than) forecast.
- Capital improvement plan funding costs increase significantly due to the rising cost of materials or other factors such as unforeseen construction schedule changes.
- CAW costs increase or decrease significantly from costs used in developing the rate plan.
- An unforeseen event impacts the City, such as an extended recession, natural catastrophe or terrorist attack.
- Significant and long-lasting changes in weather patterns.
- Increases or decreases in interest rates, coverage requirements, or reserve requirements for long-term debt.
- The City of Bryant budget levels or priorities change significantly from those forecast in this study.

It should be noted that none of these events are foreseen by the project team or the City of Bryant at this time.

**If any of these events occur, the City may be compelled to consider further adjustments to its water and wastewater rates.**

**Overview/General Considerations**

Complete	<p>1. Determine applicability: ACA 14-234-802 applies to <u>all retail</u> water providers, except:</p> <p>a. A water system regulated by the Arkansas Public Service Commission as a public utility under §23-1-101 (which generally covers investor-owned utilities <b>and specifically excludes</b> from the definition of regulated "public utility" water and sewer systems owned by cities, towns, property owner's associations, and improvement districts - meaning that <u>these water and sewer systems are subject to §14-234-802</u>). (<i>§14-234-807(1)</i>)</p>	Bryant Water Utility is subject to 14-234-802
na	b. Water and sewer systems that are owned or operated by a municipality that provides retail electric service. ( <i>§14-234-807(2)</i> )	na
na	c. Privately owned provider that supplies the majority of its retail water service to nonresidential customers. ( <i>§14-234-807(3)</i> )	na
na	d. Water systems operated jointly between two (2) municipalities in which each municipality is located in a different state. ( <i>§14-234-807(4)</i> )	na
na	2. Retail water providers shall obtain rate studies pursuant to the requirements in Ark. Code An14-234-802: 500 or less customers must have a rate study by July 1, 2024; 501 - 1,000 customers by July 1, 2025; more than 1,000 customers by July 1, 2026.	na
Complete	3. A Provider that plans to undertake a major development project, as defined above and in Ark. Code Ann. § 14-234-802(h)(2), shall obtain a rate study or amend the Provider's existing rate study before beginning the major development project to include consideration of the financial impact of the major development project on the fiscal sustainability of the provider.	Water Rate Study initiated to fund increasing operating expenses and forecast \$61.8 million in water and wastewater Capital Improvement Projects

Complete	4. Rate studies shall be based on the guidelines of the American Water Works Association and Water Environment Federation.	Report repeatedly references AWWA Manual M-1 which serves as the basis for the cost of service calculations and rate model.
Complete	5. Rate studies for providers that operate a joint and integrated water and sewer system shall analyze the total System.	Water and wastewater separate fund. Rate study examines both funds separately and together.
Complete	6. Rate studies performed shall be an objective and unbiased review of the provider's fiscal status.	Report was completed by Willdan Financial Services, an independent company on the state's approved list of rate study providers.
Complete	7. <b>NOTE:</b> The Commission will maintain a list of approved entities to conduct rate studies as required under Ark. Code Ann. § 14-234-802(f)(1). # AGENDA ITEM HISTORY SHEET

---

**ITEM TITLE**

Ordinance 2025-12

**AGENDA NO. 11****AGENDA DATE:** 11/18/2025

---

**FUNDING CERTIFICATION** (Finance Director) (Signature, if applicable)

---

**MANAGEMENT STAFF REVIEW** (Signature)

---

**MAYOR** (Signature)

---

**ITEM HISTORY** (Previous Council reviews, action related to this item, and other pertinent history)

This rate ordinance includes the REMOVAL of the 1 FTE to the wastewater department each year for 5 years. This ordinance will be getting it's first reading, and WSAC has recommended this ordinance to be adopted by Council as is. Ryan Bowman with Friday Firm drafted/reviewed the ordinance.

---

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

This ordinance reflects the rates that were most recently proposed in our water/wastewater rate study. Once the rate ordinance is adopted, the rate study will be turned into Natural Resources Division for approval. Act 925/605 requires the implementation of full cost pricing meaning we must have rates that provide us with adequate revenue to continue operating the system at current level of service as well as completing our Council adopted wastewater capital improvement plan. The rates will allow us to be compliant with Act 925/605 and allow us to continue doing the upgrades needed for our system. The proposed 2026 budget numbers are reliant on our rates. If these rates are not implemented by January 1, 2026, we will have to do major adjustments to the budget to cover the shortfall in revenue which may result in the capital improvement plan projects as well as day to day operations being negatively affected.

---

(This section to be completed by the Mayor)

---

**ACTION PROPOSED** (Motion for Consideration)

Complete a first reading of this ordinance in November, allow for public hearing to be held during November's Council meeting, do 2nd and 3rd reading by title only, and adopt the ordinance in December to allow for implementation and review of the rate study before January 1st.

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE FIXING RATES FOR SERVICES RENDERED BY THE SEWER FACILITIES OF THE WATER AND SEWER SYSTEM OF THE CITY OF BRYANT, ARKANSAS; PRESCRIBING OTHER MATTERS RELATING THERETO; AND DECLARING AN EMERGENCY.

WHEREAS, the City of Bryant, Arkansas (the "City") owns and operates a water and sewer system (the "System"); and

WHEREAS, the City Council has determined that the rates charged for sewer services of the System should be increased;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Bryant, Arkansas:

Section 1. The following monthly rates and charges, which the City Council hereby finds and declares are fair, reasonable and necessary rates, are hereby fixed as rates to be charged for sewer services to be rendered by the System.

Monthly Sewer Rates. (a) For sewer service between January 1, 2026 and December 31, 2026, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2026 - December 31, 2026

For the first 2,000 gallons of water consumption per month or portion thereof	\$21.53 (minimum charge)
All water consumption in excess of 2,000 gallons	\$1.148 per 100 gallons

(b) For sewer service between January 1, 2027 and December 31, 2027, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2027 - December 31, 2027

For the first 2,000 gallons of water consumption per month or portion thereof	\$22.39 (minimum charge)
All water consumption in excess of 2,000 gallons	\$1.194 per 100 gallons

(c) For sewer service between January 1, 2028 and December 31, 2028, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2028 - December 31, 2028

For the first 2,000 gallons of water consumption per month or portion thereof	\$23.28 (minimum charge)
All water consumption in excess of 2,000 gallons	\$1.242 per 100 gallons

(d) For sewer service between January 1, 2029 and December 31, 2029, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2029 - December 31, 2029

For the first 2,000 gallons of water consumption per month or portion thereof	\$23.75 (minimum charge)
All water consumption in excess of 2,000 gallons	\$1.267 per 100 gallons

(e) For sewer service on and after January 1, 2030, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

On and After January 1, 2030

For the first 2,000 gallons of water consumption per month or portion thereof	\$24.23 (minimum charge)
All water consumption in excess of 2,000 gallons	\$1.292 per 100 gallons

(f) Customers receiving sewer services to locations outside of City limits will be charged double the prevailing minimum charge.

(g) Each customer 65 years and older, with verification of age, shall receive a senior citizen discount of three dollars and eighty-one cents (\$3.81), which shall be deducted from the monthly sewer bill.

(h) Customers receiving sewer services that require grinder pumps permitted, operated and maintained by the City will be charged a flat monthly surcharge in the amount of \$12.95 in addition to charges for sewer usage.

Section 2. (a) On or before June 30, 2029 and on or before June 30 of each fourth (4th) year thereafter, the City shall engage a duly qualified rate analyst not in the regular employ of the City (an "Analyst") to review the then current water and sewer rates and make recommendations as to whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding bonds secured by System revenues ("System Bonds"), provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

(b) Beginning in 2026, the City, on or before June 30 of each year that an Analyst is not engaged pursuant to subsection (a) above, shall review the then current water and sewer rates to determine whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding System Bonds, provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

Section 3. None of the sewer services afforded by the System shall be furnished without a charge being made therefore. Any multi-unit that has installed a master meter will pay the Minimum Charge on each unit plus usage shown on the master meter.

Section 4. (a) All customers of the System shall be charged a monthly fee (the "System Infrastructure Fee") to be used solely for the repayment of System Bonds. The System Infrastructure Fee will be paid by all customers regardless of the amount of water used or wastewater discharged. All revenues derived from the System Infrastructure Fee shall be used solely for payment of debt service (principal, interest, and trustee fees and expenses) of System Bonds.

(b) The monthly System Infrastructure Fee for each mobile home, with or without a separate water meter, shall be as set forth in subsection (i) below.

(c) The monthly System Infrastructure Fee for each apartment, residential dwelling unit, with or without a separate water meter, shall be as set forth in subsection (i) below.

(d) The monthly System Infrastructure Fee for each new residential dwelling unit of any type, with or without a separate water meter, shall be as set forth in subsection (i) below.

(e) The monthly System Infrastructure Fee for each health care facility shall be based on meter size as set forth in subsection (j) below.

(f) The monthly System Infrastructure Fee for each State funded facility shall be based on meter size as set forth in subsection (j) below.

(g) The monthly System Infrastructure Fee for commercial establishments ("Commercial Establishments") shall be based on meter size as set forth in subsection (j) below.

Any additional unit without a separate water meter ("Additional Unit") shall be an amount set forth in subsection (i) below.

(h) The monthly System Infrastructure Fee for all other customers will be based on meter size as set forth in subsection (j) below.

(i) The System Infrastructure Fee for customers in subsections (b), (c), (d) and (g) with respect to Additional Units shall be as follows:

- (1) January 1, 2026 – December 31, 2026: \$10.00
- (2) January 1, 2027 – December 31, 2027: \$10.50
- (3) January 1, 2028 – December 31, 2028: \$11.03
- (4) January 1, 2029 – December 31, 2029: \$11.58
- (5) On and after January 1, 2030: \$12.16

# 2025 WATER AND WASTEWATER RATE STUDY IMPACT OF ELIMINATION OF ADDITIONAL FTES

November 2025

Updated: November 3 2025

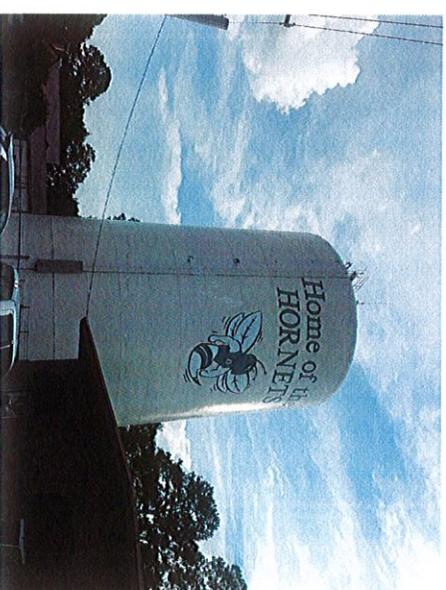

## PURPOSE OF ANALYSIS

Current rate plan assumes the addition of one FTE per year in water department and one FTE per year in the wastewater department for each of the next five years

Scenario II assumes no additional FTEs are added for either department

NOTE: scenario does not analyze the operational reasonableness of eliminating the additional FTEs; just presents the impact on rates of the cost savings

# RATE PROPOSAL | SCENARIO I – STATUS QUO – REDUCE WW FEE TO \$10 Recommended rate adjustments for next 5 years:

- Annual Rate Adjustments in January of each year
- Uniform percentage adjustments for base volume charges
- Higher increases for water
- One Time reduction in WW Infrastructure Monthly fee for residential customers to \$10

Recommended Rate Increases

# 2025 WATER AND WASTEWATER RATE STUDY IMPACT OF ELIMINATION OF WW INFRASTRUCTURE CHARGE

October 2025

Updated: October 3 2025

## BENEFITS AND CHALLENGES OF ELIMINATING WW INFRASTRUCTURE FEE

### Benefits

- Lesser increases for low volume wastewater customers
- Customers using 5,000 gallons or less per month will benefit

### Challenges

- Significantly higher charges for high volume customers
- More cost recovered through volume charges instead of fixed charges – leads to less revenue certainty

# RATE PROPOSAL | SCENARIO I – STATUS QUO

## Recommended rate adjustments for next 5 years:

- Annual Rate Adjustments in January of each year
- Uniform percentage adjustments for base volume charges
- Higher increases for water
- One Time \$5 reduction in WW Infrastructure Monthly fee for residential customers

## **MEMORANDUM OF UNDERSTANDING**

### **Between the City of Bryant, Arkansas and H and H Real Estate Holdings, LLC**

**This Memorandum of Understanding (“MOU”)** is entered into as of this \_\_\_\_ day of \_\_\_\_\_, 2025, by and between the **City of Bryant, Arkansas** (hereinafter referred to as “the City”) and **H and H Real Estate Holdings, LLC** (hereinafter referred to as “H&H”).

#### **1. Purpose**

The purpose of this MOU is to outline the mutual understanding and agreement between the City and H&H regarding the conveyance of approximately ten (10) acres of undeveloped land owned by H&H to the City, in exchange for the City’s commitment to design and construct a public street providing an additional access route from Bishop Park to the adjacent subdivision owned and/or developed by H&H.

#### **2. Property Description**

H&H agrees to convey to the City of Bryant approximately ten (10) acres of undeveloped land located in Bryant, Saline County, Arkansas.

- The exact legal description and survey of the property will be determined prior to execution of the formal conveyance documents.
- The property will be transferred to the City by Warranty Deed, free and clear of all liens and encumbrances.

#### **3. City’s Responsibilities**

The City of Bryant agrees to:

- a. Design and construct a public street providing additional access from Bishop Park to the subdivision owned by H&H.
- b. Complete all necessary permitting, engineering, and construction oversight related to said street.
- c. Assume ownership and maintenance responsibilities for the completed public street as part of the City’s transportation infrastructure.

#### **4. H&H’s Responsibilities**

H&H agrees to:

- a. Convey the ten (10) acres of undeveloped land described above to the City upon approval of final engineering plans for the street project.
- b. Provide reasonable cooperation, access, and coordination with the City during the design and construction phases.

## 5. Terms and Conditions

- This MOU represents the intent of both parties to proceed in good faith toward the completion of the exchange described herein.
- A **formal Development Agreement and Deed of Conveyance** will be executed upon approval by the Bryant City Council.
- Nothing in this MOU shall be construed to create a binding contractual obligation beyond the intent to proceed toward final agreements, pending all required legal and council approvals.

## 6. Effective Date and Duration

This MOU shall become effective upon execution by both parties and shall remain in effect until superseded by a formal Development Agreement or until terminated by mutual written consent.

# AGENDA ITEM HISTORY SHEET

---

**ITEM TITLE**

Ordinance 2025-16 CPRG

**AGENDA NO.** 14

**AGENDA DATE:** 11/18/2025

---

**FUNDING CERTIFICATION** (Finance Director) (Signature, if applicable)

---

**MANAGEMENT STAFF REVIEW** (Signature)

**MAYOR** (Signature)

---

**ITEM HISTORY** (Previous Council reviews, action related to this item, and other pertinent history)

In 2025, the City of Bryant applied for construction funding through Metroplan's STBG program and was awarded \$1,760,000 under the Climate Pollution Reduction Grant (CPRG) program instead. The funds will support construction, inspection, and project management for the Bryant Parkway Trail project.

---

**ITEM COMMENTARY** (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

The CPRG program, administered by Metroplan through the EPA, supports projects that reduce greenhouse gas emissions through sustainable transportation infrastructure such as bicycle and pedestrian trails. Acceptance of this funding requires the City to adopt a preservation ordinance to retain ownership of the Bryant Parkway Trail until at least 2050, ensuring the trail remains in public use and good condition throughout the federal retention period.

Approval of this ordinance authorizes the City to accept the CPRG award, execute necessary agreements, and proceed with project implementation. The emergency clause allows the City to begin work and meet critical grant deadlines for funding obligation and project initiation.

---

(This section to be completed by the Mayor)

**ACTION PROPOSED** (Motion for Consideration)

Adopt the ordinance authorizing the City to accept the Metroplan CPRG for the Bryant Parkway Trail, preserve the trail through 2050, and declare an emergency to meet critical grant deadlines.

ORDINANCE NO. \_\_\_\_\_

**AN ORDINANCE AUTHORIZING THE CITY OF BRYANT TO ACCEPT THE METROPLAN CLIMATE POLLUTION REDUCTION GRANT FOR THE BRYANT PARKWAY TRAIL, TO PRESERVE THE TRAIL UNTIL 2050, COMPLY WITH GRANT REQUIREMENTS, AND DECLARING AN EMERGENCY.**

**WHEREAS**, Metroplan received an EPA Climate Pollution Reduction Grant (CPRG) to support projects that reduce greenhouse gas emissions, including pedestrian and bicycle trail networks;

**WHEREAS**, the City of Bryant has been awarded \$1,760,000.00 over five (5) years to implement the Bryant Parkway Trail project;

**WHEREAS**, the City agrees to complete the project in accordance with all grant requirements, federal, state, and local laws, including reporting, monitoring, and recordkeeping;

**WHEREAS**, the City agrees to retain total, direct control of the Bryant Parkway Trail until at least 2050 and will not, without EPA approval: sell, transfer, or abandon the trail, change the intended use, make significant alterations to grant-funded improvements; or cease maintenance or operation due to obsolescence;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRYANT, ARKANSAS:**

**SECTION 1:** The City is authorized to accept CPRG funds and implement the Bryant Parkway Trail project.

**SECTION 2:** Mayor Chris Treat is authorized to execute all agreements, contracts, and related documents required to carry out the project.

**SECTION 3:** The City shall retain control of the trail as described above until at least 2050 and comply with all grant obligations.

**SECTION 4:** If any part of this Ordinance is invalid, the remainder shall remain in effect.

**SECTION 5:** Any conflicting ordinances are repealed to the extent of the conflict.

**SECTION 6. EMERGENCY CLAUSE:** It is hereby found and declared that an emergency exists so the City may begin project implementation and meet grant deadlines. This Ordinance shall take effect immediately upon passage.

**PASSED AND APPROVED** this 18th day of November, 2025.
