

# BRYANT WATER AND SEWER ADVISORY COMMITTEE AGENDA

Tuesday, May 26, 2015  
6:00 PM

Boswell Community Complex Conference Room

## CALL TO ORDER

### APPROVAL OF MINUTES

- April 2015 Minutes

### FINANCIAL REPORT

- Budget Status Report

### CITIZEN CONCERNS

- Leak Adjustments / Approvals and Denials

### NEW BUSINESS

- NPDES Permit Update -Craig Johnson, Crist Engineers
- Water Quality Management Plan - Craig Johnson, Crist Engineers
- Sludge Removal Project

### OLD BUSINESS

- Bid Award for Pump Stations 5 and 25 Modifications

### REPORTS

#### PROJECTS

- Snooks Lane Water Main
- Dewatering Project

#### WATER

- Backflow Prevention Letters
- BacT Analysis Reports

#### WASTEWATER

- SSO Report
- Treatment Plant Report

### COMMENTS

### ADJOURN

# SUMMARY

## CITIZEN CONCERNS – Billing Adjustments

- Under \$100
  - Dennis Batson
  - Brittany Pendleton
  - Debra Bishop
  - Lamont Martin
  - Charles Goodsey
  - Hanan Hasan
- Over \$100
  - Kyle Roltsch
  - Kathy Hogan
  - Elizabeth Bartyzal
- Alexander Youth Center
  - Esther spoke with Mark Benning with Alexander Youth Center after he originally received a bill with a huge spike in usage.
  - Mark requested that the meter be tested.
  - The city attempted to test the meter but was unsuccessful due to the size of the water meter. After speaking with Monty and Russell, we decided that we would replace the meter and wait to see the average usage once the new meter was installed.
  - While waiting for the old meter to be replaced, it was agreed upon that Alexander Youth Center would pay the bill based upon an average usage for the extremely high months while waiting for the new meter to be installed. The agreement was that if the new meter continued to show high usage Alexander Youth would then pay the remaining amount for the old bills. If the new meter showed that the usage went back down to the normal usage for the Alexander Youth Center we would attribute the large increase to the meter going bad and we would adjust the bills to the average usage for the months involved.
  - After the new meter had been installed for several months it was determined that based upon the normal usage with the new meter that we would honor our agreement to adjust the bills with the large increase down to the average normal usage.

## NEW BUSINESS

- Craig Johnson from Crist Engineers will present information about the NPDES Permit Update which will affect the treatment requirements for Bryant's Wastewater Plant.
- Craig will also address the Water Quality Management Plan.
- Request to ANRC seeking qualification to use Clean Water funds for sludge removal project.

## WASTEWATER TREATMENT - April 15

<b>Average Flow - Gallons/Day</b>	<b>2,614,966</b>
<b>Precipitation</b>	<b>7.48</b>
<b>Gallons Treated for May</b>	<b>78,449,000</b>
<b>Gallons Treated this year</b>	<b>293,620,000</b>
