City of Bryant Local History

The City of Bryant began when European settlers established themselves along Hurricane Creek in the early nineteenth century, along the route of the Cairo and Fulton Railroad. Over the years, the city saw times of economic struggle, but as the demand for the area's bauxite grew during the WWII era, development and a steady slow growth began. Since then, the economic landscape of the city has seen many changes, as Bryant evolved from a typical railroad community, into one focused on family, education and quality of life for its residents.

Once a small industrial town, Bryant is now the fastest-growing city in Central Arkansas. With a public education system deemed one of the best in the state, as well as proximity to the state's capital of Little Rock, Bryant has more than doubled in population size over the past two decades. A stable and diversified business community, as well as a high demand real-estate market, now makes Bryant a much sought-after community for both entrepreneurs and families.

With the backbone of Bryant being its competitive spirit, organized youth and adult sports have thrived here. Quality of life for residents a focus of Bryant's growth plan over the years; therefore, the city and school have created joint partnerships to ensure the best use of citizen taxpayer money for investment back into the community. This has allowed both entities to offer a multitude of sports and educational opportunities to local residents. One such opportunity, the creation of Bishop Park in 2010, allowed many local sports organizations to develop and grow, thus creating a robust sports tourism trade for the city. Bryant now hosts numerous sporting events for all ages, including baseball, softball, swimming, soccer, football, disc golf, pickleball, tennis, basketball, and lacrosse.

In addition to sporting opportunities, community events are also important to residents, connecting newcomers to the city to the many traditions that have been a longstanding part of the community. The Bryant Fallfest Celebration, hosted by the local Chamber of Commerce, is entering its thirty-seventh year and is well-attended by locals and visitors alike. Also, the city has recently recreated the Fourth of July celebrations from years ago, and is now planning the fifth annual Pops in the Park event.

However, the largest event for this area is the annual "Salt Bowl" Competition. This competition, normally held in August or September, is the most attended high school football game in Arkansas. During this battle for the title of Salt Bowl Champion, Bryant takes on its neighbor to the west, Benton. With a normal attendance of over thirty thousand fans, this long-standing rivalry extends past the football field; in fact, the weeks leading to the game will include competitive food drives between the two cities, including the schools and residents. Local businesses, community sponsors, churches and other organizations also find a way to join in on the friendly community-wide rivalry.

Economic development and growth in Bryant have held strong through many market challenges. This is mostly due to the comprehensive business make-up of the city. The Bryant School District along with the city government itself are the city's largest employers. There were 738 business licenses re-issued with another 77 new licenses requested in 2024 (not all store front). Local industry is varied and the myriad of retail, healthcare, restaurants, financial services, and other entrepreneurial opportunities offers stability to the city's economic development. With Bryant's residential growth still climbing, there is still much opportunity for commercial growth in the city.

In 2021, Bryant saw the opening of the Arkansas Heart Hospital's Encore Medical Center. This four-story building is a general acute hospital care facility with a focus on bariatric surgery and peripheral vascular disease. It also features a full-service emergency department, restaurant and medical offices, bringing an additional two hundred jobs to the local healthcare industry.

Arkansas's local economies are commonly supported by sales tax, including the statewide sales tax of 6.5%. In Bryant, another 3% is collected and used by the city, making up approximately 75% of the general fund income. I hope you enjoyed this brief Local History on the City of Bryant. Please continue reading to see how we plan to use the resources granted to us by the citizens for the calendar year of 2025.

As I head into my third year in office, I've had several themes in mind for 2026. These themes will guide our decision-making and improve our efforts to serve the residents of the town I love.

Fiscally Responsible and Accountable

Sound financial management is the bedrock of a thriving city. We are committed to careful stewardship of taxpayer dollars, ensuring every investment delivers maximum value for our residents. This means prioritizing essential services, seeking innovative solutions, and maintaining strong financial health for the long term.

In 2025, we will continue to implement the insights gained from our long-range financial planning, making prudent decisions regarding reserves and debt. Our new Cash Reserve Policy, designed to set aside funds for large-scale projects and equipment replacement, will be a key tool in this effort. We will also continue to prioritize transparent reporting of our financial activities, making it easier for residents to understand how their tax dollars are being utilized. Our goal is to ensure Bryant remains a fiscally sound city, prepared for both present needs and future opportunities.

Community-Focused and Engaged

Bryant is more than just a place; it's a community built on strong relationships and shared aspirations. My team and I are dedicated to fostering an environment where every resident feels heard, valued, and empowered to contribute to our collective success. We believe in active listening and creating opportunities for meaningful engagement.

Crucial to this effort is our Bryant 2050: Building Today for a Better Tomorrow community engagement effort. As part of this effort, we will explore new ways to connect with diverse groups within our city, ensuring that all voices are represented in our decision-making process. Our "We AR Bryant" social media campaign will continue to highlight the incredible spirit and quality of life in our city, encouraging community pride and participation.

Innovative and Adaptable

The world is constantly evolving, and so must our city. To remain competitive and continue providing excellent services, we must embrace innovation and be adaptable to change. This means exploring new technologies, adopting best practices, and being open to new ideas that can improve efficiency and enhance the quality of life in Bryant.

In 2026, we will continue to leverage technology to streamline city operations and improve resident services. This includes working to increase access for our residents through the city website and interactions, making city information and services more accessible to everyone. We will also foster a culture of continuous improvement within city departments, encouraging our staff to identify and implement creative solutions to emerging challenges.

Respectful and Responsive

We are committed to creating a city where everyone feels respected, valued, and has the opportunity to thrive. This means fostering an inclusive environment, celebrating our differences, and ensuring that city services and opportunities are accessible to all residents, regardless of their background.

In 2026, we will continue our efforts to ensure that all residents have equitable access to city information and resources. We will also focus on fostering positive relationships within our community, promoting understanding and collaboration among all groups. Our goal is to build a Bryant where every individual feels a sense of belonging and has the chance to contribute to our shared future.

Mayor Chris Treat, 9/12/25

City of Bryant Letter of Transmittal

Dear Citizens of Bryant,

The annual construction of a budget for the upcoming year is important to your community on many levels. First it creates a road map and a mission for how your city government will utilize the resources allotted to them through sales tax, franchise fees, utility rates, fines, as well as permits. This roadmap is then set into place to create, and ultimately fulfill, a long-term vision for the city.

Working with Chris Treat as Mayor over the past year has been excellent. He has lived in Bryant his whole life and worked for the city for the past eight years as Parks Director so he brings a different perspective to being Mayor. He has continued to place greater emphasis on not just the short term budget process but long term planning as well. The Finance team is excited to look at our old Focus Areas more now as a Strategic Plan. These four areas of emphasis are where we have traditionally focused our budgeting dollars year to year but with Treat's emphasis on the long term we are able to better articulate how these areas can be improved and strengthened year over year as well.

The Finance Team plans to attend Fall fest again this year on Saturday Oct 4th. This year we will not have a separate finance/budgeting survey to ask citizens to complete, instead we'll be gaathering data from the Streets Comprehensive plan survey and the City Wide Comprehensive Plan work with Crafton and Tull.

It is the desire of the council and city employees to continue a proactive stance toward our city's growth and avoid being reactive when possible. To do this takes very deliberate action, which begins with good policy and long-term planning. This planning is then implemented one year at a time. The city currently has long-term plans for some departments like water, wastewater, parks and stormwater but not for all departments. The city is continuing to work towards this goal of a long-term plan for each department and to update old plans. See plans for Water, WW? and Parks as Appendices to this budget year document.

As we work to achieve our vision, many goals are set. One of the most important of these is **public safety**. Keeping our citizens and visitors safe while in our community is imperative to the healthy growth of Bryant.

The administration of public safety for the city is implemented by way of several departments, including Police, Fire, Courts, Public Works and Animal Control. As you read this document, you will find that much of our allotted resources (funding) are consumed by our Public Safety Departments.

From the more obvious safety and community response actions that our police, fire and animal control perform to the behind the scenes work of the public works staff ensuring our local water quality is meeting all standards keeping our community healthy is a main priority. Another high safety priority is stormwater management. During 2025 a Funding Committee was formed with citizen input and 2 Council members to determine future funding sources for our public safety issues. The Committee recommends asking the votes to increase sales tax to fund the needed increases related to public safety. Crafton and Tull will also ask the citizens about this as they survey related to our City Wide Comprehensive Growth Plan.

It is no secret that as Bryant has grown, so have its traffic concerns. Traffic congestion is frustrating, bad for businesses, and diminishing to a good quality of life. We devote substantial resources to creating a **well-connected community**, again, part of our long-term planning process. Every year, we work to improve our pedestrian and cycling infrastructure, focusing first on connecting our parks, neighborhoods and schools. Many of these improvements are funded through grants that the city applies for in conjunction with city resources. In 2013, Bryant implemented a complete street policy. This policy ensures that as Bryant grows, new developments that will affect our city sidewalk and road infrastructure share in the cost of that impact. By implementing this policy, the city will have to spend less tax revenue on building infrastructure in these areas and can reallocate that money for other much-needed uses within the city. In this Budget for 2026 is \$440,000 to be taken out of the Streeet funds savings to provide the match for a grant to complete a trail along the Bryant Parkway.

During 2024 one of the Finance Coordinators applied for the Purchasing Manager position. During 2025 the Finance Department has built this position out and it has more than paid for itself within the first year. Additionally the other Finance coordinator has had expanded duties and will now serve as an Accounting Manager These are examples of **smart growth**. Smart Growth is one of our four focus areas as well.

Finally, the last significant focus area to be mentioned here is the **health and quality of life** for the citizens and visitors to Bryant. All departments contribute to this goal in one way or another, but the department whole sole focus of this goal is Bryant Parks and Recreation. As Bryant has grown, it has struggled to balance its growth with the desires of those living in our community. There is no doubt that the parks and recreation department has felt this struggle the most. Often, when budget time rolled around Parks was looked upon as a want versus a need. It has received cutbacks in areas that did not allow the employees of that department to deliver the level of services desired by citizens and visitors. This budget season for 2026 is no different in this respect. However it is different in that the former Director of Parks became the Mayor in March of 2024 and he has worked closely with the Parks Department to help them secure funding. One of the changes that should help Parks is the Implementation of a Reserve plan that will hopefully reward the Dept Directors for good planning of their future capital needs.

Personnel costs make up the largest percentage category for the general fund each year. Therefore, it makes sense that each year a lot of discussion during budget time is devoted to personnel items. Each year the Council reviews an outsourced study of payroll and its recommendations along with the budget. A section of this document typically explores this study's recommendations in detail along with a five-year comparison of personnel numbers. Council is aware of other increases to payroll in surrounding communities so endeavors to close the gap between surrounding areas payroll have been undertaken this year as well. In this document is an individual merit increase of up to a max of 3%. We are hoping these will help to bridge that difference in 2026.

With growth comes opportunities, change, and challenges. Council, the Mayor and city employees look forward to 2026 and the continued service to you and this community. We are committed to ensuring at all times we are finding creative ways to make the most of the resources you have entrusted to us. We hope you find the following pages breaking down the budget process, department accomplishments, goals, performance measures and accompanying resources to your satisfaction, and that we are being the best stewards possible with the revenues we receive to operate the City of Bryant.

Sincerely, Joy Black

Adding Transparency to the Budget Process

For the 2025 budget season, the Finance Department decided to take a new approach to the annual budget survey. The goal to receive better engagement from the citizens regarding the budget. In the 3 prior years, the Finance Department received feedback through the survey from City Council and the various committees but only one response from a citizen that was not on council or a committee. The Finance Department teamed up with the Mayor's office to update the annual budget survey. Instead of handing out a paper copy of the survey at the Bryant Fall Fest, an electronic survey was created. By using an electronic format, the annual budget survey was created to not only engage with the citizens of Bryant, but also visitors and businesses. The results were great. As of 11/13/24 we have had responses from over 270 individuals. See one of the email messages about the survey below as well.

WW.CITYOFBRYANT.COM

Your city budget is not just an accounting document. It is a management and planning tool for your community.

Because the City is limited by the amount of resources available, the Budget helps your city staff and officials in determining what projects or objectives have the HIGHEST priority and will produce the greatest positive impact on our city.

City budgets are generally composed of an operating budget, showing expenditures, and a capital budget, which shows the financial plans for long-term capital improvements, facilities, and equipment.

Funds that are highlighted during the budget process.

General Fund which is supported by local sales tax and revenues generated by city processes. This fund is responsible for many of the items Bryant residents consider a quality of life benefit.

Street Fund:

This fund is set by Arkansas state law to account for money to be spent on roads. This money can NOT be used for any projects not pertaining to Streets.

Water/Wastewater:

This fund is made up of several different revenue streams and is used to account for items related to Wastewater (sewer) activities for the residents of Bryant. These revenues are created by your utility bill charges and must pay not only for the daily upkeep of our water and wastewater system but also in the upgrades and repairs needed for aging infrastructure and needs placed on it by the rapid growth the city of Bryant.

In addition to the Finance Team being at Fall Fest 37 city teams from Animal Control, Community Engagement Committee, and Stormwater were all present. See Animal Control Director, Tricia Power, giving a Animal Control illustration to one young enthusist.

Process, Timeline and Basis for Budgeting

The City of Bryant's audited financial statements follow the accrual method, while its budget is prepared using the modified accrual method. The primary difference between these methods, particularly for the City of Bryant, is the treatment of capital assets. In the budget, capital assets are recorded as expenses requiring Council approval and are categorized under the 58XX series of accounts. However, in the audited financial statements, these expenses—along with applicable debt principal and interest payments—are adjusted and reflected in the balance sheet. For these reasons this budget document is not prepared in the same manner as the Annual Comprehensive Financial Report. This budget document is used as a management tool for projecting and measuring revenues and expenses.

The City of Bryant typically begins constructing its budget for the upcoming year in August or September of the previous year. The Finance Director and Mayor meet with Department Heads to identify any significant anticipated changes from one year to the next. The Finance Director then opens a draft budget in the city's financial software and requests that Department Heads input their budget proposals.

Once all department budgets are submitted, the Finance Director compiles the information into a draft booklet for review by the Mayor and Department Heads. After reviewing and making necessary adjustments, a final draft is presented to the City Council, usually at the last Council meeting of the year, for adoption.

The Council approves the budget by revenue and expense categories for major funds by department. Changes on thislevel are required to come back to Council as well.

However, within the same category and department, small adjustments can be made with the approval of the Finance Director and the Department Head. At times department heads bring changes with in a category as well for transparency.

The Government Finance Officers Association (GFOA) grades Budget Books annually based on their effectiveness in four areas:

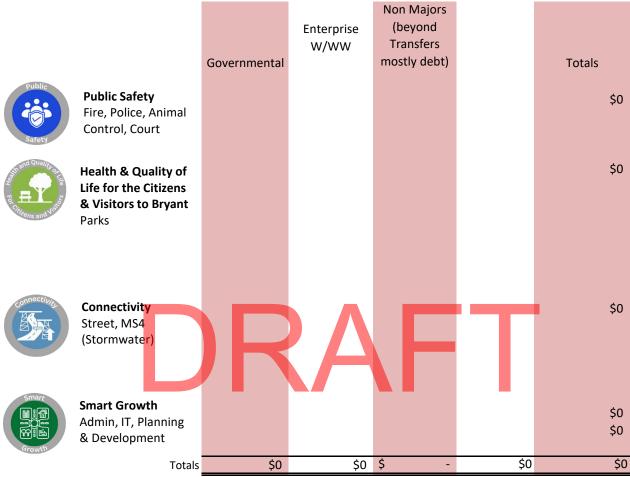

As a Policy Document (P Criteria)
As a Financial Plan (F Criteria)
As an Operations Guide (O Criteria)

And as a Communication Device (C Criteria)

See these criteria areas on the Table of Contents or at the GFOA website at www.gfoa.org

Budget/City Strategic Focus Areas

Since 2014 the Four Areas shown below have been the identified and pursued Strategic Focus Areas of the City of Bryant. In this document we have tried to align the Letter of Transmittal along these focus areas as well as all departmental goals, accomplishments and performance measures. Certain departments meet more than one of these goals and are listed as such. This format provides a clear framework around which Department Heads and Departments as a whole can organize their time and resources.

The chart above does not include the non major funds.

NOTE starting with the 2023 budget transfers were no longer planned for Water and Wastewater as new software allowed for separating out those two depts into two separate funds for budgeting purposes.

RESOLUTION NO. 2025 -xx

A RESOLUTION PROVIDING FOR THE ADOPTION OF A BUDGET FOR THE CITY OF BRYANT, ARKANSAS FOR THE TWELVE MONTH PERIOD BEGINNING JANUARY 1, 2026 AND ENDING DECEMBER 31, 2026

WHEREAS, the City Council has reviewed the proposed budget submitted by the Mayor and;

WHEREAS, it is the finding and conclusion of the City Council that the schedules and exhibits of anticipated revenues and expenditures for the calendar year appear appropriate for budgetary purposes.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BRYANT, ARKANSAS THAT:

This resolution shall be known as the budget resolution for the City of Bryant, Arkansas, for the Section 1. twelve (12) month period beginning January 1, 2026 and ending December 31, 2026. The attached budget, incorporated herein, reflects estimated revenues and expenditures as set forth on the

The respective funds for each item of expenditure proposed in the budget for 2026 are hereby approved and adopted for the operation of the City of Bryant, Arkansas, by the City Council on this date and constitute an appropriation of funds which are lawfully applicable to the items contained with the budget.

The Mayor or the Mayor's duly authorized representative may approve for payment, out of funds appropriated by this budget or otherwise approved by the City Council for that purpose or may disapprove any bills, debts, or liabilities asserted as claims against the City up to a maximum amount allowed by Arkansas law and the payment or disapproval of any bills, debts, or liabilities exceeding that amount shall require the confirmation of this governing body.

PASSED AND APPROVED this 1xth day of December, 2025.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

For the Fiscal Year Beginning

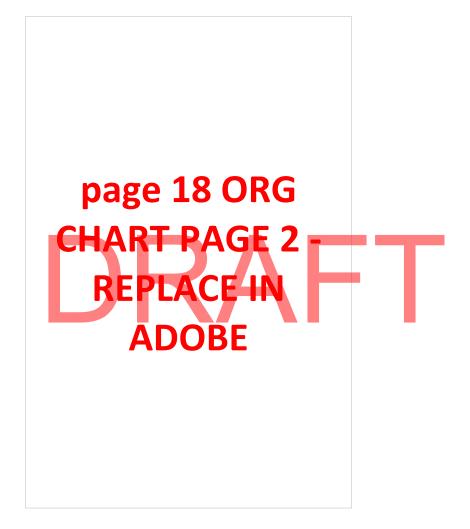

January 01, 2025

Christopher P. Morrill

Executive Director

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Bryant, Arkansas, for its Annual Budget for the fiscal year beginning January 1, 2025. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communicative device. This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

The City of Bryant have put in place several policies to promote compliance and integrity in accordance to Arkansas Code annotated.

As a municipality, the City of Bryant has an established system of internal control that provides reasonable assurance that objectives have been achieved in 1) the effectiveness and efficiency of operations, 2) the reliability of financial reporting and 3) compliance with applicable laws and regulations. The City of Bryant also has established an effective anti-fraud program that: 1) creates a culture of honesty, 2) evaluates the risks of fraud and implements the processes, procedures and controls needed to mitigate those risks and 3) develops an appropriate oversight process. It is the policy of the City of Bryant, to the extent that is reasonable, to conduct its contracting affairs in an open, competitive manner.

ACCOUNTING, AUDITING, PURCHASING AND FINANCIAL REPORTING CITY POLICIES

The City's accounting and financial reporting systems will be maintained in conformance with Generally Accepted Accounting Principles (GAAP) and the standards set by the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA).

An independent public accounting firm will perform an annual audit. The auditor's opinion will be included with the City's published Annual Financial Reports.

The City's Budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide for all organizational units and as a communications device for all significant budgetary issues, trends and resources.

Monthly Reports shall be prepared and presented to the Bryant City Council on a timely basis. A Purchasing Policy was adopted by Council along with the 2021 Budget Book by Resolution 2021 -32.

Balancing the budget - the state of Arkansas requires that a balanced budget be presented to Council by December 1st before the year of the budget proposed in State Statute 14-58-201.

Ordinance 2007-35, ACA 14-58-303 and ACA 14-58-306, outlines that the Mayor may sell city assets not exceeding \$6000 in fair market value without competitive bidding. The sale of city assets over \$6000 in fair market value must be brought to council for disposal approval and recommendations.

Ordinance 2014-01 ACA 14-43-501 provides for organization of the City Council meetings and approval of the financial report from the previous month as a new business item at each monthly council meeting.

Ordinance 2021-26 ACA 19-1-505 outlines investments for municipal governments and creates an Investment Advisory Board to oversee and make recommendations regarding investments of monies regulated by the policy.

Ordinance 2022-18 ACA 14-59-105 establishes best practices for internal controls to make electronic fund disbursements of municipal funds.

DEBT MANAGEMENT CITY POLICIES

The City will seek to maintain and, if possible, improve its current bond rating in order to minimize borrowing costs and preserve access to credit. The City will encourage and maintain good relations with financial bond rating agencies and will follow a policy of full and open disclosure.

Every future bond issue proposal will be accompanied by an analysis showing how the new issue combined with current debt impacts the City's debt capacity and conformance with City debt policies.

Financing shall not exceed the useful life of the asset being acquired.

The City will not use long-term debt to finance current operations.

The general policy of the City is to fund capital projects (infrastructure) with new, dedicated streams of revenue or voter approved debt. Nonvoter approved debt may be utilized when a dedicated revenue source other than general revenue can be identified to pay debt service expenses.

Interest earnings on bond proceeds will be limited to: 1) funding the improvements specified in the authorizing bond ordinance; or 2) payment of debt service on the bonds.

Utility rates will be set to ensure debt service coverage exceeds the bond indenture requirement of 110%.

The City shall comply with the Internal Revenue Code Section 148 - Arbitrage Regulation for all taxexempt debt issued.

Proceeds from debt will be used in accordance with the purpose of the debt issue. Funds remaining after the project is completed will be used in accordance with the provisions stated in the bond ordinance that authorized the issuance of the debt.

CAPITAL MANAGEMENT CITY POLICIES

A Capital Improvement Plan will be updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset costing more than \$5,000 and having a useful life (depreciable life) of two (2) years or more, per Resolution 2021-03.

Proposed capital projects will be reviewed by a cross-departmental team for accurate costing (design, capital, and operating), congruence with City objectives and prioritized by a set of deterministic criteria. Financing sources will be sought for the highest-ranking projects.

Capital improvement operating budget impacts will be coordinated with the development of the annual operating budget. Future operating, maintenance, and replacements costs will be considered.

In 2024 Mayor Chris Treat began work on a Reserve Plan. Here is a draft below at 9/12/25, keep in mind this will be for the five major funds of General, Water, Wastewater, Street, and Stormwater

DRAFT RESERVE PLAN

Adequate reserve levels are a necessary component of the City's overall financial management strategy and a key factor in external agencies' measurement of the City's financial strength. Maintenance of fund reserves for each major fund (determined by Administration to be General, Street, Stormwater, Water and Wastewater funds) assures adequate resources for cash flow and to mitigate short-term effects of revenue shortages. Reserve funds are necessary to enable the City to deal with unforeseen emergencies or changes in condition.

General Policy

The City shall maintain reserves required by law, ordinance and/or bond covenants. All expenditures drawn from reserve accounts shall require prior Council approval unless previously authorized by the City Council for expenditure within the City's annual budget. Any expenditures will comply with our purchasing policy. If reserves and/or fund balances fall below required levels as set by this policy, the City shall include within its annual budget a plan to restore reserves and/or fund balance to the required levels. All reserves will be presented in the City's annual budget.

B. Contingency Reserve

The City will maintain a Contingency Fund and shall maintain a reserve equal to \$1,000,000 to provide a financial reserve to cover revenue shortfalls resulting from unexpected economic changes or recessionary periods or to provide funds in the event of major unplanned expenditures the City could face as a result of natural disasters. City Wide total this would be \$5,000,000. \$1,000,000 for each major fund.

C. Operating Reserve

The City will maintain an operating reserve to provide for adequate cash flow, budget contingencies, and insurance reserves. The operating reserve will be determined as follows: 1. Cash Flow Reserve: The City will maintain a cash flow reserve in an amount a minimum of 90 days of budgeted payroll expenditures by major fund. The City will review this annually during budget preparations.

D. Capital Reserve

The City will maintain a sufficiently funded capital reserve based on the capital depreciation schedule by major fund. The required level of reserve will equal 10% of the fund's depreciated value of depreciable assets as per the latest audit.

E. Grant Reserve

The City will maintain at least \$250,000 in reserves for grants applications to cover the city's portion of matching grants for a total of \$1.25 million city wide. This bucket may not be spread equally among the five major funds.

F. Debt Reserve

The City will maintain at a minimum one annual payment of principal and interest related to each debt issuance both short term (less than 5 years) and long term.

Excess Reserve

The City may use excess above the targeted reserve levels for:
new expenditures, with emphasis on one-time uses that achieve future operation cost reductions
capital asset investments with a long term benefit of prepaying existing debt
employee bonuses, retirement benefits or
interest earning investments allowed by state law

In 2024 Mayor Chris Treat began work on several new plans, see a DRAFT of the proposed Annexation Plan on 2/14/25 below.

A Proactive Approach to Annexation Benefiting the City of Bryant

The City of Bryant has long been, and will continue to be, a desirable place to live. However, as developable land within city limits becomes increasingly scarce, new development has been pushed beyond these boundaries. This expansion has led to the creation of several neighborhoods within the Bryant School District but outside the city limits. Over the years, this has resulted in a situation where the City provides essential services to these areas without receiving the corresponding sales tax or property tax revenue needed to fund those services. It's clear that the City is currently missing out on revenue that would significantly offset the costs of the services we are already providing to these neighborhoods.

To address this issue, we intend to implement a proactive annexation plan designed to gradually reverse this trend. Our goal is to annex both existing and future developments that impact city costs, ensuring that the City recoups the expenses associated with these developments.

Our plan will focus on three key areas:

- 1. **Established Neighborhoods**: acknowledging areas that are already developed and receiving city services but not paying property or sales tax to the City of Bryant.
- 2. **Neighborhoods in Early Development Stages**: Identifying and annexing neighborhoods that are still in the initial phases of development. Allowing the city to benefit from the substantial sales tax on construction material and provide more quality control requiring these developments to pass city inspection.
- 3. **Undeveloped Land Likely to be Developed Soon**: Proactively annexing land that is expected to be developed in the near future. Allowing for better comprehensive and streamlined planning for smart growth.

This strategic approach will help ensure that the City of Bryant can continue to thrive while maintaining the quality of services our residents expect and deserve.

The City of Bryant is committed to communicating with the residents about this annexation plan every step of the way.

- (1) Currently there exists over 1200 homes that lie within the Northern Extraterritorial Jurisdiction but outside the City Limits with another 4000 future homes possible. Extraterritorial jurisdiction (ETJ) refers to a designated area one mile outside of a city's incorporated boundaries where the city has limited regulatory authority. It's a buffer zone that allows a city to extend its influence beyond its corporate limits for future growth and development. Anticipated property tax for 1200 homes is estimated to be \$160 per home for a total annual revenue of \$192,000. 5000 homes would be \$800,000. American households spend on average approximately \$9500 annual on online purchases. At a 3% sales tax rate, 1200 homes would generate \$342,000 sales tax annually, whereas 5000 homes would generate \$1,425,000 annually. New construction sales tax on materials for homes is estimated at \$5,500 per home.
- (2) Public safety operates a mutual and automatic aid agreement with the County in the ETJ. Parks are also used heavily by county residents closest to the city limits. The city department that does not currently service these areas in any way is the Street Department taking on these additional streets will provide issues for the street fund.

A sample of how these items might affect a four person family living in a \$200,000 house is shown below:

FUND STRUCTURE ORGANIZATION CHART

Governmental Funds

General Fund (001) is the city's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.

Electronic Tax Fund (010) is used to house payroll associated liabilities and sales taxes as they come in from the state. Any fund leftover in this fund over a period belong to another entity such as the state, county, employees, etc. This fund merely serves as a clearing fund.

Street Fund (080) is a special revenue fund to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street fund is financed by state turnback funds, and a portion of a state-wide 1/2 cent sales tax approved by the voters in July 2013.

Enterprise Funds

Utility Revenue Fund (500) is used to account for activities associated with collecting the revenues of water, wastewater, and stormwater via the monthly bill collections and the treatment and distribution of drinkable water to customers in department 0900.

Utility Operating Fund (510) is used to account for activities associated with collecting, treating, and disposing sewage from customers in department 0950.

Stormwater Utility F<mark>und (515) is used to account</mark> for activities asso<mark>ci</mark>ated with completing major capital stormwater projects.

Debt Service Funds

2016 Sales & Use Tax Bond Funds (110, 113, 114) These bonds were obtained to fund two Fire Stations, several Parks Projects and the Street connection from I30 to the Airport.

Street Bond 2016 Debt Service Fund (185) These bond funds were refunded in 2016 and the proceeds used to fund the on off ramp connecting I30 to the Street discussed above connecting I30 to the Airport and providing traffic relief along Reynolds Road.

Street Bond 2016 Debt Service Reserve Fund (186) is the Debt Bond Requirement for the 2016 Franchise Fee Funded Bonds.

W/WW Ref Rev Bds 2017 Bond Fund and W/WW Ref Rev Bond Debt Service Revenue Fund (604 & 606) hold money associated with the 2017 Water/Wastewater Revenue Bonds - These bonds have been refunded and used several times to fund various Water and Wastewater infrastructure needs.

The 2023 Revenue Bond Fund (182) is used to pay the bond to the Trustee Regions & the 2023 Debt Service Fund (183) is the Debt Bond requirement to support the 2023 Bond issuance.

Capital Project Funds

2023 Improvement Fund (188) were designated to be spent within three years of the 2023 Sales & Use Bond for the second half to the Parkway.

Special Revenue Funds

Sales Tax Fund (002) is where the initial deposits of sales tax collections from the state before being distributed to other funds. For audit purposes it is shown with the General Fund (001).

Franchise Fees (003) is where the initial deposit of franchise fees collected from utility companies before being distributed to other funds. For audit purposes, it is shown with the General Fund (001).

Designated Tax Fund (005) Bryant Ordinance no. 1996-08 (March 25, 1996) provided for the levy of a one cent sales and use tax for the purpose of street improvements (30%), fire department (25%), police department (25%), city parks (10%), and animal control (10%)

Animal Control Donation (020) Bryant City Code 6.12.01 (2013) via Ordinance 2011-24 established fund to receive donations for the animal control department to be used for any purpose reasonably related to the care, custody, and control of animals secured by the department including training, education, and assistance.

Act 1256 of 1995 (030) Administration of Justice Fund - ACA 16-10-308 established that cities would receive a share of the uniform court costs and filing fees levied by the state law. These may be used to defray a part of the expenses of the administration of justice in the City. These funds are kept and spent from this fund.

Act 1809 of 2001 (031) District Court Automation Fund ACA 16-13-704 established that 1/2 of \$5 per month on each person in the court could only be used for court-related technology. These funds are kept and spent from this fund.

Park 1/8 Sales Tax O & M (045) Bryant City Code 12.32.01 (2013) levied a .125% sales and use tax to be used to acquire, construct, improve, expand, equip, furnish, operate and maintain new or existing park and recreational facilities, including parking, landscaping, signage, lighting, concession, road and utility improvements, and to pay and secure the repayment of park and recreational bonds.

Act 833 of 1991 (051) Fire Equipment and Training fund is used to account for specific revenues per ACA 14-284-403, 404 which requires insurance premium tax funds to be distributed by the County to municipal fire departments for training, purchase and improvement of fire fighting equipment, initial capital construction or improvements of fire departments, insurance for buildings and utilities costs.

Fire 3/8 Sales Tax (055) Bryant City Code 2.36.07 (2013) levied a .375% sales and use tax to be used to operate and maintain; acquire apparatus and equipment, acquire, construct, improve, and expand facilities; to pay and secure repayment of fire department bonds

Act 918 of 1983 (061) ACA 12-41-701 established the ability of cities to receive a portion of fines and penalties from the Courts to be used for law enforcement purposes. These funds are kept and spent from this fund.

Act 988 of 1991 (062) ACA 27-22-103 established the ability of cities to receive the fine for citizens who fail to insure their motor vehicles and use those fines for the purchase and maintenance of rescue, emergency medical, and law enforcement vehicles, communication equipment, animals owned or used by law enforcement agencies, life saving medical apparatus, and law enforcement apparatus. These funds are kept and spent from this fund.

Federal Drug Control (066) and State Drug Control (068) established that asset forfeitures resulting from drug offense cases should go to the arresting agency. These revenues shall only be used for law enforcement purposes.

Depreciation WW (525) holds money set aside each month by the Customer Service Management Group per the Bond Debt Covenants.

Impact Water and Wastewater Funds (550 & 555) holds money collected by Code Enforcement as well approximately \$600 collected for Water and \$500 for Wastewater.

Any planned dipping into Fund Balances is the result of Capital Plans. Street adopted capital plans for \$xxx,xxx in this budget and Water/Wastewater adopted plans for \$240,000/ (plus \$xxxx of depreciation expense as well). Note further that some one time capital projects will be requested out of General Fund savings in January of 2026 after this initial budget was adopted. Council wisely waited to see how the year ended before approving these projects. Council and the Administration has followed this process for the past several years.

City of Bryant, AR 2026 Budget Book Summary of 2020 -2022 and Category Totals for Major Funds

City Wide Revenue Overview

GFOA recommends long-range operating financial plans to help cities identify trends and potential impacts. The following General Fund Forecast and City Wide Revenue Review pages attempt to address this recommendation. The next page is a forecast of the General Fund through 2030 based off a look back to 2022. The city took the historical averages of increases over the last three years and used these to forecast out the next five years. The outcome is what was expected - i.e. the city 's expenses are outpacing its revenues. For the past several years the Finance Department has been advising the Mayor and Council that revenue sources need to be diversified and increased. With the new Mayor entering office in March of 2024 he began to work on this issue and has encouraged the Finance department to include the next page after the forecast. This page is a review of the revenues sources and amounts over the past decade and a list of the possible other areas/ ways to increase revenues over the next three to five years.

Note further on 2/13/25 that Council voted to ask the citizens in a general election about paying off the 2016 debt and extending the sales and use tax to fund an entertainment venue. This in theory would increase economic development and increase associated revenues such as sales tax, property tax and franchise fees, etc.

City of Bryant Revenue Sources & Financial Considerations

Like many cities in Arkansas, Bryant relies heavily on sales tax revenue to fund its general and street operations. Property values and corresponding millage rates in the state are significantly lower than the national average, which presents financial challenges.

One major issue with this dependence on sales tax is its unpredictability. Sales tax revenue fluctuates with both local and national economic conditions, making it difficult to forecast on an annual basis. While the current city administration has no plans to increase the overall sales tax rate, it is considering reallocating the existing tax revenue. Currently, 1% of sales tax revenue is undesignated, while 3/8 of another 1% is allocated to the Fire Department—without a similar designation for the Police Department. The administration is exploring the possibility of putting a proposal to the voters to modify these allocations, reducing the undesignated portion and increasing the funding specifically for the Police Department to better align with community priorities. For more details, see the Focus Areas on page 15 of this document.

The second-largest revenue source for the general fund comes from various city fees. Each year, the city includes an appendix listing these fees to assist department heads in their annual review. This year's fee schedule can be found on pages 93-95.

Bryant continuously reviews fee structures in surrounding cities to ensure its rates remain competitive while cove

By summer 2025, city management hopes to present a proposal to the City Council for adding a dedicated mill for Fire and would create a more sustainable funding structure for public safety—an area that citizens have identified as a top priority. Arkansas law allows cities to allocate 1 mill for Fire and Police Pensions without requiring a public vote. This could generate pension costs, would help offset expenses and free up funds for much-needed facility maintenance. e and Police pension s. Combined with the proposed adjustments to sales tax allocations, this

ximately \$415,000 in revenue, which, while not covering the full \$1.2 million in

The city receives monthly state turnback funds, with allocations based on population counts. One way to increase this revenue stream is through annexation, as higher population numbers translate into greater state funding.

One of the most pressing revenue challenges involves funding stormwater repairs and maintenance. As an Enterprise Fund item, stormwater revenue is not included in the general fund.

As of September 20, 2024, the city is nearing completion of a Stormwater Feasibility Study. The study is expected to show that the city's current flat stormwater rates—\$3.00 for residential properties and \$6.00 nercial properties—are insufficient to meet the city's stormwater infrastructure needs.

Many cities across the U.S. base stormwater fees on permeable surface area, ensuring a more equitable distribution of costs. If Bryant adopts a similar model, it would provide a long-term funding solution for stormwater maintenance, education, and improvements. Historically, these projects have been funded through a mix of fees, grants, and ARPA funds, but a sustainable revenue stream is needed moving forward.

Shortly after taking office, Mayor Treat initiated discussions with committee and council members regarding an official City Annexation Policy. Since Bryant is bordered by Benton (west) and Alexander (east), most future annexation opportunities lie to the north—with limited expansion potential to the south due to the proximity of Bauxite.

The city is considering strategic annexation efforts as outlined in the Economic Forecast on page 32. While annexation often results in short-term financial losses, long-term revenue growth occurs in two key areas:

velopment Phase – Revenue from building supplies and new neighborhood construction

Population Growth - Higher census counts increase State Turnback allocations

The goal is to expand the city's borders to align more closely with the Bryant School District boundaries. Many families in these areas already feel connected to Bryant and utilize city services, including fire and police protection, parks, senior centers, and youth programs. However, without annexation, the city does not receive the necessary revenue to support these services. For more details, see the Annexation Policy Draft on page 24.

Advertising & Promotion (A&P) Tax

Bryant previously had an A&P tax in 2018-2019, but it was discontinued—a decision that the administration and finance department believe reduced revenue diversification

During its implementation, the A&P tax helped maintain city parks and fund community activities for two years. Surrounding cities continue to collect A&P taxes, which, under Arkansas law, can only be used to fund parks and city advertising. The tax is typically applied at up to 4% on prepared food and hotel stays.

The administration plans to reintroduce the A&P tax proposal for a public vote during the May 2027 Special Election. The goal is to educate residents on how these funds can enhance city services—while much of the tax revenue would come from visitors traveling along the Highway 130 corridor.

Impact Fees

The city is conducting a comprehensive review of impact fees in 2025.

Impact fees are assessed on new developments to help fund increased services resulting from growth. These fees could potentially provide funding for Fire, Police, Animal Control, and other essential services. A study was initiated in 2024, with findings expected to be shared with the City Council and residents in 2025.

Grants & Other Funding Sources

(See $pages\ 53\text{-}55$ for detailed grant information.)

In recent years, Bryant has been fortunate to secure \$7 million in Metroplan grants for completing the Parkway and \$4.3 million in ARPA funds for water, wastewater, and stormwater projects. However, as these grant-funded projects wrap up, it will be increasingly important for the city to diversify and expand its revenue streams to meet the growing expectations of residents

AR Association of Chiefs of Police Bulletproof Vest Reimbursement
Metroplan Surface Transportation Block Grant (STBG)

Total Received \$2,263,090.00

ALCOA TO MILLS PARK TRAIL & RENOVATION

Awarded: \$320,000 Match: \$129,264.35

The Alcoa to Mills Park Trail project will create a 12 foot wide multi-use path linking Mills Park to Alco Park, which connects directly to the Bryant Parkway Trail. Running from the south side of Alcoa Park on Shobe Road to Mills Park Road, this connection enhances recreational and transportation options. To support this connection, the heavily used Mills Park Trail will also be resurfaced to improve safety, accessibility, and long-term usability. The Metroplan TAP grant was awarded to cover construction cost overruns associated with the project and to assist with the Mills Park Trail overlay.

CITY OF BRYANT LIFE-SAVING AED PROJECT

Awarded: \$2,090

Grant funds from the Blue & You Foundation Mini Grant supported the purchase of the City's first Automated External Defibrillator (AED) at Bryant City Hall. The AED was installed in the Court Room, a central and highly utilized space. This project filled a critical safety gap, ensuring City Hall is prepared to respond to emergencies.

BRYANT PARKWAY TRAIL CONSTRUCTION

Awarded: \$1,760,000 Match: \$440,000

The Bryant Parkway Trail will link two existing sections of the Bryant Parkway multiuse trail, beginning near Raymar Road, crossing the I-30 corridor via the overpass, and extending to Highway 5. This project will provide a safe, dedicated route for pedestrians and cyclists, improving access between the North and South sides of Bryant. The Metroplan CPRG was funded to support the project's construction phase.

BULLETPROOF VEST REIMBURSEMENT

Awarded: \$1,000

Through the Arkansas Association of Chiefs of Police Bulletproof Vest Reimbursement Program, the City was awarded \$1,000. The program provides \$250 per vest for up to four vests each year, helping to reduce the costs for essential protective gear used by Bryant police officers.

HILLDALE-MIDLAND CONNECTOR TRAIL

Awarded: \$180,000 Match: \$45,000

The Hilldale-Midland Connector Trail is a proposed 1.05 mile, 12 foot wide multi-use trail connecting Hilldale Road to Midland Park. This trail will provide a vital link between community destinations, including the Oak Glenn and Kings Crossing subdivisions, Parkway Elementary School, and Midland Park. The Metroplan STBG was awarded to cover the design phase cost overrun and right-of-way acquisition costs.

FIRE DEPARTMENT SCBA UNITS

Applied to purchase 40 SCBA units, including harnesses, two cylinders each, and face pieces to enhance safety.

Applied For: \$458,733.45

Match: \$45,873.35

PD MENTAL HEALTH, WELLNESS, & FAMILY SUPPORT INIATIVE

Applied to hire a full-time mental health counselor to support Bryant PD personnel and their families.

Applied For: \$193,750

BISHOP PARK LIGHTS

Applied to install 32 light fixtures throughout Bishop Park to enhance visibility, safety, and evening use of the park.

Applied For: \$238,064

Match: \$59,516

BISHOP PARK LIGHTS

Applied to install 32 light fixtures throughout Bishop Park to enhance visibility, safety, and evening use of the park.

Applied For: \$238,064

Match: \$59,516

POLICE DEPARTMENT HIRING PROGRAM

Applied to add four new officer positions with federal support covering a portion of their salary and benefits over a three-year period.

Applied For: \$500,000

Match: \$440,368

ALCOA 40 PARK FIELD LIGHTS

Applied for new field lights for the lacrosse field and two softball fields at Alcoa 40 Park.

The use of Long Term Debt or Bonds is an essential item to many municipalities to allow them to fund larger more costly projects. Similar to individual financing a car, bonding allows city's to spread the expense of an item over the life of the item. In many cases city's assets like roads and water plants have thirty plus year life spans.

Amendment 62 to the Arkansas constitution limits City General Obligation Debt (GO) to a limit of less than 20% of that area's assessed property values. The City of Bryant has no long term (more than 5 years) GO Debt. Its debt on the following pages is tied to specific revenue sources such as sales tax, franchise fees or water and sewer rates.

TOTAL CITY DERT PAYMENTS

The Enterprise Debt Issuances are Revenue Bond Debt. Prior to issuing enterprise fund bonds, an analysis of current revenues and expenses is conducted to determine the revenues required to support a bond issue.

Amendment 78 of the Arkansas constitution governs short term (less than 5 years) government borrowing and limits it to 5% of the assessed value of the property located within the City.

The limites for both Amendments 62 and 78 are reviewed each year in the Annual Audit in the Statistical section, debt capacity.

DRAFI

The City of Bryant uses the Job Evaluation and Salary Administration Program known as JESAP to evaluate its overall Personnel costs. This system is provided by an independent vendor named JER HR Group. During 2024 the individual the city and AML had worked with for more than ten years retired and sold the company to a national company called Trainery. The system had previously compared the City of Bryant with 12 of these data sources. For the last seven years with the budget process the most currently available JESAP study has been reviewed and accepted by Council as well. This year for the 2026 Budget Book we will be using an annual market study conducted by Compbuilder received 8/13/25 and listed as Exhibit 15. This Exhibit shows the City of Bryant at 8.78% below the Midpoint in salaries. Out of 218 positions listed it showed 17 under the minimum, 72 in the 1st Quartile, 99 in the 2nd Quartile, 27 in the 3rd Quartile, 3 in the 4th Quartile and zero over the max. In an attempt to remain competitive this budget includes up to a 3% possible merit based on evaluations. The hope is that this will allow the city of Bryant to remain competitive while we explore long term solutions to our market study needs.

- (A) Note that Water and Wastewater also play a large role in the Health and Quality of Life Focus Area.
- (B) Includes Fall Fest, Business License Letters, Hwy Billboard, and coloring book giveaways to 600 kids
- (C.) Unavailable currently due to mid software conversion.
- (D) The reduction in Unaccounted for Water in 2022 was due to efficiencies created with the water crew and distribution system of locating leaks in the main lines and repairing quickly.
- (E) Began collecting data for this metric in 2022, Instagram added in 2024
- (F) Due to a software conversion, permits were most likely misclassified in the system at the beginning of the year.
- (G) The City Engineer left in the 3rd Quarter and Joe Henry from the Engineering Department supplied that last quarter of data.
- (H) Measurement changed from linear feet to tons in 2023 due to shifting costs of asphalt

Governmental Funds

The City has two major Governmental Funds - the General Fund and the Street Fund. The General Fund includes the Sales Tax Fund 002, the Franchise Fee Tax Fund 003, and the Electronic Tax Fund 010 when it is shown in the audited financial statements. However, so that the individual budgeted lines can be viewed by Council those funds are broken out in this budget book and shown under the Non Major Governmental Funds section. General Fund includes Administration Department, Office of Technology (IT), Community Development, Animal Control, Courts, Parks and Recreation Department, Fire Department, and the Police Department. Administration includes the Mayor, City Clerk, Office of Technology, Human Resources, and Finance whose department code is 0100 and the IT with department code 0110. Community Development's department code is 0120. Animal Control is department 0200. The Court system is shown in department 0300. However, note that the Judge is elected and half of the Courts costs are borne by the city and half by the county.

Parks and Recreation is shown by park in the following departments 0400 for Parks General, 0410 for Mills Park, 0420 for Midland Park, 0430 for Bishop Park and Center, 0440 for Alcoa Park and 0450 for Ashley Park. The city has a few more small parks but the expenses associated with these are shown under Parks General 0400. The Fire Department is in the General fund under 0500 and the reciprocal agreement the City has with Springhill Fire District is shown under department 0510. The Police Department is shown under Departments 0600 for General Patrol and Administration of PD, 0610 for the department that shows the costs and revenues associated with non-uniformed civilian employees, 0620 for the department that shows the costs and revenues associated with the School Resource Officer Program that is has its costs split between the City of Bryant and the Bryant School District, and the K9 unit costs are shown under department 0630. The General Fund accounts for all the City's financial resources of the general government except those required to be accounted for in another fund.

The Street Fund is 080 and is a special revenue fund used to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street Fund is financed by state turnback funds and a portion of a state wide 1/2 cent sales tax and 30% of the 1% Designated Tax.

While Street is a Governmental Fund it is managed under the Public Works Director with all the Enterprise Funds.

Other Governmental Funds are shown together and listed in this document as Non Major. These Non Major Funds include some Special Revenue, Debt and a Construction Fund.

Elected City Clerk at City Hall - 210 SW 3rd St.

Elected City Clerk, Mark Smith

Terms 2023 to 2026

The City Clerk is an elected official, who like the Mayor and Council, works for the citizens.

Mission Statement: To ensure the City's legislative processes are open and transparent by providing a bridge between citizens and government through the dissemination of information, and to ensure the preservation, access and integrity of records required to be stored for legal and business purposes.

The Clerk's office provides staff support for the City Council, preparing and maintaining the Council meeting minutes and maintaining public access of the Ordinance Manuals. The City Clerk is responsible for recording and publicizing the proceedings of the meetings, preparing the council approved ordinances and resolutions which are numbered, signed by the mayor and attested by the clerk and sealed. The Clerk is the legal custodian of the city's official records and city seal.

It is also the duty of the City Clerk to receive, file, and retain the Code of Ethics and Financial Disclosure Statements from appointed municipal commissioners and elected officials, including the mayor, aldermen, clerk, treasurer, city attorney, and municipal judge and to work in cooperation with the Saline County Election Commission to prepare for City Elections. The term of office for the City Clerk is four years.

Elected City Attorney at City Hall - 210 SW 3rd St.

Ashley Clancy

Mission Statement: It is the mission of the City Attorney's Office to provide sound legal advice to the Mayor, City Council, City Departments, Commissions and Committees. It is also our mission to initiate and defend legal actions on behalf of the City, which may include City employment and personnel matters, condemnations, property issues, zoning issues, contract and lease disputes, and other causes of action in both State and Federal Courts.

Additionally, it is the mission of this office to prosecute in the criminal division of Bryant District Court misdemeanor offenses, traffic law and ordinance violations which occur within the city Limits in a thorough, efficacious, and equitable manner and to assist the authorized and assigned departments in the enforcement of laws and the protection of the health, safety, and welfare of the citizens of the City of Bryant.

Goals

- 1. To promote integrity in all facets of work and professional conduct.
- 2. To serve our community with competent professional legal representation.
- 3. To treat all persons with a professional, respectful and compassionate manner.
- 4. To be accountable for ensuring the policies of the office and the needs of the community are served.
- 5. To be open and forthright in our communications with all parties involved in any city legal related issues.

Legal Advice to the Public

The City Attorney is the attorney for the City of Bryant as represented by the elected Mayor and Council Members. Because of that relationship, the office cannot represent or provide legal advice to the public, individual citizens or private organizations.

- 3. Sucessfully completed 3 month- long challenges offered by Best Friends Animal Society, which led to us winning multiple grants through Best Friends, expanded the volunteer program implementing new programs such as the long term fostering, regular Doggy Day Out, in shelter volunteering and internships.
- 4. Implemented the Commun<mark>ity Cat Program, intended to reduce feral populations, while improving lifes</mark>aving efforts for cats there is still a ways to go to streamline the program, but it is off to a great start.
- 5. Focused efforts to remove <mark>barriers to adoption</mark> and expanded reclaim efforts by empowering officers and staff to recognize when a pet owner needs asistance instead of always defaulting to enforcement.
- 6. Replaced all ACO vehicles with new units and purchased a horse trailer. The adoption trailer has been ordered, and is scheduled to be delivered in early 2026. (all paid with Amend 78 over 5 years)
- 7. Explored and utilized ways to encourage community interest and involvement in the shelter we created a volunteer position of Shelter Advocate, which is a role for individuals who are social media savvy to share stories of pets in need in order to increase reclaims, pet adoptions, and donations.

2026 Goals:

- 1. Explore and utilize other avenues of taking a proactive role in pet ownership education.
- 2. Secure a company to evaluate our needs and develope a plan to either remodel our current shelter facility, build a new facility at our current location, or build a new shelter in a new location.
- 3. Continue to offer advice and assistance to Saline County and surrounding jurisdictions in regard to animal services/control.
- 4. Review and update internal protocols as needed in order to provide the best service to our community and the animals in our care.

Judge Stephanie Casady

at City Hall 208 SW 3rd Street

Mission: To serve the people by efficient and accessible administration of justice for all, to treat everyone with integrity, fairness and respect.

Executive Assistant to the Judge Debora Duncan

Deputy Court Clerks: Michaele Tanon Debra Styles Rebekah Brown

Trial Coordinator Jackie Lindsey District Court Clerk Lindsey Dinwiddie

Ancillary District Court Clerk
Melanie Smith

In Arkansas, district courts were formerly known as municipal courts before the passage of Amendment 80 to the Arkansas Constitution in 2000. Act 3 and Act 627 of 2009 created 25 pilot district judgeships in the state, two of which are in Saline County. The Saline County District Courts exercise countywide jurisdiction over misdemeanor criminal cases, preliminary felony cases, and in certain types of civil cases in matters of less than \$25,000. There are no jury trials in district court. In a district court trial, the judge makes both findings of fact and rulings of law.

A small claims division of the Saline County District Court is administered by the Bryant Department and presided over by Judge Casady of the Bryant Department. This small claims division provides the citizens of Saline County a forum in which citizens may represent themselves to resolve minor civil matters. No attorneys may take part in litigation in the small claims division.

Police Department - station at 312 Roya Lane

Mission Statement: The mission of the Bryant Police Department is to work in harmony with all citizens of the community to create a safe and secure environment and to improve the quality of life for our residents with an emphasis on equality, fairness, integrity and professionalism.

2025 Accomplishments:

- 1. Purchased a new drone to upgrade the current aging drone fleet.
- 2. Purchased building on Roya Lane for Training Annex (from Gen Fund savings).
- 3. Purchased new rifles and body armor for SWAT team members to replace aged out items.
- 4. Upgraded the department's sky watch surveillance tower.
- 5. Upgraded interview room camera systems and added additional prox card door readers.

2026 Goals:

- 1. Continue to increase training available to staff.
- Complete renovation of new building (in budget?)
- 3. Increase retention rate for sworn staff by revising the Step & Grade to be more competitive. (in budget?)
- 4. Add four Patrol Officers (funded in part by a grant for 3 years then taken over by city funding entirely in 2029)
- 5. Update Public Safety Building Surveillance cameras (looking for grants to fund this).

The Funding Committee in 2025 did not make a decision regarding changing the funding structure of the Stormwater funds so the Street Fund will continue to pay for Stormwater projects in the right of way and therefore continue to be short of funds for needed projects. This year all that is budgeted for capital projects are the four below:

2 Scag Mowers to replace old ones	40,000	
Digital Speed Sign	10,000	
Pipe for the year	40,000	
Bryant Parkway Trail Match \$440,000	0	Removed to come from General Fund Savings in 2026

Enterprise Funds

The City has a major Enterprise Fund called the Utility Revenue Fund shown as number 500. This fund started out housing the collections of the water payments on the utility bills; however, wastewater funds are collected through this fund as well. Any Enterprise Fund revenues are collected through this fund and then distributed out to their separate funds via transfers. This began changing with a General Ledger Software Conversion in 2022. Going into 2023 it is planned for all of Water's revenues and expenses to be housed in Fund 500 and all of Wastewater's related revenues and expenses to be housed in Fund 510.

The water expenses are derived from the treatment and distribution of water to approximately 9000 customers. The Water department received its water from the Central Arkansas Water Authority in Little Rock, Arkansas. The expense to pay for the water is listed under the supplies category.

In 2016 the City added a new enterprise fund 515 for Stormwater capital costs. The city collects on the Utility bills \$3.00 from all residential customers and \$6.00 from all commercial customers to help fund capital projects associated with stormwater issues. Because many Stormwater issues are related and in Streets the Stormwater Personnel and related operating costs continue to be paid out of the Street Fund, see those related pages in this Budget Book for a complete picture of Stormwater issues.

The Water and Wastewater Divisions had Twenty Year Master Plans completed by Crist Engineering in 2008 and new ones completed in 2025 by XXXXX. New master plans are scheduled to be completed in 2024. These documents are listed as Appendices to this document and should be reviewed each year during budget season to make sure we are adhering to our master plans.

Appendix 1 - Major Vendor List * Denotes under Contract, Single Source is shown as SS and is defined as "best performing for the current city systems, usage, or services", D = paid by DRAFT and OG means vendor over many years. Note Ordinance 2022-18 was approved by Council in July of 2022 and denotes that items on DRAFT will be brought once a year to Council during the budgeting process and many vendors on this list will not be brought back to Council for approval because of earlier approvals in

Note: State Statute (A.C.A 14-58-303)b)(2)(B) says that bids are not required on motor fuels, oil, asphalt, asphalt oil, natural gas and in some cases on motor vehicles.

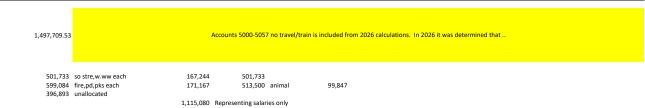

Appendix 2 - Salaries, Wages, Benefits Allocation Review

It is a very common practice for shared cost centers in Administration or a general fund of a city to be allocated out to other funds. In the case of the City of Bryant services provided by the departments outlined below - Finance, HR, Attorney, Mayor, City Clerk, and Information Technology - are provided to the other departments but the costs associated with their payroll are housed in Administration. To more accurately reflect these costs where they are utilized the Salaries, Wages, and Benefits Calculation is performed each budget season and an agreed upon amount is charged back to the other departments to reflect these costs/usages.

SWB Allocation Review (Salaries, Wages, and Benefits of Admin Staff)

In September of 2025 Department Heads from the seven depts shown below across the top of the chart from Admin were asked to divide 100% of their time amongst all the depts.

The City of Bryant started applying for the GFOA Budget Book Award in 2017. The City first received the Award for their 2018 Budget Book. Planning and long term goal setting have always taken place within the city but with the submission of the budget book these processes have begun to be more fully documented by the present City Finance Department.

The 2016 \$26 million dollar Bond issuance was under taken in part to fund two Fire Stations and several parks projects that had been planned for some time and in part were discussed in conjunction with a 2020 plan.

It was planned in both 2020 and 2021 to hold several joint meetings to begin to solidify a 2040 Plan between the City Chamber and the City's offices; however, because of COVID these meetings were put on hold and never conducted. On the City's side to start an informal process of listing items considered for General Fund for the next 20 years the Department heads were polled. Some of the items listed came from the feedback received from Department heads. We have been included this listing in the Budget Books for 2020, 2021, 2022, 2023, 2024, 2025 and now 2026.

The State of Arkansas mandates that General Funds be budgeted balanced each year excluding capital projects. In order for this to be clearly and transparently accomplished each year the Council has chosen to adopt the regular budget in December and then come back and adopt a separate resolution for any capital for General Fund.

This appendix for these funds is not intended to provide for precise budgeting. The costs are estimates. Annually in the Budgeting process updates to the plan, deletions, additions, delays or other revisions may occur which will reflect changing community needs and resources. Only after incorporation in successive budgets or as approved separately by the City Council will these items be considered funded.

Some of the items contained here in this appendix will require on going operational costs and in some cases produce operational savings. However, given the speculative nature of these items these operational additional costs or savings have not been estimated at this time.

In 2025 Mayor Treat started discussions of a 2050 Comprehensive City Plan. Some of the items discussed for the 2050 plan may require additional review or approval by the various city committees/commission including but not limited to Water/Wastewater, Parks, Community Development and Review, Planning Commission and also review or discussion or reciprocal agreements with the County or State. Additionally some may require public hearings.

Future Capital Projects and Funding Considerations

Over the next decade, four major capital projects are being considered:

- A new or significantly improved City Hall
- \bullet A new Fire Station in the northern area of the city
- A new Police Headquarters
- A new Animal Control Facility

The combined cost of these projects is expected to exceed \$10 million, likely requiring the issuance of bonds to finance them.

Starting December 1, 2026, the 2016 Sales and Use Bond becomes eligible for refinancing. At that time, the City Council could consider taking the issue to a public vote to refinance the existing debt and extend the Sales Tax to help fund these critical infrastructure improvements.

This topic has been highlighted in the city's Budget Books from 2022 to 2025. However, in September 2024, Mayor Treat introduced a new possibility to the City Council and Bond Counsel: the advanced refunding of the 2016 debt to fund the construction of an outdoor entertainment venue.

Proposed Plan for Refinancing Failed

This extension would have generated an estimated \$33 million to fund the entertainment venue. The strategy behind this approach was the venue would drive economic growth, potentially increasing sales tax revenue, property taxes, and franchise fees. These additional revenues could then be used to finance future city projects, including facility improvements. If successful, this plan might reduce the need for new facilities by allowing for repairs and enhancements to existing structures. The election was held May 13, 2025, voters chose not to refinance at that time. Back to the drawing board. In XX of 2025 a Funding Committee was formed to address this and other funding issues being experienced by the City of Bryant. After XX meetings the funding committee decided to get behind the idea of increasing sales tax to fund these and other items like the Wastewater Treatment plant needed upgrades, Stormwater infrastructure and others. The amount and division and timing of such a tax increase is being explored by consultants the city hired.

Grader comments in past years have asked for a review of facility operational costs. For the 2023 Budget Book after adoption, we put this chart together. We gained a lot from that review so we have kept in for the 2024 and 2025 budget books. As is typical you do not want to overbudget for your Utilities and other facility maintenance costs but you also do not want to drastically underfund these areas either. Reviewing this helps the City at large to budget for these areas more efficiently. We have shaded those areas that are over or under by more than \$5K.

Note on 2024 Actuals vs. 2025 Budget for 5120 Property Insurance – In 2024, Arkansas Municipal Property Insurance had an adjuster reassess the value of the City's properties. This reassessment resulted in increased valuations for nearly all City-owned properties and the addition of previously unlisted items. As a result, the City had to cover a prorated rate increase in 2024, along with the 2025 premiums. The 2025 budget reflects only the portion of property insurance allocated for the 2025 premiums.

Glossary:

Accrual - revenue and expenses are recorded when they are incurred.

Act 474 Sur Charge is paid by the Code Department to the State.

Ad Valorem - a basis for levy of taxes upon property based on value.

Agency Fund - a fund consisting of resources received and held by the governmental unit as an agent

Arbitrage - the simultaneous buying and selling of securities, currency, or commodities in different markets or in derivative forms in order to take advantage of differing prices for the same asset.

Audit - an official inspection of an individual's or organization's accounts, typically by an independent

Balanced Budget - a budget balanced by fund, means the total anticipated revenues are equal to or exceed the budgeted expenditures for that fund.

BOND: (Debt Instrument): A written promise to pay a specified sum of money (called the principal amount or face value) at a specified future due date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (called the interest rate). Bonds are typically used for long-term debt to pay for specific capital expenditures. The difference between a note and a bond is that the latter is issued for a longer period (over 10 years) and requires greater legal formality.

Budget - an annual or other regular estimate of revenues and expenditures put forward by the government, often including details of changes in taxation or other revenue sources.

Capital Expenditures - as also described for this particular Entity/City on page 13 are reviewed starting at \$5000 with a life of two or more years and the common definition is money spent by a business or organization on acquiring or maintaining capital assets, such as land, buildings, and equipment.

Capital Projects Fund - A fund created to account for all resources to be used for the acquisition or construction of designated capital assets.

Cash basis is a major accounting method by which revenues and expenses are only acknowledged when the payment occurs.

Debt Service Fund - A governmental type fund used to account for accumulations of resources that are restricted, committed, or assigned to expenditures for principal and interest.

Depreciation - a reduction in the value of an asset with the passage of time, due in particular to wear and tear.

A Dewatering Facility is a Wastewater Treatment Plant option. The City of Bryant implemented this option in 2018.

Enterprise Fund - A Fund established to finance and account for the acquisition, operations, and maintenance of governmental facilities and services which are entirely or predominantly self - supporting by user charges.

The Federal Drinking Water Loan Program is operated by the Arkansas Natural Resources Commission.

Franchise Fee - a fee paid by public service businesses for use of city streets, alleys, and property in providing their services to the citizens of a community, included but not limited to electricity, telephone, natural gas and cable television.

Full - Time Equivalent Position (FTE) - A part time position converted to the decimal equivalent of a full time position based on 2080 per year. For example, a summer lifeguard working for four months, or 690 hours, would be equivalent to .33 of a full time position.

FUND: An accounting entity with a self-balancing set of accounts containing its own assets, liabilities and fund balance. A fund is established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

Fund Balance - is when liabilities are subtracted from assets, there is a fund balance. A positive fund balance means there are more assets than liabilities; a negative fund balance means just the opposite. Fund balance can be complicated by the fact that part of the fund balance is reserved and part unreserved.

Governmental Fund - A generic classification of funds used to account for activities primarily supported by taxes, grants, and similar revenues sources.

Getac is the Police Department's software for the in car video.

Major Funds are defined as those funds whose revenues, expenditures/expenses, assets or liabilities are at least 10 percent of the total for their fund category (governmental or enterprise) and 5 percent of the aggregate of all governmental and enterprise funds in total and Non Major Funds are all others.

MSI/Virtual Justice is computer software used by the Courts system.

Non Major Fund - is a fund that doesn't meet the criteria to be classified as a major fund. These funds are not individually reported but are aggregated and presented in a single column on financial statements.

Profit Star is computer software used for the Water, Wastewater and Stormwater bills.

ROCIC is a government organization used by Police Department for intelligence gathering and equipment loans.

Special Revenue Fund - A fund established to account for revenues from specific taxes or other earmarked revenue sources that by law are designated to finance particular functions or activities of government.

2	SECTION 2. Arkansas Code Title 6, Chapter 1, Subchapter 1, is amended
3	to add an additional section to read as follows:
4	6-1-109. Public institutionally accredited postsecondary or higher
5	$\underline{ ext{education institution websites}}$ — Use of authorized domain extension —
6	Definition.
7	(a) As used in this section, "public institutionally accredited
8	postsecondary or higher education institution" means a public postsecondary
9	or higher education institution that holds an institutional accreditation by
10	an agency on the United States Department of Education's list of
11	Institutional Accrediting Agencies as it existed on January 1, 2025.
12	(b) A public institutionally accredited postsecondary or higher
13	education institution shall use a ".edu" top level domain for:
14	(1) The website address for the website, if any, of the public
15	institutionally accredited postsecondary or higher education institution; and
16	(2) Any email addresses made available by the public
17	institutionally accredited postsecondary or higher education institution for
18	use by the:
19	(A) Public institutionally accredited postsecondary or
20	higher education institution; and
21	(B) Employees of the public institutionally accredited
22	postsecondary or higher education institution.
23	(c) A public institutionally accredited postsecondary or higher
24	education institution may operate a website that uses a sponsored top-level
25	domain that is not a ".edu" domain if:
26	(1) A reasonable person would not mistake the website as the
27	primary website of the public institutionally accredited postsecondary or
28	higher education institution; and
29	(2) The website of the public institutionally accredited
30	postsecondary or higher education institution is:
31	(A) Solely for internal use and not intended for use by
32	members of the public;
33	(B) Temporary and in use by the public institutionally
34	accredited postsecondary or higher education institution for a period of no
35	more than one (1) calendar year;
36	(C) Related to an event, program, or informational

1	campaign operated by the public institutionally accredited postsecondary or
2	higher education institution in partnership with another person or entity
3	that is not a governmental entity; or
4	(D) Related to a collegiate athletics program.
5	(d) The Arkansas Higher Education Coordinating Board may authorize a
6	waiver of the requirements of subsection (b) of this section if:
7	(1) There are extraordinary circumstances under which use of an
8	".edu" top level domain extension would cause demonstrable harm to members of
9	the public or businesses; and
10	(2) A representative of the public institutionally accredited
11	postsecondary or higher education institution submits a written request to
12	the board that includes a justification for the waiver.
13	
14	SECTION 3. Arkansas Code Title 14, Chapter 1, Subchapter 1, is amended
15	to add an additional section to read as follows:
16	14-1-112. Municipal government — Use of authorized domain extension.
17	(a) A municipal government shall use a ".gov" sponsored top-level
18	domain for:
19	(1) The website address for the website, if any, of the
20	municipal government; and
21	(2) Any email addresses made available by the municipal
22	government for use by the:
23	(A) Municipal government; and
24	(B) Employees of the municipal government.
25	(b) A municipal government may operate a website that uses a sponsored
