RE: **CUP Request – Year-Round Fireworks Retail Store 23920 I-30 N, Bryant, AR 72022**

Dear Colton,

On behalf of **Diamond State Pyro LLC**, a locally owned Saline County business, I am submitting this letter of intent in support of our Conditional Use Permit request for the operation of a **year-round retail fireworks store** within the existing commercial building located at **23920 Interstate 30 North**, Bryant, Arkansas.

The subject structure and parking area occupy a small portion of the larger 30-acre parcel (Parcel 840-11727-000). This Conditional Use request applies **only** to the existing building and its associated parking lot, as illustrated in the attached Site Area Exhibit. No conditional use approval is being requested for the remainder of the acreage.

The proposed business will operate entirely within the existing building with **no exterior structural modifications**. The business will comply with all applicable regulations including the Arkansas Fireworks Act, State Fire Marshal requirements, and all applicable NFPA standards. All inventory and handling practices will be coordinated directly with the Bryant Fire Marshal for full code compliance.

Customer traffic levels are expected to be similar to typical retail operations. The site has adequate existing parking, and deliveries will be scheduled to avoid peak customer hours. The operation will not create nuisance conditions such as excessive noise, odor, or debris. Standard operating hours will be **10:00 AM to 8:00 PM**, with extended hours only during state-authorized seasonal periods.

This project reactivates a currently vacant commercial building and contributes to Bryant's commercial corridor by introducing a new retail business. We remain fully committed to meeting any conditions set by the Planning Commission and complying with all city codes and Fire Marshal requirements.

Thank you for your consideration of this request. If any additional information or documentation is needed, please feel free to contact me at any time.

Sincerely,

Ryan Vaught
